pride

COMPACT

The essence of Aggie Pride is manifested in standards depicting what it truly means to be a responsible member of The North Carolina Agricultural and Technical State University Family. These standards provide the impetus and inspiration, which motivate students, faculty, staff, administrators, and trustees alike in their perpetual commitment to excellence. North Carolina Agricultural and Technical State University has a unique legacy of nurturing individual students to realize their fullest potential.

North Carolina Agricultural and Technical State University is a learner-centered community that develops and preserves intellectual capital through interdisciplinary learning, discovery, engagement, and operational excellence. As members of the university community, all stakeholders share a pervasive sense of trust, pride, and allegiance in ensuring the preminent status of North Carolina Agricultural and Technical State University in a global society. The following standards define the essence of Aggie Pride.

AGGIE PRIDE

Achieving
Great
Goals
In
Everything
Producing
Renowned
Individuals
Dedicated to
Excellence

Aggie Pride is consistently communicating and behaving in a manner that displays integrity, honesty, sound character, and virtuous ethics.

Aggie Pride is expecting and achieving success and setting high standards in all personal and professional ventures.

Aggie Pride is taking a personal stand to positively affect the continuous growth, development and enhancement of the University of large.

Aggie Pride is adopting and demonstrating a steadfast commitment to learning by taking responsibility through personal and professional development.

Aggie Pride is striving to significantly influence the development of individuals of all ages within and beyond our community to become lifelong learners.

Aggie Pride is exhibiting a positive and willing attitude to unselfishly serve and to pledge one's talents and gifts for the betterment of North Carolina Agricultural and Technical State University and the larger world community.

Aggie Pride is contributing to the establishment and maintenance of a safe, clean and aesthetically appealing campus with a favorable ecosystem.

Aggie Pride is exhibiting a relentless desire and commitment to treat all individuals with a high level of appreciation and respect and to expect the same in return.

Aggie Pride is effectively representing the University by utilizing personal knowledge, skills, and resources.

Aggie Pride builds on the past, maintains the present, and accepts the challenges of the future while maximizing our personal financial resources to preserve our legacy and ensure our future.

Therefore, as a member of the North Carolina Agricultural and Technical State University family, I unconditionally accept the obligation entrusted to me to live my life according to the standards set forth in this Compact. By my words and actions, I commit to Aggie Pride and the pursuit of excellence for myself and for my university.

Approved by the Board of Trustees
North Carolina Agricultural and Technical State University
August 2008

Alma

Mother

Dear A. & T., dear A. and T., a monument indeed,
Around thy base with grateful hearts behold thy students kneel,
We bless the power that gave thee birth to help us in our need,
We'll ever strive while here on earth all loyalty to yield

Refrain

With joy, with joy, dear A. & T., the students turn from thee
To spread their trophies year by year from Bare to Cherokee.

II

Dear A. and T., dear A. and T., the signet thou shalt be
Set by our great old commonwealth, proud boaster of the free;
She'd have the record of her worth on granite not inscribed-
Nay, let the children of her birth proclaim it by their lives.

III

Dear A. and T., dear A. and T., henceforth our aim shall be,
By precepts wise and deeds more sure to bless the State through thee;
The arts of industry to wield against an idle foe,
A harvest rich from ripened fields of what thy student sow.

There comes a time in everyone's life when they realize their purpose. Aggies ask themselves questions like, "Who am I? Why was I placed on this earth? What am I suppose to do?" North Carolina Agricultural and Technical State University has helped millions open their eyes to opportunity. Aggies live for a purpose. We learn that although life is hard, we will make it to the promised land.

Some folks don't understand why we hold so much pride in our hearts. It's not something that you can purchase off the shelves but is a quality experience that is profound daily. We are a family, bridging the gap through education. That's why this excellent university is so great. Our tradition brings us to realize that history has paved the way so we must accept our Alma Mater to be one of the prime foundations for our education and success. If an Aggie fell down, they'd look around and see a strong arm ready to help them stand on their own feet.

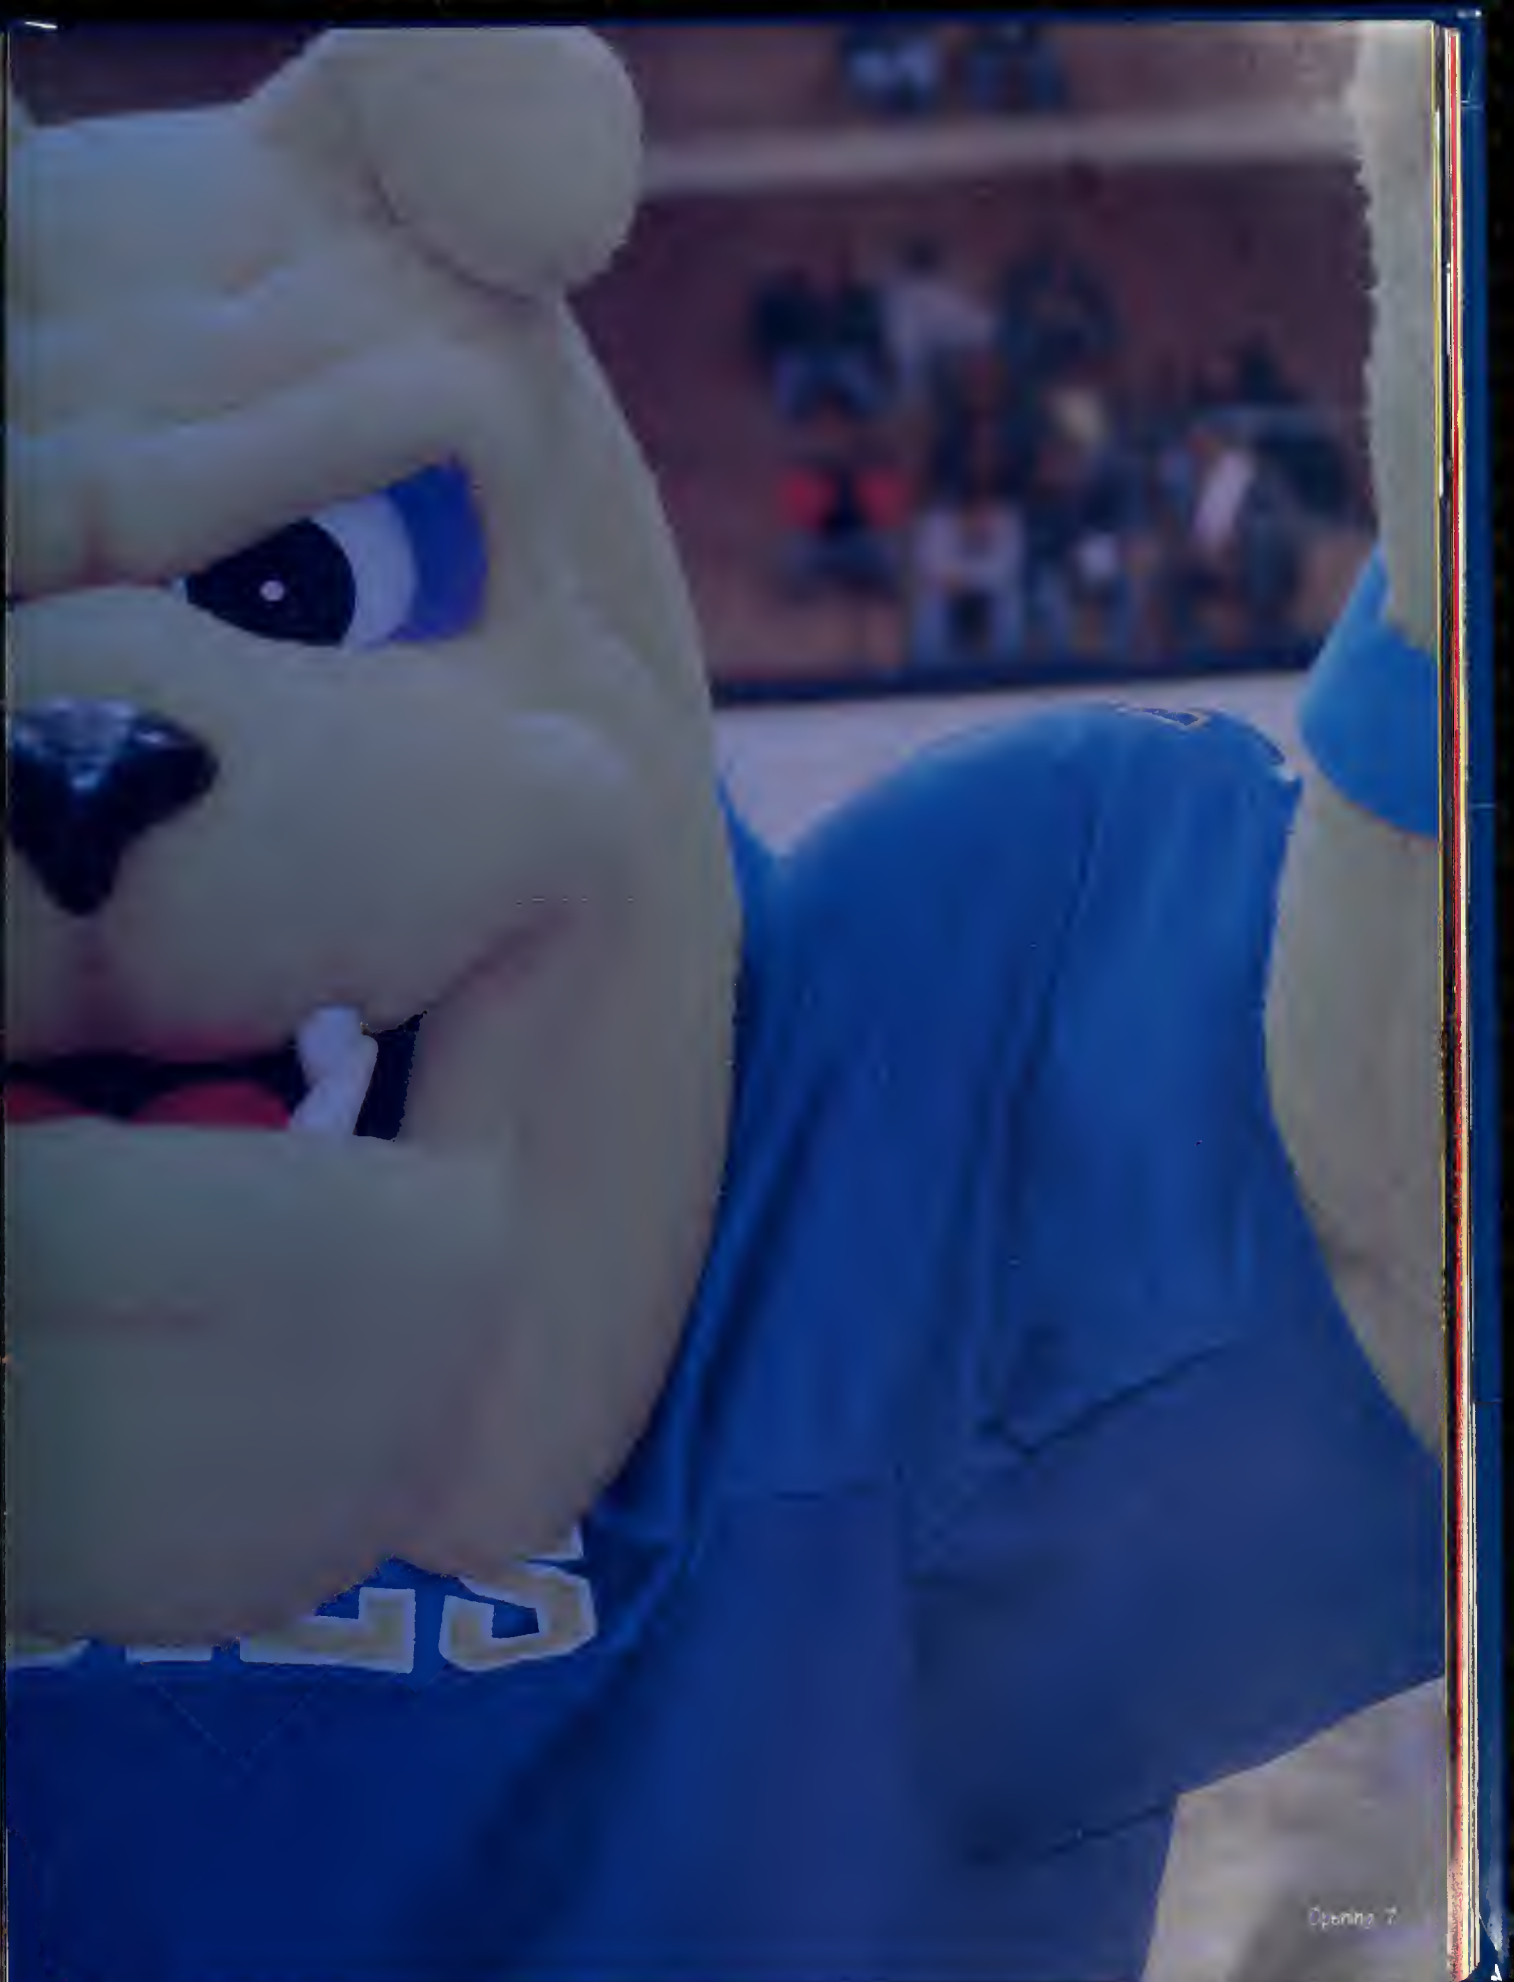

So as the pages of the AYANTEE continue to track history, take advantage of what you have experienced on this foundation. We may never see each other again, but let this book serve as the memory of every Aggie. We are proud to present the 2006-2007 version of the AYANTEE.

Our history has shown us
"What Was." When people
ask you "What Was?" say,
"Our
history."

We are "What Is." When
friends will ask you "What
Is?" say, "I am."

We shall show the world
"What Will Be." When
Aggies ask you "What Will
Be?", say, "We are."

Alvin V. Blount

Man of Honor & Distinction

Alvin V. Blount is a man rich in the history of North Carolina Agricultural & Technical State University and the City of Greensboro. His services to the school and the Greensboro Community are invaluable and are greatly appreciated.

Alvin V. Blount graduated from North Carolina A&T in 1943 and Howard University's School of Medicine in 1947. He completed his surgical residency in Winston-Salem at Kate Pittings Reynolds Memorial Hospital in 1950.

A captain in the U.S. Army Medical Corps, Blount served as acting chief of surgery for the 8225th MASH Unit in Korea from 1951 until 1952. Upon completing his military service, he started a medical practice in Greensboro that continued for over five decades. In 1998, he retired from practicing fulltime but continues to see patients. Blount currently serves as the medical director for the Guilford Health Care Center and is an executive committee member of Kindred Hospital (formerly L. Richardson Hospital). He was chief of surgery for L. Richardson Hospital for more than 23 years.

A community activist, Blount was among those individuals who championed the destruction of racial barriers and the development of positive race relations in Greensboro. He is the only living litigant of the suit *Simkins v. Moses H. Cone Hospital*.

As a result of a 1963 landmark Supreme Court decision, hospitals throughout the South were desegregated and Blount became the first black surgeon admitted to the medical staff of Moses Cone Hospital. He was also one of the earliest black members of the United Fund and played an active role in helping the city stay on a course of civility during the Greensboro sit-ins.

Blount has been an integral part of A&T's growth. He was a 1965 charter member of the NC A&T Foundation Board, where he serves as president-emeritus. He was president of the foundation for 23 years and under his leadership, over \$25 million was raised for the university. In 1983, A&T awarded Blount an honorary doctor of humanities and in 2000, the foundation board established the Dr. A.V. Blount Scholarship Fund.

Blount is affiliated with numerous organizations including Kappa Alpha Psi Fraternity, Inc., NAACP, Sigma Pi Phi Fraternity, Inc., and the Association of Guardsmen. He is co-founder of the Century Club for Hayes Taylor YMCA and a member of their Hall of Fame. In addition, Blount is the honorary past grand master and medical director of the Prince Hall Masons of North Carolina and past president of the Greensboro's Men's Club. He has received countless awards including the Order of the Long Leaf Pine, the highest honor that can be granted to a civilian in the state of North Carolina.

Blount is married to the former Gwendolyn Harris. They have seven children and nine grandchildren.

Chancellor

LOYD VIC HACKLEY

A Man of Ethics And Valor

Dr. Lloyd "Vic" Hackley served as the Chancellor of North Carolina Agricultural and Technical State University during the time of transition for the university. His experience and dedication to integrity and education gave North Carolina A&T guidance during this time of transition.

Dr. Hackley has a wide range of experience in the field of higher education. He is past president of the North Carolina Community College System, former chancellor and tenured professor at both Fayetteville State University and the University of Arkansas at Pine Bluff, an associate professor of Political Science, as well as coach of track and cross-country at the U.S. Air Force Academy. He was chair of the North Carolina North Carolina A&T State University Advocacy Institute, chair of the Arkansas Civil Rights Commission, and chair of the President's Advisory Board on Historically Black Colleges and Universities. Dr. Hackley was also a faculty member in the Government Executive Institute at the UNC-Chapel Hill School of Business, and Vice President in the University of North Carolina system.

While serving as Chancellor of Fayetteville State University from 1988 to 1995, Dr. Hackley expanded program offerings and improved the campus environment in response to the needs and interests of students and the community. Both FSU's baccalaureate and graduate degrees expanded to include more areas and the university added its first doctoral program. FSU conducted its first public capital campaign during Dr. Hackley's tenure, a successful project that allowed the university to boost the number of privately-funded scholarships it provided students.

Chancellor Lloyd "Vic" Hackley served as the Chancellor of Fayetteville State University from 1988 to 1995. During his tenure, he expanded the university's baccalaureate and graduate programs, added its first doctoral program, and conducted its first public capital campaign. Dr. Hackley was also a faculty member in the Government Executive Institute at the UNC-Chapel Hill School of Business, and Vice President in the University of North Carolina system.

SENATE. WE ARE IN A-C-T-I-O-N FOR YOU.

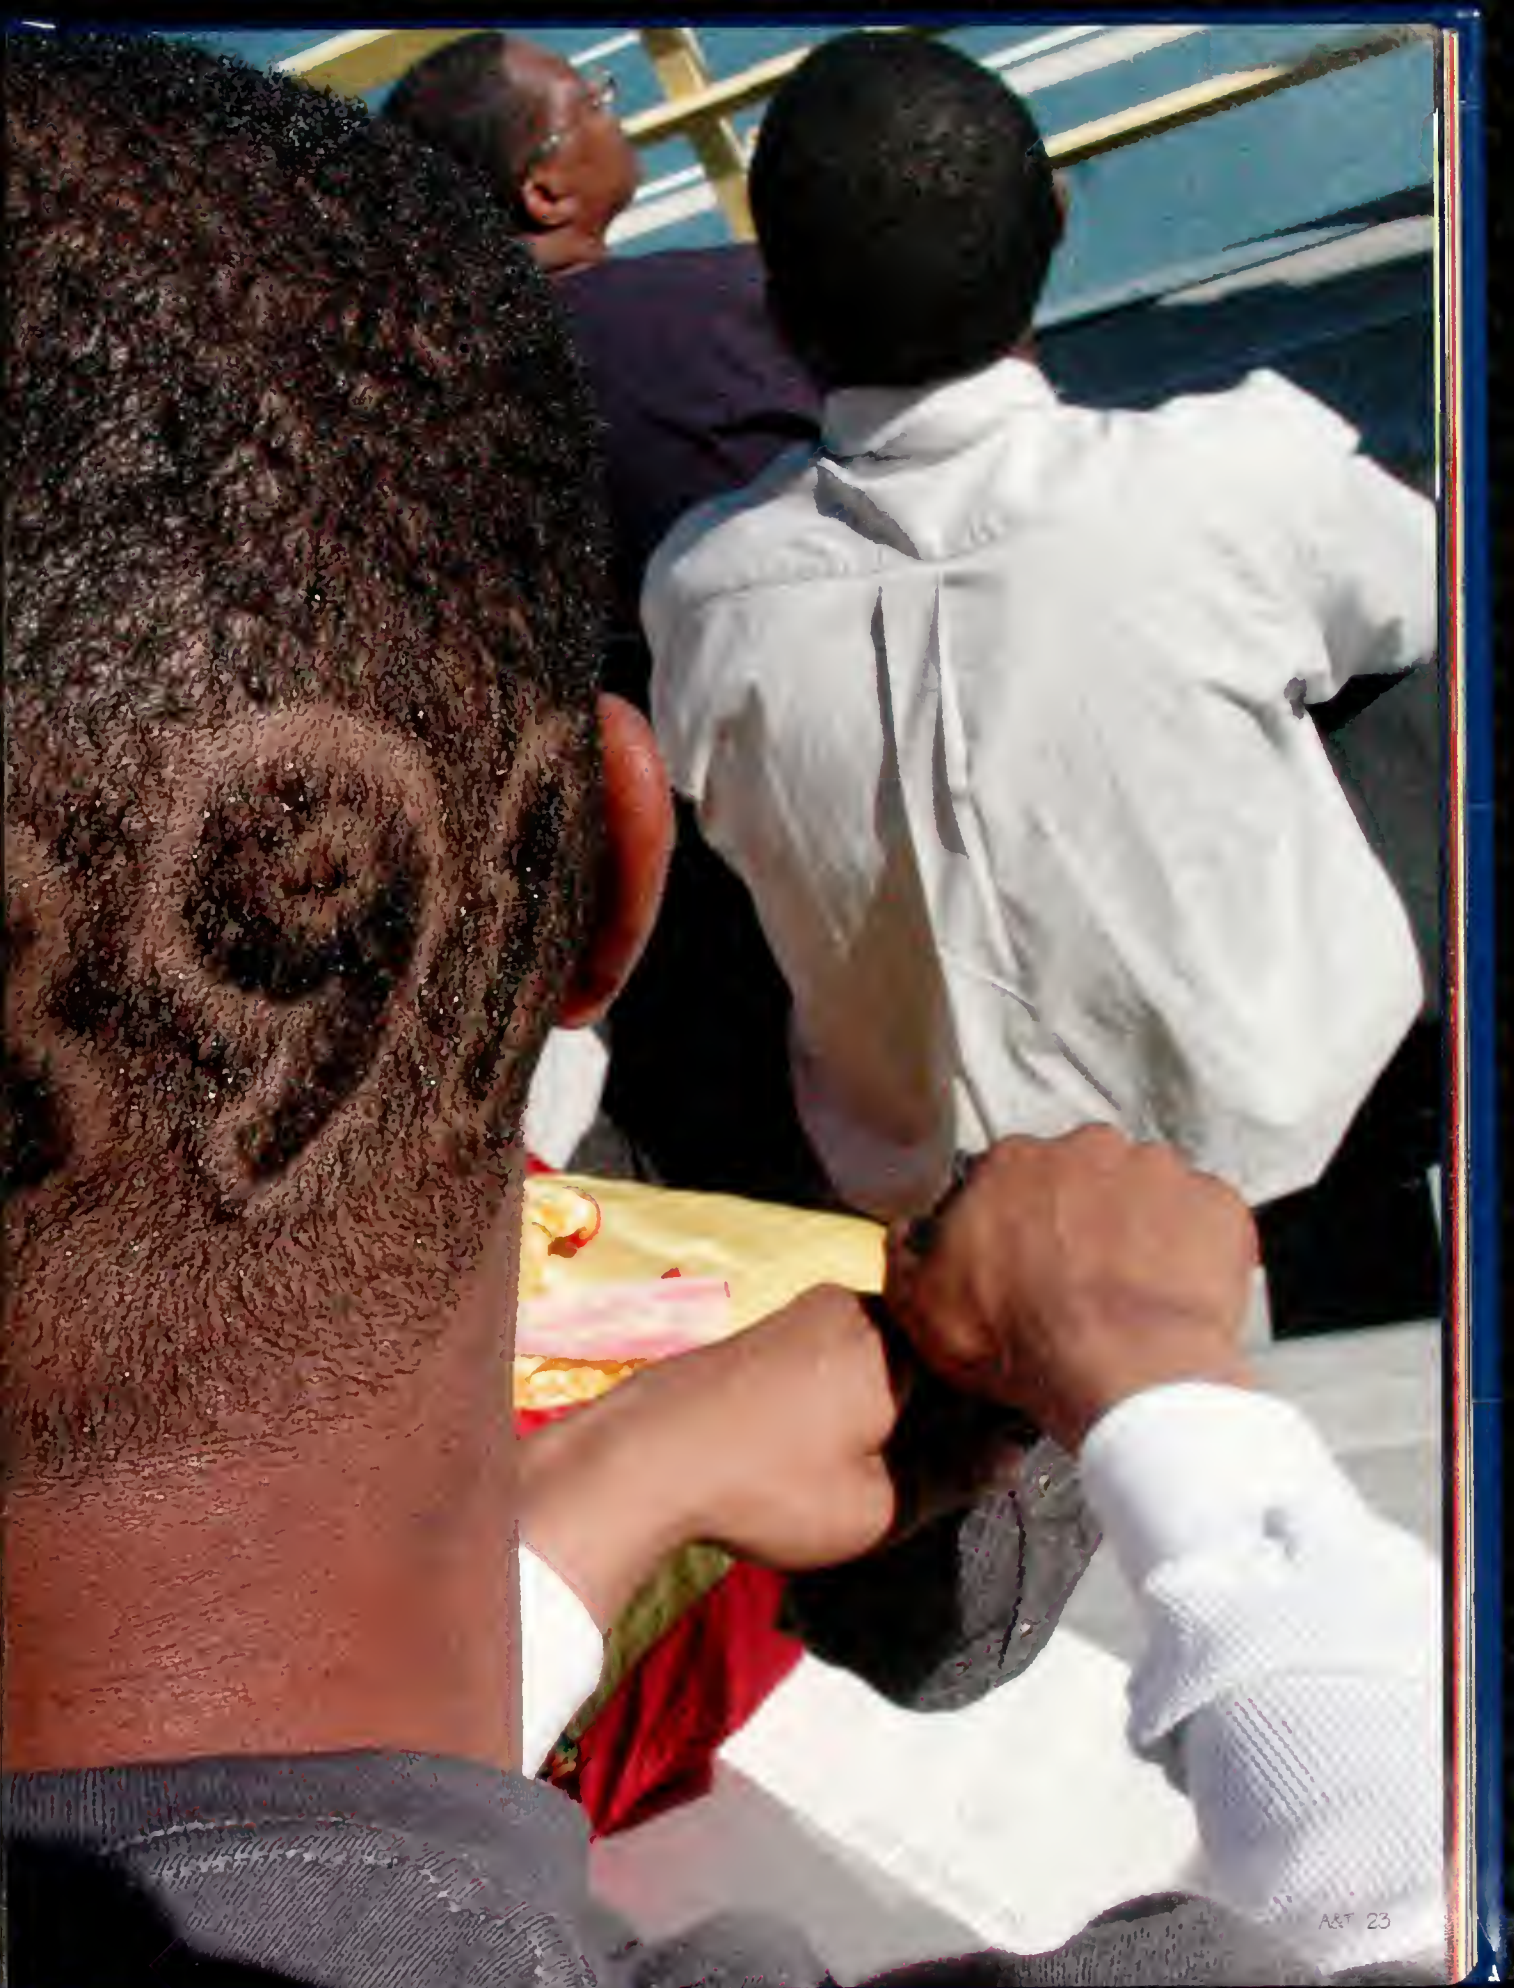

The North Carolina Agricultural & Technical State University Staff Senate works to support the overall mission, goals, and objectives of the University. They seek to foster mutual understanding and help develop new opportunities to improve the quality of life for A&T's students, faculty and staff. These efforts will help the University educate and graduate individuals that are of the highest quality and whose dedication to their chosen fields of work will be unsurpassed.

The North Carolina A&T State University Staff Senate constructively addresses and identifies interests, ideas, and concerns relative to employment issues, policies, and procedures. They promote and facilitate communication and participation in decisions and activities that affect members of the A & T Staff and students. The Staff Senate will encourage a sense of community among all employees of North Carolina A & T State University. They "are in A-C-T-I-O-N for you".

Services

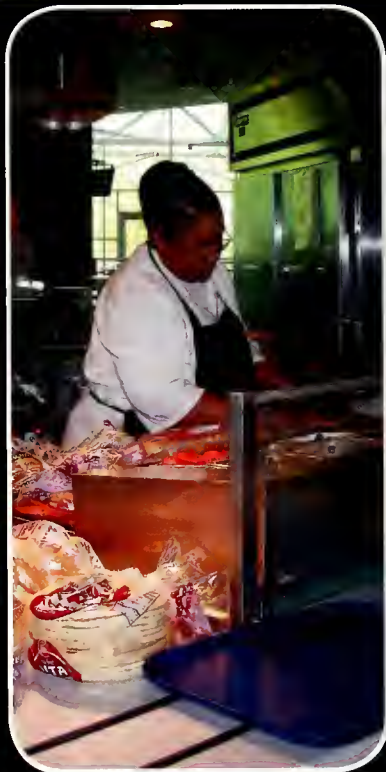

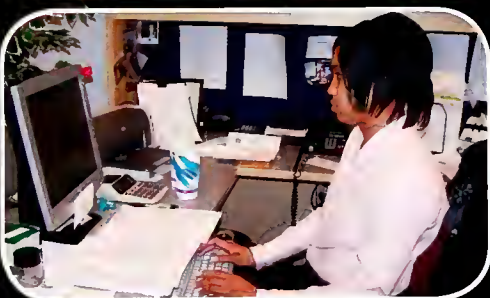

...is loading

Auxiliary Services

Auxiliary Services are responsible for administering, planning, and directing the University auxiliaries. Some of the services offered are the Aggie OneCard center, the Bookstore, Food Services, Ticket Operations, and Vending Services. The mission of the office of the Auxiliary Services is to be student centered and provide administrative and fiscal supervision. The current director of auxiliary services is Todd K. Johnson located on the first floor of Williams Cafeteria.

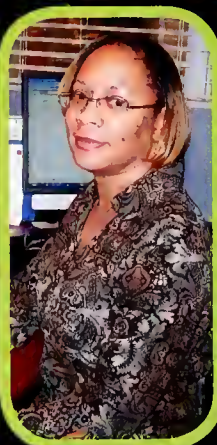

Upper Left: Processing mail plan applications is just one of many tasks for Auxiliary Services.

Upper Right: The hot sandwich line remains one of the most popular items in Williams Cafeteria.

Middle: Auxiliary Services offers many employment opportunities for students of A&T.

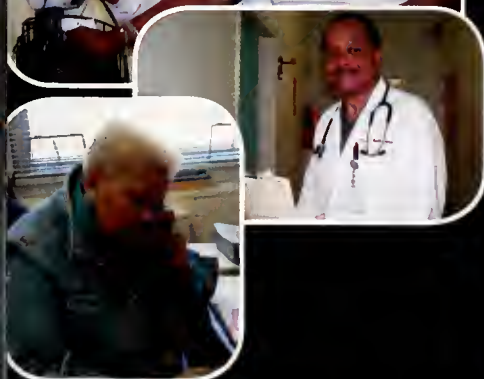

The countless tasks and duties of Auxiliary Services leaves the workers tired and ready to go home.

Where else but Williams Cafeteria can a worker be in the dock and have a meal?

Sebastian Health Center

Services 33

The Sebastian Health Center has information on everything an Aggie needs to stay healthy.

Blood Pressure screening is just one of the many tests available for students and staff.

Students can anticipate that they will be in good hands when they visit the clinicians in the health center.

The workers of Sebastian Health Center advise a student on the current health issues that are here in the Greensboro community.

The Sebastian Health Center was dedicated in 1953 and named after the first African American physician, Dr. Samuel Sebastian. The Sebastian Health Center is committed to the concept of wellness. It is regarded as a wellness center as well as a place to seek care and treatment during illness. The Sebastian Health Center seeks to advance and maintain the health of university students by altering or eliminating health related obstacles and by empowering them to be self directed in their individual care.

The health services include health and medical education services to meet the university family's needs. Some of these include obtaining a flu shot, medical care, mental health assistance, women's health, help with dating violence, sexual health, or weight control. Other services of the health center include job services, HIV testing, on-site psychiatrist, health education, and student insurance.

The health center is available to all valid North Carolina A&T students and is open during the week from 8 a.m. until 5 p.m., and the nursing portion closes at 12 midnight. The Executive Director of the Sebastian Health Center, Linda Wilson says that, "The main goal of the Sebastian Health Center is to keep our students well, so their matriculation process is easier."

Top 11 tips on healthy living...

1. Healthy eating
2. Exercise
3. Adequate Rest
4. Healthy social relationships
5. Good emotional health
6. Regular check ups
7. Drink plenty of water
8. Do NOT smoke
9. Watch the intake of alcohol
10. Wear sunscreen when outside
11. Don't stay in doors all the time

Housing

The Department of Housing and Residence Life helps students locate and secure their on-campus housing. Housing is located in Aggie Village Building 2.

Each residence hall is a living and learning community. Through partnership with Academic Affairs and Student Affairs, the living and learning community is geared to student's careers. The living and learning communities are academic intensive.

It has the Wynn-Vines community, Engineering, the Aggie Leadership Institute, First Year Experience, Teaching Fellows, and the Honors program. The Wynn-Vines living community is for nursing majors housed in Morrison Hall.

The Aggie Leadership Institute is supposed to enhance student's leadership skills. The community focuses on critical thinking and reasoning skills, social and civic responsibility, character, ethics, and communication.

The AST Housing Department ensures incoming freshmen and continuing students a residence hall environment to learn and grow as students.

"My job is to stimulate and challenge residents to fulfill educational goals and ambitions through residence hall programs."

Leonard Jones
Director of Housing

Housing employees work hard throughout the year to provide students stable living arrangements.

The mission of Facilities is to provide quality services essential to efficiently operate, maintain, and enhance University landscape and facilities for students, faculty, and staff and other customers who deserve and expect a safe and attractive environment for study, work, and recreation.

The Facilities focuses on the delivery of quality services provided to internal and external customers, recognizing that Facilities employees are highly motivated, well-trained, and team-oriented professionals who are vital contributors to the organization and to the University's success.

The services provided by Facilities include: building maintenance, the Central Receiving Warehouse, Grounds and Sanitation, Housekeeping, Moving and Hauling, Pest Control, Recycling, Special Activities, and University Information.

The DeHugley building is located on Parkway Road across from the Craig Hall and the General Classroom Building.

Facilities are a key factor in the survival of the university. They handle the beautification of the school by removing and disposing of computers, as seen above.

Facilities

A & T Register

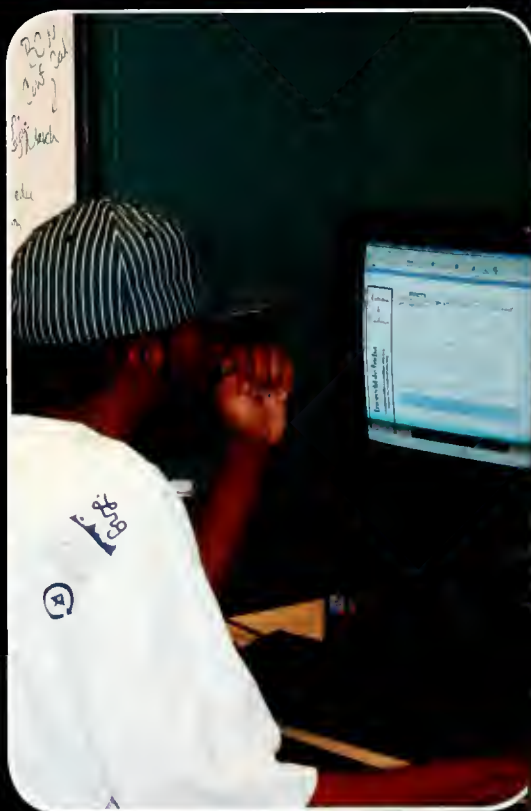

36 Services

The A&T Register is published Wednesdays during the academic year and is distributed free of charge with a print run of 3,500. For the 2006-2007 school year, the Editor in Chief is Michele A. Matthews. Co-Sports Editor and Photographer is Michael McCrory. News Editor is Jaaron Dews. Co-Sports Editor is Demetrius Ighasiok. Alexis Mason is the Wires Editor. Jamey Porter is the Online Editor. Ashley Withers is the Arts & Life Editor, and the Faculty Advisor is Valerie Nieman.

Students have the opportunity to write for the paper with editorials and news articles. Josh Capers, Copy Desk Chief says he is glad that he gets the chance to work as a mentor and peer for the students.

Turrell Taylor, Online Editor (left), Josh Capers, Copy Desk Chief (right) and Michael McCrory, Sports Editor (above), contributed to the success of the A&T Register.

The Garrett House is home for all university relations. This building was formerly housed in Flowdy Administration Building. The Garrett House was built in 1939 and is a two story, 1900 square foot brick building with a Georgian-style cottage build. This house has white shutters with an "Aggie" blue door. The Garrett House was named after Mrs. Florence Garrett, who was among the first women students to attend the college. She was a member of the class of 1882. For most of its life, the Garrett House has been known as the "junior cottage" for home economics students and was the first building on campus to have solar heating. From about 1970 until 1990, the Garrett House served as an applied science laboratory to study residential energy use.

Currently, the Garrett House offers the staff a closeup view of all campus life. Staff member Daphney Knack says, "We provide photography, exchange publications, control new hires for the university, provide alumni information, provide scholarships and grants, host ribbon cutting and ground breaking of new buildings, coordinate events (here we bond with various organizations and a host of other very important campus events." Mabel S. Scott heads the University Relations Department.

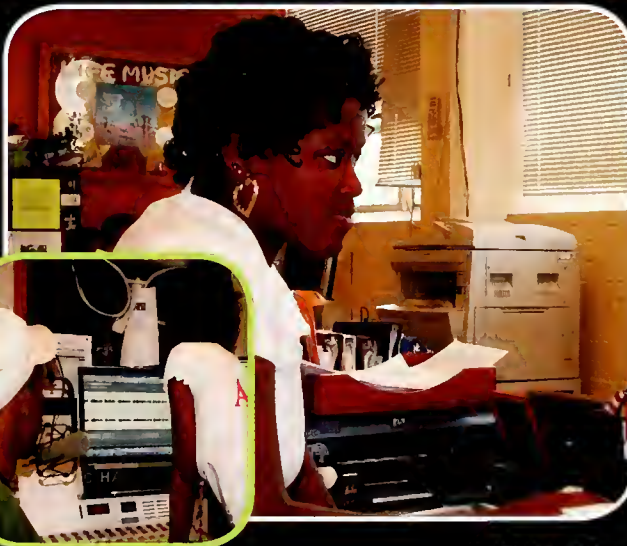

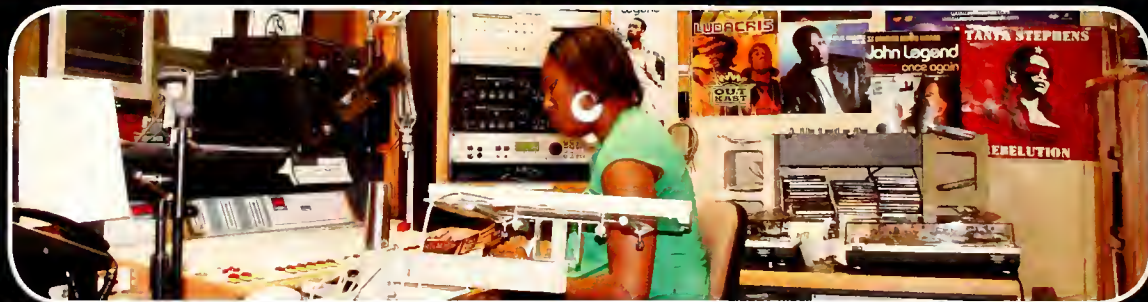

The Garrett House

The Garrett House must constantly develop plans to handle the distribution of the different kinds of information from the university and the media.

The Garrett House is responsible for the mass e-mails that students receive so be sure to check that AST e-mail often.

WNAA 90.1FM

Top: Many famous radio and television personalities started off at WNAA 90.1FM.

Left: The radio station would not be where it is today without the creativity and resolve of students.

Right: "Keep that dial tuned in. This is WNAA 90.1 FM. We're on the line."

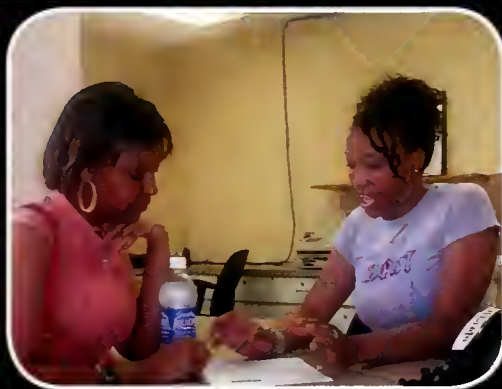

Lower Left: These future radio producers are using the latest technology available to create radio shows and spots.

The Aggie radio station, WNAA 90.1 was formed in 1979. It is controlled by Tony Welborne, who is the General Manager. The purpose of the campus radio station is to entertain as well as inform the surrounding community and the Aggie community. Mr. Welborne stated, "We are the broadest network for North Carolina A&T and the surrounding community." Aggie radio is beneficial because it provides an outlet for education and information for the campus and for the community.

WNAA 90.1 is located on the campus of North Carolina A&T State University in Fries Hall, Suite 200. The students and volunteers of WNAA 90.1 FM include Makha Scott, Assistant Vice Chancellor of university relations/status of directions; J. Charle Linton, WNAA 90.1 Program Director/Music Director; Marnie Johnson, WNAA 90.1 Public Affairs Director; Waymond L. Morris, Jeffrey Wall, Spencer Humphrey, and Reggie Hymon/ The First Light Gospel, The First Light/ Doug Curtis/Jazz Highlights/Jazz Big Mike/The Full Circle/Smooth Jazz and R&B/ Ezimma/The Full Circle/The Go Go Zone/ Nikki "IR RICK F" Furney/The Traffic Jam/R&B/ Keith Wood/The Traffic Jam/R&B/ J-Yvonne/The Traffic Jam/R&B/ Wednesday reggae Rush Hour featuring Gur'nim and TJ Statik/ Joey McDermott and Friends Niles/ Production Assistants, along with a host of other students and volunteers who make WNAA possible.

The Memorial Student Union is the heart of the campus of North Carolina A&T State University. Built in 1967, the Memorial Student Union is by the A&T fountain and in front of ROTC building. There are many offices, conference rooms, and meeting rooms in the Student Union. Some of the offices are the Student Government Association, the AYANTEE Yearbook, the University Events Center, Student Union Advisory board, and the Aggie OneCmnd. The Student Union has undergone expansion and new rooms have been added. Some of the rooms are the Aggie Sells food court and Stallings Ballroom. Stallings Ballroom is named after Vernell Stallings, an alumnus and former Associate Director of the Union. The expanded part of the Union opened in 2001.

Memorial Student Union

The Student Union is located on John Mitchell Drive across the street from Moore Gym.

Middle: Without the Student Union, the university would be in a lot of trouble.

Left: Peace and tranquility can be found on the front steps of the new side of the Union.

Right: The Information Desk in the Student Union is your one stop shop to make copies, fax, or just to check your Facebook profile.

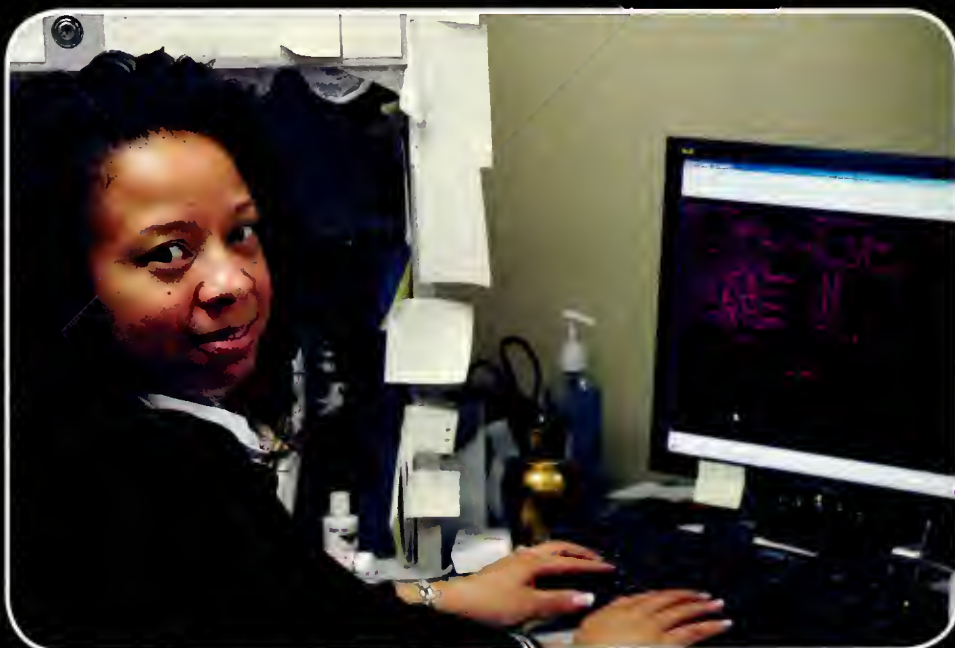

Bottom: The Student Union is the perfect hangout area for students. Many friendships begin with the Union as the backdrop.

In 1957, the Dowdy Administration building was completed and named after the sixth president and first chancellor of the university, Lewis Carnegie Dowdy. The Dowdy Administration building can be found behind the F.U. Plafind Library.

There are many administrative offices in Dowdy. These offices include Financial Aid, Treasurer's Office, the Office of the Registrar and Payroll. Dowdy is the place students go to handle the business side of being a college student. This includes checking to see if one is validated, signing up for Work Study or just checking in their scholarships or loans. The Treasurer's Office is usually busy during refund check time and always on pay day because students have to pick up their checks. The Chancellor and many of the Vice-Chancellors have their offices here as well.

Working in an office in the Dowdy Building can be a difficult task. To help with this task, simply go to the information desk located in the first floor of Dowdy.

Dowdy is the place to be if you are trying to keep your information up to date just so you can get your yearbook.

Dowdy

Ad Services

Student Development

Services 41

Upper Left: Student workers such as Megan Brooks serve a vital part in the success of student development.

Upper Middle: The staff of the Office of Student Development is committed to the success of the students.

Lower Left: The Office of Student Development is committed to the success of the students.

The Office of Student Development is located on the campus of North Carolina A&T State University in Murphy Hall Room 102. The purpose of the Office of Student Development is to promote an environment at North Carolina A&T that provides for the overall growth and development of the A&T students. In doing so, this office monitors the activities of student organizations and cooperatively works with other administrative departments to accomplish this goal.

Student Development provides the means and the resources for academic, cultural, political, social and spiritual development to A&T students. This office coordinates the efforts of campus organizations mainly through the Council of Presidents and the National Pan-Hellenic Council. Student Development provides annual community-wide conferences: Student Leadership Conference, Pan-Hellenic Summit, Political Awareness Conference, and the Student Leadership Retreat to address current events and how they affect the campus.

Upper Left: Justin Rennie and Eugene Perry lead the Orientation, Orientation and Orientation.

Ronald McNair Program

The Ronald E. McNair program provides undergraduate and faculty scholars the opportunity to present research findings, hear other presentations, hear and view other research, and network with other scholars. The program is funded by the U.S. Department of Education. The Ronald E. McNair program helps to encourage under-represented graduate students to consider a career in college teaching. The program, in 1990, was funded as a multidisciplinary comprehensive academic support program with a Summer Research Program. The program also celebrates the life and achievements of Dr. Ronald McNair. The Symposium Chairperson, Dr. Joyce E. Brown is located in Murphy Hall suite 222.

Left: The Ronald McNair office has faculty to mentor and advise students on research.

Right: The Annual Ronald McNair Conference is a big event on the campus. Graduate programs from across the nation come to recruit the best and brightest Aggies at the conference.

"The Ronald McNair Program helps students reach their highest potential and come into their own leadership and research wise."

Director of Special Programs,
Dr. Joyce E. Brown

Student Support Services

Student Support Services is a Program designated to provide supportive services to meet the needs of two hundred educationally disadvantaged students of North Carolina A&T State University. These students participate in Personal counseling, academic advice and assistance, in course selection, tutorial services, admission to live plays and university productions, workshops and seminars, financial aid counseling and a Summer Bridge Program for incoming freshmen.

"We are a home away from home for students," says Aaron Keith McCullough, Director of Student Support Services.

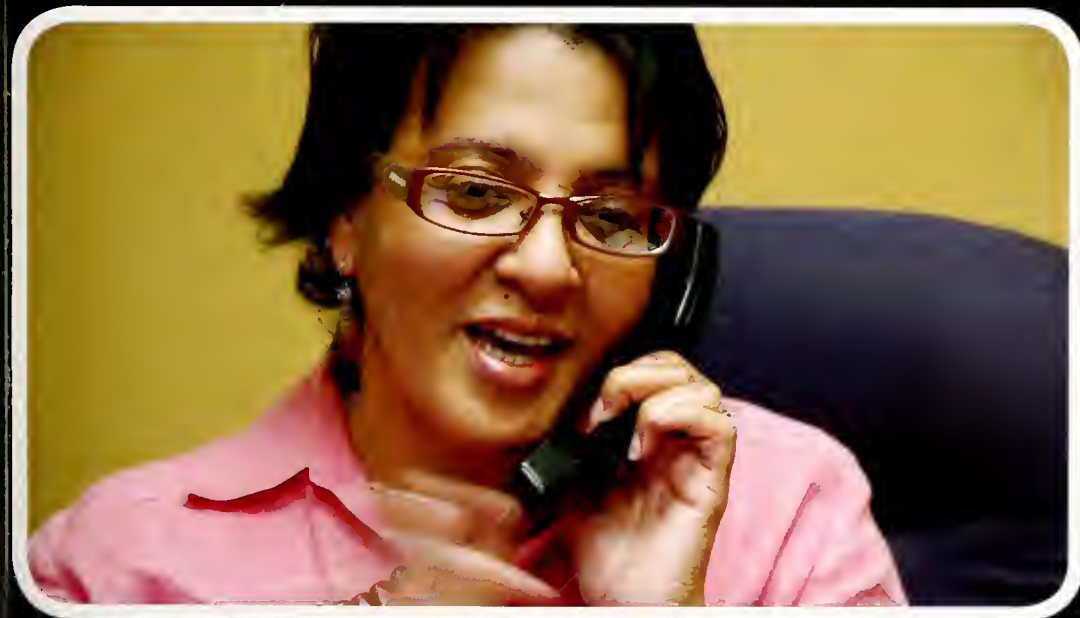

The Student Support Services Office is located in Murphy Hall, Room 221. Just another example of how North Carolina A&T helps its students.

At the Student Support Services, offers tutoring, mentoring services and computers to complete homework.

Left: The staff in the Student Support Services are there to answer any questions.

Right: If you are looking for a quiet place to study, go to the second floor in Murphy.

"Yes sir. If you are looking for a place to study, Student Support Services is a place to do just that."

GreekLife

The office of Greek life is over the fraternities and sororities on campus. The purpose of the office of Greek life is to maintain a high level of Greek life and interfraternal relationship within the University and to encourage student leadership and personal development. The Office of Greek Life is over the Divine nine and the other Greek organizations and Social Fellowships.

The members of the divine nine are Delta Sigma Theta, Zeta Phi Beta, Alpha Kappa Alpha, Sigma Gamma Rho, Omega Psi Phi, Phi Beta Sigma, Iota Phi Theta, Alpha Kappa Alpha, and Alpha Phi. Organizations that are also governed under the Office of Greek Life are Kappa Kappa Psi, Alpha Phi Omega, Tau Epsilon Sigma, Chi Epsilon Phi, and Phi Mu Alpha.

The Office of Greek Life has information on every Greek organization on campus, especially panhellenic fraternities and sororities.

International Services

The Office of International Programs (OIP) is a unit within the Division of Academic Affairs, and was established by Chancellor James C. Runick in March 2000 to provide cohesiveness and direction for the international affairs of the University.

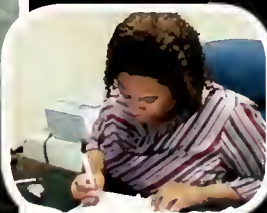

The objectives of OIP encompass all disciplines in the University, and includes academic exchange programs for students and faculty, study abroad, managing agreements with overseas institutions, working with faculty to develop new international programs, Global Studies Certificate Program and global awareness activities through various cultural and educational activities throughout the year to promote a campus-wide global perspective. International students on our campus play a major role in helping the campus to develop that international perspective, and we welcome them to our campus.

The Director of International Programs works closely with the Office of the Provost, the Deans and the Faculty to ensure international experience and exposure for all in our university community.

The International Students and Scholars Office (ISSO) works closely with undergraduate admissions and the School of Graduate Studies to insure that all international applicant inquiries and U.S. continental applications are handled consistently with federal regulations. The ISSO, a unit of the Division of Student Affairs, has been designated by the University as the office responsible for immigration advising and document processing for all foreign national students and scholars (and H-1B temporary employment). They serve a population of about 300 international students, visiting scholars and foreign nationals holding faculty and research positions from nearly 80 countries around the world. Services and programs are designed to meet the needs of new students and faculty, continuing students and faculty, and the University Community in collaboration with other UNC constituent universities. Programs are designed to meet the needs of new students and faculty, continuing students and faculty, and the University Community in collaboration with other UNC constituents.

"Which country do I want to study in? Japan is nice, but Spain in the spring is beautiful."

Filling out paperwork to study abroad is a challenge. But don't let this deter you from thinking about studying abroad.

The International Services office of North Carolina A&T is spreading Augie Pride worldwide.

Counseling Services

Counseling services provides students a place to talk confidentially with professionals about current and past issues that may be bothering them.

Counseling Services are located in Murphy Hall room 108. The Counseling Services provides students with the opportunity to discuss problems, issues, needs, dilemmas, and concerns with a trained professional counselor or a clinical psychologist. Students can talk about issues involving education, career, social, personal, and emotional adjustments. There are a variety of types of counseling. Some of the counseling types are individual, group, individual test administration and interpretation, and University Diagnostic and Placement Testing. All counseling services are free of charge, voluntary, and confidential.

Counseling services is where students go to get advice on their study habits and how to handle life issues.

Career services help students prepare for their future careers early by holding career fairs and helping students create resumes.

Career services employees are dedicated to helping students reach their full potential through workshops and job interviews.

The Office of Career Services is available to students in order to assist them in every possible way. The primary mission of the Office is to provide centralized, comprehensive, and progressive programs, services, and resources designed to prepare students to successfully pursue meaningful career opportunities.

Continuous career development assistance is also available to alumni of the University. To ensure equal access for all A&T students, Career Services is customer focused and centralizes the functions of full-time employment, summer internships, cooperative education, part-time employment, post-graduation employment, and career counseling. (All student recruiting must be scheduled through OCS — i.e., interviewing, information sessions, career fairs, etc.). Therefore, if an employer contacts you or your student organization for the express purpose of recruiting a company or agency, it is necessary to refer him or her to the Office of Career Services to assure centralized scheduling and marketing of the visit.

The centralized, comprehensive and progressive programs, services, and resources provided by the Office are tailored to be a gateway for the enhancement of the skills necessary to keep the A&T Ziggie competitive in the workplace. All students are encouraged to register with the OCS and actively take advantage of the services offered.

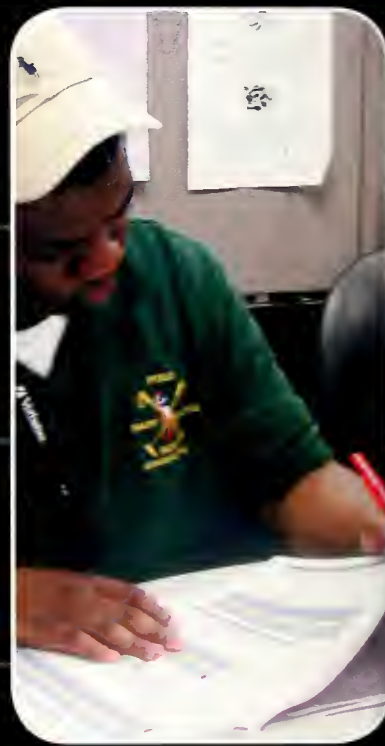

Career Services

University Writing Center

The University Writing Center is a place where students can get assistance with their writing. Specialized tutors give students feedback on their writing. The University Writing Center is a learner-centered community. It is located in the New Classroom building in room A-309. The University Writing Center helps with all types of writing such as topic development, addition, deletion, syntax, organization, and overall writing style. Students can visit the University Writing Center any time during the writing process. The vision of the University Writing Center is to develop and preserve intellectual capital through interdisciplinary learning, discovery, engagement, and operative excellence.

Left: The Center is a positive learning atmosphere where a student can write in peace. Right: The Writing Center has many reference papers for others to see different writing styles put to use.

The University Writing Center's collection of grammar and composition books can come in handy in mastering the proper techniques of writing a term paper.

The North Carolina Agricultural & Technical State University Department of Police and Public Safety is committed to providing a safe and secure educational and working environment for students, faculty, staff and visitors. Through progressive training and ethical conduct, the department provides and maintains the delivery of quality services. They are committed to excellence and diversity. Our organizational values are reflected in our mission statement and are carried out by the members of our department.

The current services provided by the department of Police and Public Safety include the A&T Police Department, parking services and security. They also provide services such as Personal Security Lectures, and the Pink Engraving Program. The university police are located in Ward Hall and Parking Services are located in the Parking Deck and both are open during regular business hours.

The University Police needs to be thanked for the work they do protecting Aggeland.

The University Police Department helps this lady file a report in the riverwalk area.

Parking services has the thankless job of issuing tickets to the students, faculty and staff who are illegally parked on campus.

CAMPUS SAFETY TIPS

1. Always lock your vehicle.
2. Try to walk with a friend.
3. If you must walk alone, protect yourself by being alert.
4. Be aware of your surroundings and walk briskly with confidence.
5. Notice where the emergency call boxes are located on campus.
6. Stay within sight of people whenever possible.
7. Don't accept rides from strangers.
8. Have your keys in your hand as you approach your vehicle.
9. Call the University Police if you feel someone is following your car or acting suspiciously.
10. Use common sense!

A G G I E S

Henry & Shirley Frye

The duo of Henry and Shirley Frye has left an imprint on North Carolina Agricultural & Technical State University that will be everlasting. Henry and Shirley shared 42 years together in holy matrimony and share love for their Alma Mater that is rivaled by very few. They both are committed to serving the greater good of the Aggie Community.

Shirley Frye is a retired educator who has devoted over 40 years to Greensboro Public Schools and higher education. She began her career teaching 2nd grade and exceptional students before becoming a professor of special education and program coordinator at Bennett College.

After a short stint with the Department of Public Instruction, Frye returned to her alma mater, North Carolina A&T State University, where she was the Assistant Vice Chancellor for Development and University Relations.

Frye also worked as the Special Assistant to the President and Director of Planned Giving for Bennett College. She most recently served as the Vice President of Community Relations for WFMY News 2 in Greensboro.

Much of Frye's time is dedicated for service on many boards, including the Joseph McKinley Bryan Foundation, the GlaxoSmithKline Foundation, Z. Smith Reynolds Foundation and the Boards of Visitors for Guilford and Greensboro Colleges and Wake Forest University.

She is also a member of the Greater Greensboro United Way, for which she chaired the Board of Directors in 2003.

She is a 1953 graduate of NCA&TSU and received her master's degree from Syracuse University in Psychology and Special Education.

Henry Frye is a native of Ellerbe, NC, in Richmond County. He graduated Summa Cum Laude in 1953 from North Carolina A&T State University, Greensboro, with a major in Biology and a double minor in Chemistry and Air Science. He also graduated with honors from the UNC-Chapel Hill School of Law.

Frye was commissioned as 2nd Lieutenant in the United States Air Force Reserve and later became Captain. He served as an Ammunition Officer in Japan and Korea.

Frye was the organizer and President of Greensboro National Bank. He practiced law in Greensboro for 21 years and was admitted to the Federal District, Fourth Circuit Court of Appeals and the United States Supreme Court.

In 1963, he became the first African-American to serve in the North Carolina House of Representatives in the Twentieth Century. He later gained a seat in the North Carolina Senate. In 1983, Frye also became the first African-American to serve on the Supreme Court of North Carolina. Then in September 1989, he was appointed by Governor Jim Hunt to Chief Justice of the Supreme Court.

Frye's distinguished service to North Carolina has brought him commendations and awards from organizations across the state. For instance, he received the UNC-Chapel Hill's Distinguished Alumnus Award and the North Carolina A&T State University Alumni Excellence Award. He received the Doctor of Laws from both Shaw University and North Carolina A&T State University. The University of North Carolina at Greensboro presented him the Charles D. Melver Medal. Frye was also named the Lawyer of the Year by the Association of Black Lawyers and later received the North Carolina Academy of Trial Lawyers' Appellate Judges Award. Frye is a past Chairman of the Board of the American Judicature Society.

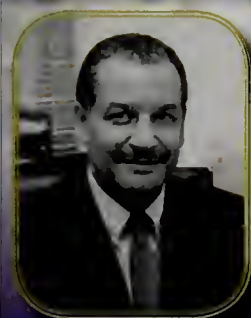

Distinguished of North Carolina A & T State University

Blannic E. Bower is Vice Provost for Academic Affairs at Pennsylvania State University (PSU), and an A&T Graduate of 1974. In his current position, Dr. Bowen works closely with the provost in areas including faculty development, leadership training, tenure and promotion, executive searches and reviews, and other issues related to academic personnel and their concerns.

Tiffany Eubanks-Saunders is Senior Vice President of Bank of America in Charlotte, N.C. The Charlotte native received a B.S. degree in Economics from North Carolina A&T State University in 1993. She is a member of numerous organizations including the National INROADS Alumni Association (chair); A&T National Alumni Association - Midwest Regional Scholarship Committee (chair) and Alpha Kappa Alpha Sorority, Inc.

hed Alumni

Blannie E. Bowen
Tiffany Eubanks-Saunders
Dr. Elnora Daniel
John Houston

Dr. Elnora Daniel was appointed president of Chicago State University (CSU) on August 1, 1998. She assumed this presidential post after more than three decades of higher education, administrative, consultative, and grantsmanship experience in the United States and abroad. Prior to her appointment at CSU, she served as Executive Vice President and Provost at Hampton University.

John Houston is a United States District Court Judge in the U.S. Courthouse, in San Diego, California. A Greensboro native, Houston earned a Political Science degree from North Carolina A&T in 1974 and was a distinguished member of the university's ROTC program. He received a law degree in 1977 from the University of Miami School of Law. Houston is affiliated with several organizations including Alpha Phi Alpha Fraternity, Inc., Sigma Pi Phi Fraternity, Inc., and the San Diego Links Inc.

THE North Carolina FOUNDATION,

In 1946, like today, the institution that would become North Carolina Agricultural State University had needs that the state of North Carolina did not cover. When former President, Ferdinand D. Bluford established a foundation to receive donations, federal scholarship funds were drying up and potential donors were hesitant about giving directly to A&T.

Understaffed and overwhelmed, the University's business operations bore little resemblance to the well-managed, well-respected operation that is now regarded by many as the best single location HBCU in the United States.

A & T University INCORPORATED

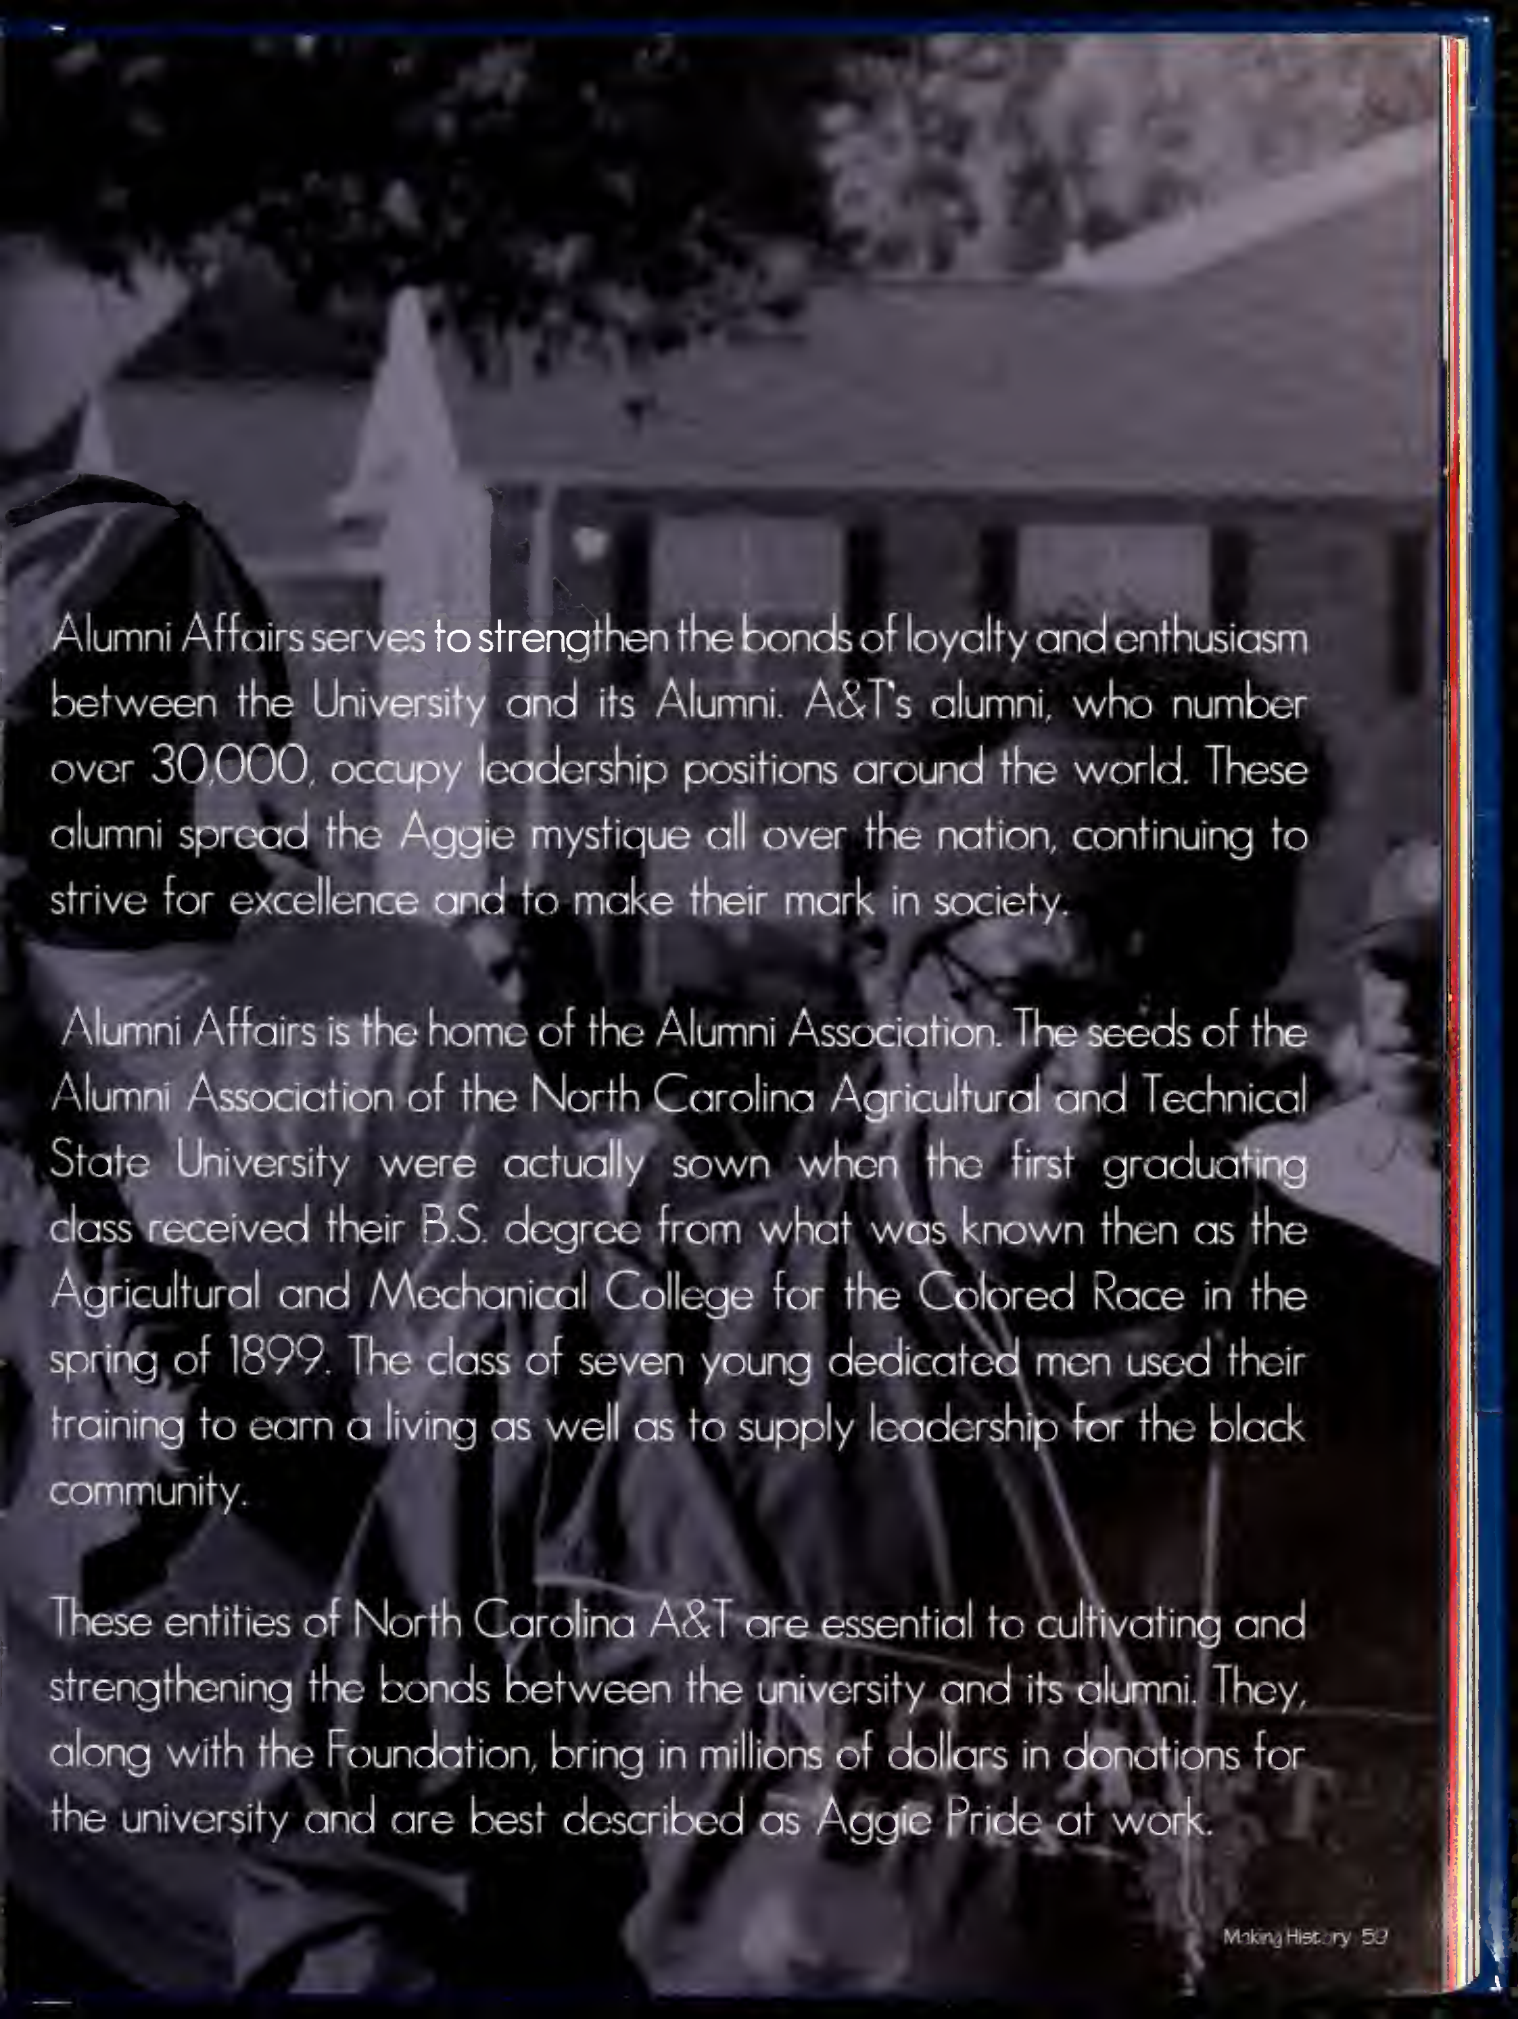

Two decades later, A&T Chancellor Lewis C. Dowdy revisited the foundation, calling together a group of community leaders to reactivate and give it the keys to becoming a true foundation.

Four decades later, at 60, the North Carolina A&T University Foundation is the recognized leader among the country's HBCU foundations. With more than \$70 million in assets, it is well on its way to reaching the \$100 million standard for all institutions nationwide.

Alumni Affairs

North Carolina A & T State University

Alumni Affairs serves to strengthen the bonds of loyalty and enthusiasm between the University and its Alumni. A&T's alumni, who number over 30,000, occupy leadership positions around the world. These alumni spread the Aggie mystique all over the nation, continuing to strive for excellence and to make their mark in society.

Alumni Affairs is the home of the Alumni Association. The seeds of the Alumni Association of the North Carolina Agricultural and Technical State University were actually sown when the first graduating class received their B.S. degree from what was known then as the Agricultural and Mechanical College for the Colored Race in the spring of 1899. The class of seven young dedicated men used their training to earn a living as well as to supply leadership for the black community.

These entities of North Carolina A&T are essential to cultivating and strengthening the bonds between the university and its alumni. They, along with the Foundation, bring in millions of dollars in donations for the university and are best described as Aggie Pride at work.

As an Alumnus I feel very proud to give back to my Alma Mater in way of service. Not only monetary, but volunteer time given to the current student body localizes the theme Aggie Pride is Nationwide. I charge all Aggies to give back in your own way: monetary, academic and athletic support, bringing future Aggies home or do what's in your spirit. That is AGGIE SPIRIT!!!! "Work while it's Day" or in the words of our Alma Mater "We'll every strive while here on earth, all loyalty to yield!"

Build

The New Science Building houses the departments of Psychology and Chemistry. It was constructed in 2006 and dedicated on Friday, April 7, 2006. The building holds state of the art teaching and research labs. The building will eventually take place of Hines Hall, built in 1950.

RICHARD B. HARRISON AUD

Living

SPOTLIGHT

The auditorium was constructed in 1939 and named for Richard Berry Harrison who portrayed "De Lowd" in *Green Pastures*, a dramatic play in 1929. He also taught elocution and dramatics courses at North Carolina Agricultural and Technical College.

Harrison received its first major renovation, since its opening. It closed in the spring of 2005 and reopened September 24th, 2006. Harrison is used for the Honor's day and Founder's Day ceremonies and other major concerts and performances.

On February 1, 1960, four African American students, Ezell A. Blair Jr. (now known as Jibreel Khazan), David Richmond, Joseph McNeil, and Franklin McCain from North Carolina Agricultural and Technical College, sat down at the segregated F.W. Woolworth & Company lunch counter in Greensboro, North Carolina. Although they were refused service, they were allowed to stay at the counter, sparking off sit-ins and economic boycotts that were a landmark of the American Civil Rights Movement. Every year, these four men are honored on February 1st. However, the 2007 celebration seems even more special.

The day before, students held a special march honoring those who "sat down for us so we could stand." The few hundred students began the march in front of the monument sculpted by James Barnhill. They marched two by two in silence. "The silence of the march overpowered all the noise that was going on in the city," said freshman Charles Murrell. This march continued to the site of the actual sit-in 47 years ago. The Woolworth's, where the protest took place, is now a Civil Rights Museum. This tribute was brought forth by current student, A. Tibius Thorne, SGA Parliamentarian. This tribute looks to grow even longer in the years that come.

February One Monument
James Earhll, MFA

A Master sculptor and Associate Professor of Art at North Carolina A&T State University, James Earhll was born in Asheville, NC. After receiving his bachelor's degree in Art Education from the University of North Carolina at Chapel Hill, professor Earhll studied for a year in Marburg, Germany.

He returned to North Carolina where he received his MFA at the University of North Carolina at Greensboro. While earning his MFA degree, Earhll studied the human figure under the late Peter Agostini. The training Earhll received is very evident in his work.

Ronald

M C N A I R

Ronald Erwin McNair (1947) was an American Astronaut. McNair perished during the launch of the Space Shuttle Challenger mission STS-51-L. He was a native of Lake City, South Carolina.

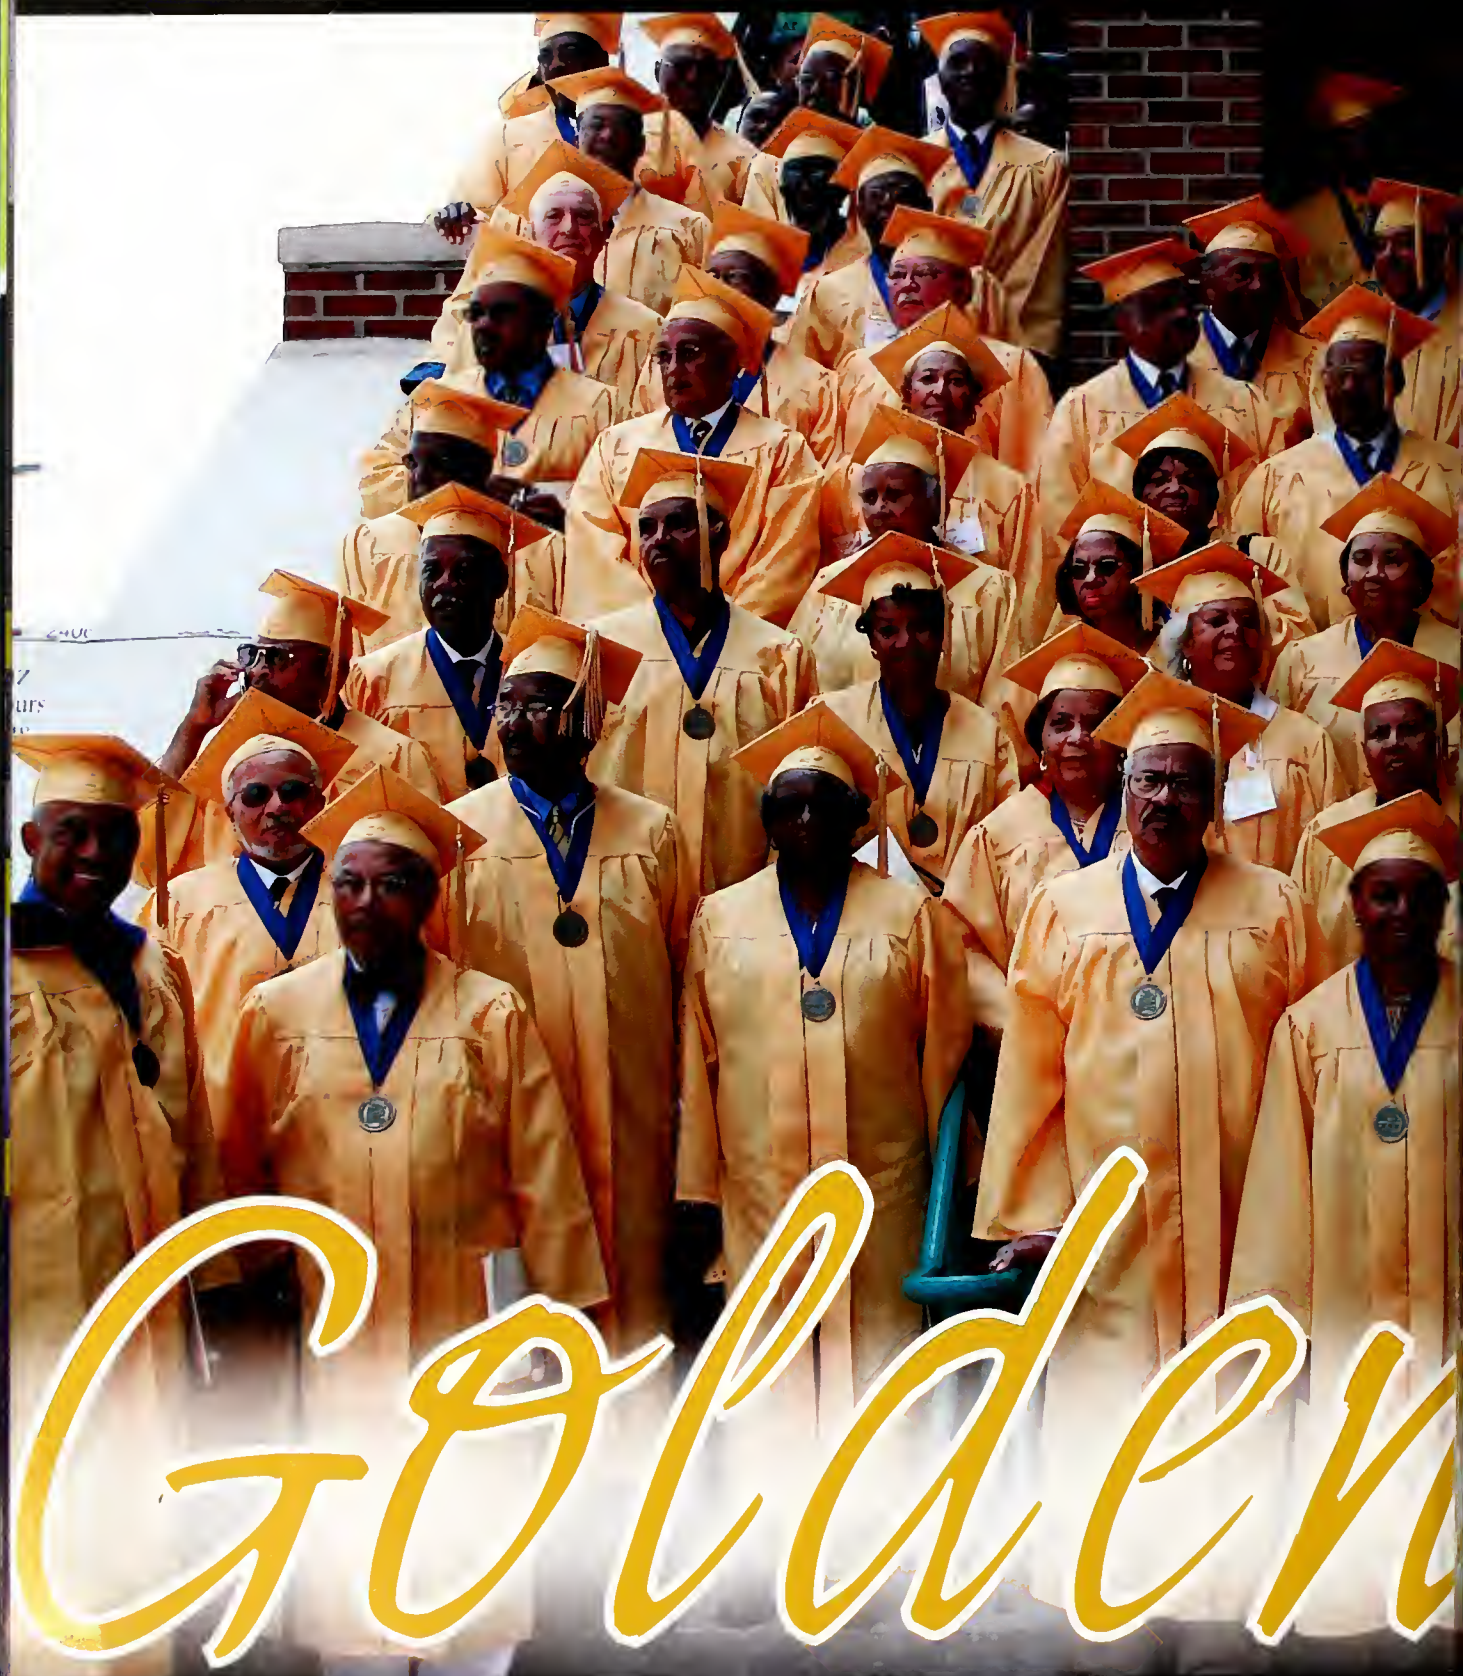

Dr. McNair received a B.S. in Physics from North Carolina A&T State University in 1971 and a Ph.D. in the same discipline from the Massachusetts Institute of Technology (MIT) in 1977. He was also honored with honorary doctorates in 1978, 1980, and 1984.

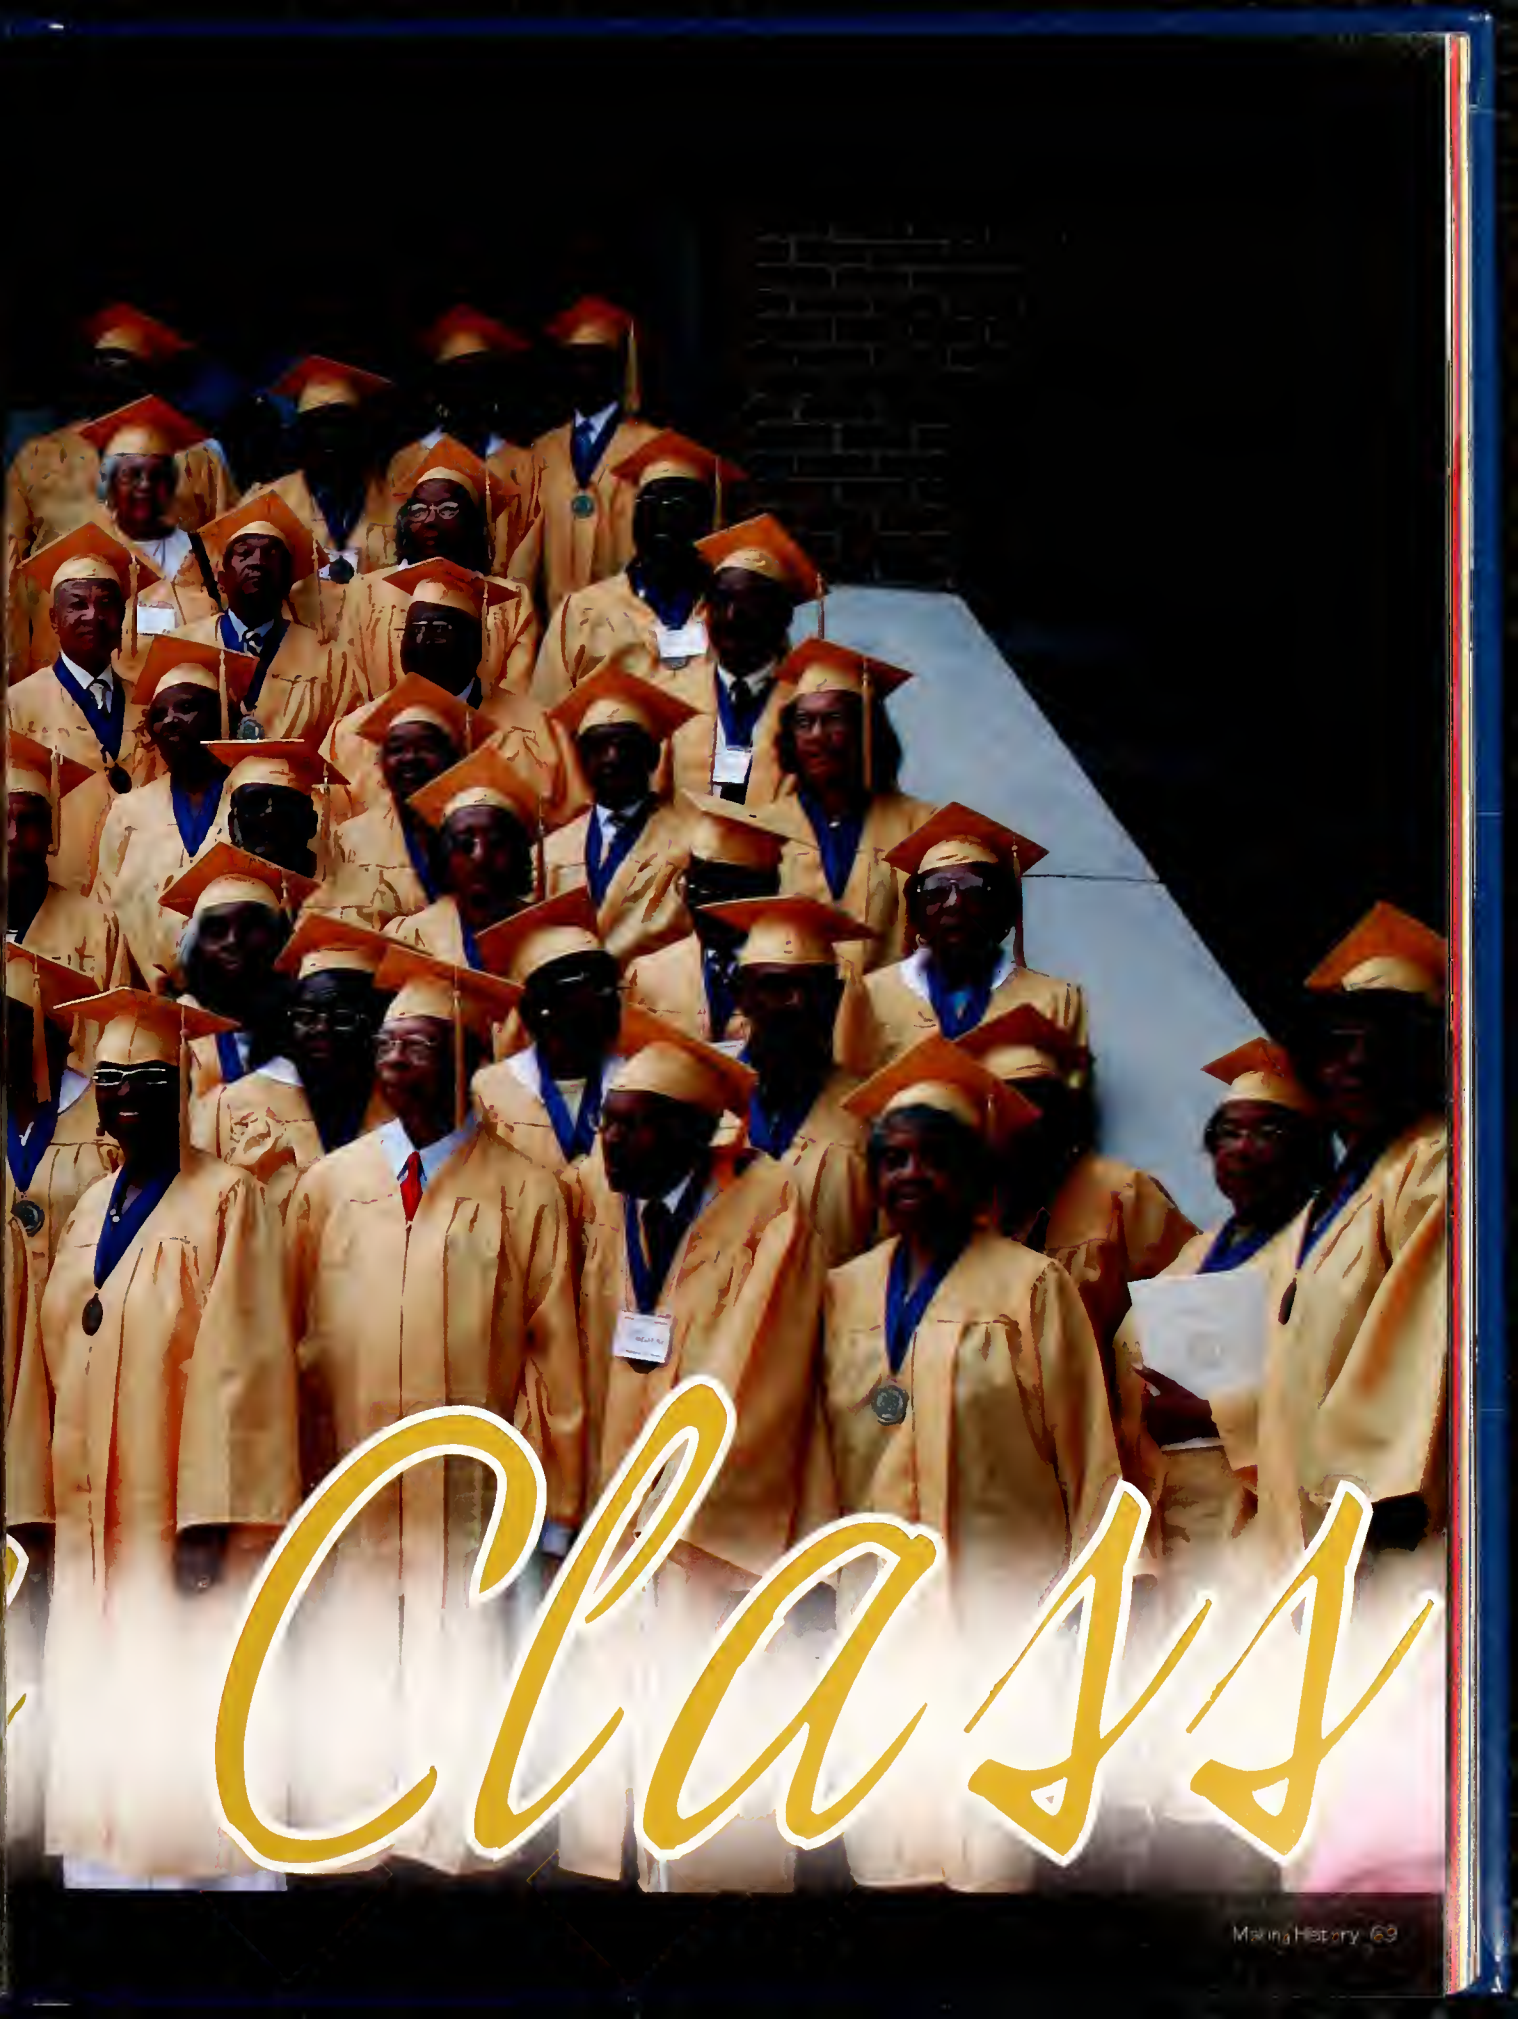

He was a 5th-degree black belt karate instructor and had won five regional championships. Among many other studies in the field of physics, Dr. McNair had conducted research in the scientific foundations of the martial arts. Additionally, he was a member of Omega Psi Phi Fraternity, Inc.

After graduation from MIT, he became a staff physicist at the Hughes Research Laboratories in Malibu, California. Dr. McNair was selected for the astronaut program in 1978, and flew on a Challenger mission in February 1984 as a mission specialist.

Dr. McNair was also a saxophonist; before the mission he worked with composer Jean Michel Jarre on a piece of music, *Rendezvous VII*. It was intended that he would record his saxophone solo on board Challenger, making it the first piece of music played in space. After the disaster, the piece was renamed *Ron's Piece*.

Ronald McNair has been an inspiration to his University and family, including his niece, Eusine McNair, who is a junior Biology major at his alma mater.

Moody Administration

11 Backs Against the Wall...Seize the Day

"11 Backs Against the Wall" is the phrase that symbolized and embodied the SGA E-Board for the 2006-2007 school year. Led by president, Arnita Floyd-Moody, the SGA E-Board took on the task of informing, motivating, entertaining the student body and working with administration throughout this transitional period between chancellors. This task was not a walk in the park for them as challenges faced them at every event, meeting, and program. This E-Board had their fair share of critics and it was this criticism that brought this E-Board closer together.

This cast of characters brought experience, character, and wanted to leave a positive impact upon the university. The following people starred in the leading roles.

Marvin G. Jones Jr., Vice President of Internal Affairs
 Darren L. Brand, Vice President of External Affairs
 Brittany Stallings, SGA Secretary
 Crystal R. Williams, Miss North Carolina A&T State University
 Brandon Bullamy, SGA Treasurer
 Tibias Thomas, SGA Parliamentarian
 Dulika Miller, Vice President for Organizational Affairs

Kendra Arrington, Chief of Staff for Administrative Logistics
 Lawrence Wiggins II, Chief of Staff for Communications

North Carolina A&T felt the impact early on when Brudenridge and Moody led a press conference regarding an act of violence during one of the summer sessions. They expressed loud and clear that violence will not be tolerated at this university.

Arguably, one of the E-Board's biggest achievements had to be their voting rally for the fall 2006 national and state elections. With help from

the SGA Senate, Judicial Council and other students, they registered over one thousand new voters at NC AST.

Another major event was the "4US" commemorative March and Rally on January 31st, 2007. This was held in honor of the A&T four who "sat down so we could stand up". Over 100 students marched in silence to the old Woodworth store where the sit-in began.

But they did not forget how to put on a show. The E-Board put on a successful week-long homecoming celebration culminating in a concert that included acts Lil Wayne and Busta Rhymes in the Greensboro Coliseum. You could also stop

by the office at any time and see the E-Board learning the latest dances taught by Tibias and Darren.

If you had a chance to experience what this 2006-2007 executive board did just once you would understand why they were really 11 books against the wall.

AGALLERY

Senate-Judiciary Council

Senate

The unsung heroes of the Student Government Association, members of the Student Senate attend meetings twice a month to debate and create decisions essential to the student life on campus. The SGA Senate is the Legislative body of the Student Government Association which means they are responsible for the content in the SGA's Constitution.

The SGA Senate follows the same structure as the United States Senate. They have a Speaker of the House, Speaker Pro-Tempore, parliamentarian, Sergeant in Arms, and senate clerk. The Speaker of the House for the SGA Senate is the Vice President of Internal Affairs.

This senate session was the 37th in North Carolina A&T History, and represented students in all schools and colleges. Led by Marvin G. Jones, this senate took on the monumental task of expressing students' views on academics, student safety, and A&T's portrayal in the media.

Judiciary Council

The Judiciary Council of the Student Government Association is assigned the task of hearing cases brought to them of infractions of students in the residence halls of A&T. The members of this council are led by the SGA Attorney General. This year, the Attorney General was none other than Len Breckenridge. The eleven members met once a month in Murphy Hall and did their job to the best of their abilities. The members of the Judiciary Council are elected every March with the Executive Board and the Elections Committee.

Summer Orientation

The Taste of College Life

"Get in the Game" was the theme as new freshmen to North Carolina A&T attend their summer orientation and welcome week during the summer. The class of 2010 became thoroughly introduced to Aggie Pride and the Aggie way of life as they walked around and took in everything with excitement and an eagerness to begin their college career.

Freshmen piled into the Connett Sports Center to become formally introduced to the heads of the university and to hear that "you are here to learn and grow" as stated by Mrs. Denise Ivers on Friday. Student Government Association President Amila Floyd Moody was given a standing ovation after one of her speeches given at one of their orientations.

Students were split into groups and given student leaders with the title of Orientation

Counselor. These students trained for months in order to be properly prepared to lead and manage hundreds of students and parents. The OCs (their nickname) led their students to areas where the incoming freshmen took placement tests for their math and English classes. This group of OCs was able to reassure the students and smooth out their nervousness of being on a college campus as a student for the first time.

The parents were welcomed by Orientation Counselors in their own orientation of sorts. They were shown the administrative side of the campus. They also had the chance to tie up loose ends in their students' financial aid.

The next day, Students created their schedule. For some, this was their first taste of the task of managing their time. The evening of the first day, they had a party they attended in the Student Union. In the dorms

where they were housed, they had a chance to meet people who would become their friends in August.

To many, orientation was a taste of a life like that made them want more. It held their interest and opened their eyes to the fact that they may be leaving one family but entering another, the Aggie Family.

Welcome Week

The Start to the Best Years of Our Lives

The first week of school, what a wonderful time it is. From the first class to the first time at a gym jam, freshmen become immersed in the world of A&T. Freshmen Week is rich in tradition as anything in Aggeland so the new "pups" (as some are referred to) were in for a treat.

But first, the freshmen had to move in their dorms and did just that on this weekend of August 20th. The campus became full of families giving their final good-byes to their sons and daughters, giving them tips on how to be successful, and going on one last trip to Wal-Mart to get the last remaining things for the dorm. They also had time to pick up their books from the bookstore and to handle any business they had in Connett.

When school started Monday, August 21st, all took to their classes along with

the rest of the returning students. The cafeteria for lunch and dinner was packed with new students.

At the end of the week, there was the annual Freshman Week celebration with Culture Productions, Verge Modeling Troupe, The Blue & Gold Marching Machine, the Pan Hellenic Chorus and the Student Government Association. This event was hosted by Darren Brand, the Vice-President of External Affairs for the Student Government Association. There was singing, a dance contest, a step exhibition from the divine nine, modeling and the Marching Machine closing the event out.

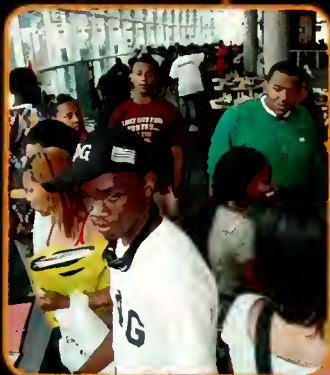

To end the week, Crystal Williams, Miss North Carolina A&T State University, had a community service event in which participants created hand made items for

residents of a local retirement home. This event was the kickoff for many community service events for the school year. This was the first year for students entering having to obtain 50 community service hours as a graduation requirement. So this was a great way to kick off the school year and to end freshman week.

Freshmen were eager to sign up with the organizations that were at the organization fair during their orientation.

Freshmen had their first taste of the food in Williams Cafeteria. Many left with full stomachs and parents were assured that their sons and daughters were in the well fed of A&T.

Even your very own A&T Yearbook staff was at the fair showcasing their hard work and letting the freshmen know that their talents were needed.

Returning students came out to the Freshman Week activities and even showed off some of their talents.

The administrators of North Carolina A&T are willing and eager to express the knowledge they have of the university and the world as a whole.

The Beta Epsilon Chapter of Alpha Phi Alpha stepped with precision and the crispness that they are known for.

Express Yourself

GOVERNMENT

RESIDENCE LIFE

Videos

Most Watched (Today)

Whether you are staying in Cooper Hall or Aggie Village 3, Vanstory Hall or Aggies Suites Building E, the time spent in the dorms of North Carolina Agricultural & Technical can be some of the most memorable for the students. For many Aggies, their first time staying on campus will be the first time they are living independently from their families. This means that students will have to become masters of their own worlds. They have to learn to manage their time. Also for many first timers in the dorms, this will be the first time that they will share a living space with a total "stranger." These partnerships can bring two complete strangers into a bond that last during their entire time in AggieLand. Or, it can cause a struggle that will result in added stress on the students. Do not be discouraged because being a good roommate, suitemate or dorm room neighbor is simple. Here are some tips that can help you and others in the dorm have a pleasant time.

1. Clean up after yourself. This is very simple to do whether you are in your room, suite common area or dorm lobby. This can also save you and others because there are rules in place that allows hall directors to fine the residents for leaving the dorm trashed.

2. When your roommate or neighbors need quiet, be quiet. Many students study and/or sleep in their rooms, so be mindful of this and be respectful of their wants and needs. The dorms also have quiet hour policies so follow them.

3. Do not use your roommates property without permission. Plain and simple, you do not want to be considered a thief in the halls, not a good reputation.

4. Follow the dorm visitation policies. You do not want the rest of the students living in the dorm mad that their visitation was taken away because of a "nudehead" in the dorm.

5. Do not do anything to make your roommate, suitemates or dorm neighbors uncomfortable. This includes drinking, smoking or doing other questionable acts in the dorm. Not everyone likes to party like a rock star at 4 A.M. on a Tuesday night in Aggie Village.

6. Bring the necessary items essential for dorm life. This goes from personal cleaning items to the proper clothes for the change of weather. Do not be stuck in a dorm without soap, underwear, books or a coat for the cold.

Life in the dorm can be someone's fondest memory of college life.

4984 ratings

Cutting hair in the dorms: a great way to earn some quick money. Just be sure that you know what you are doing.

4976 ratings

4987 ratings

4991 ratings

The task of washing clothes; it makes many realize that quarters are like gold when living in the dorms.

Residence Life The Reason Why We are Here

SEARCH

PROGRAMS

EVENTS

The Reason Why we are Here

So you are squared away and ready for class. You have your meal plan set, have unpacked your room or apartment and met some new people. Now it is time to put the wheels to the road as you set forth to class. Hopefully you won't lose sight of why you are here, going to class to get a degree.

Tests, quizzes, class projects, term papers and finals are going to cross everyone's path. The ones who succeed and go on to earn GPA's are the students that became masters of their environments. They made time to study and commit to it. They sought help from the professor or a tutor at the first sign of them beginning to struggle. They also attended class on a regular basis to keep up with the professor's lesson plan for the semester.

Students who feel like they are struggling can go to one of the many tutoring programs on campus. Students looking for these sessions and programs can go to The Center for Student Success on the third floor of Hodgin Hall. They can also talk to their professor about tutoring sessions for that class or study sessions the professor may have.

Regardless of what students do to succeed at North Carolina Agricultural & Technical State University, the most important thing is to never forget the main reason why we are here.

Upper Left: Not all classes are exciting. Make sure you find ways to make yourself captivated in class.

Upper Right: The teachers and professors here are given the task to educate the students and continue the legacy of 116 years of excellence

Middle Right: Many upper level courses require students to complete hands-on activities similar to the activities they will do in their fields.

Lower Left: Students learn the art of debate early on in their collegiate careers. Students are being "taught how to think, not what to think."

Lower Right: Studying is an important key in being successful at A&T. The successful students know how to manage their time.

WORKING IN COLLEGE/ FIGHTING AGAINST THE FRESHMAN 15

AYANTEE

TIPS FOR FIGHTING THE FRESHMAN

15

Don't Skip Meals

Get Adequate Rest

Reduce Stress

Participate in Intramural Sports

Look for Opportunities for Easy Exercise

Limit Alcohol Intake

Drink Plenty of Water

Limit Late Night Snacks

Learn Portion Control

No college diet is complete without time spent in a gym. Most colleges have a workout facility accessible to students. Some campuses have exercise rooms in dormitories in addition to larger gyms on campus. There is typically no additional cost for using these facilities or if there is it is a nominal reduced fee for students. Many college gymnasiums have exercise classes and opportunities for you to workout with trainers. Go to the gym with a friend.

There are places students can go to stay fit at A&T. Students can go to the fitness center in Moore Gym or the Aggie Suites. They can also take out a college membership at the YMCA. Students can also go running in Aggie Stadium or around campus.

Above: Playing basketball is one of the most popular ways to keep in shape in AggieLand.

Left: This student knows that a key to maintaining a healthy heart is to run.

Studies show that most students can work up to 20 hours per week without negatively affecting their grades.

The benefits of part-time employment include gaining on-the-job training, becoming more connected to your campus life and building relationships with faculty and administration members that can be used later when you're in need of letters of recommendation.

Working over 20 hours a week leaves less time for you to concentrate on your studies and participate in extracurricular activities. However, full-time employment may impair student performance. For example, 55 percent of those students working 35 or more hours per week report that work has a negative effect on their studies. Students working full-time also reported the following liabilities: 40 percent report that work limits their class schedule; 36 percent report it reduces their class choices; 30 percent report it limits the number of classes they take; and 26 percent report it limits access to the library.

Students who work full-time are also more likely to drop out of school. For example, the available evidence is consistent with a roughly 10 percentage point differential in graduation rates between full-time and part-time workers. In 2000, nearly 830,000 full-time college students worked full-time. Because of the adverse effects of such full-time work, tens of thousands of these college students are likely to drop out of school and fail to receive a college degree.

AGALLERY

Elections

The Streets Were Watching...

Every spring semester in Aggieland students are given the task of picking the students that will lead them as Student Government Executive Board members. These elections constantly bring out the best and brightest who desire to become such leaders. Many have been dreaming of this day before filling out their enrollment application. Elections for the Executive include the powerful position of SGA President, who serves on the ASST Board of Trustees. This person will be the voice of the students and be able to be heard on a massive scale.

This year's race was not without the typical campus gossip and excitement, but this race and the elections as a whole did not have the high profile students that typically run for these positions. In fact, most of the candidates had to literally go door to door in order to get their name out there. The candidates for president were Brandon Bellamy, the 2006-2007 SGA Treasurer, David Street, Jr., Political Science Major from Washington, D.C., and Curtis Walls, Captain of the ASST Football team and member of the Beta Epsilon Chapter of Alpha Phi Alpha Fraternity, Incorporated. Each candidate brought their unique viewpoints and drew a record crowd for elections. Marcus Boss and Jonathan Collins battled for Vice President of External Affairs and Brandon Mosky and Condoe Johnson ran for the title of Miss North Carolina ASST State University.

The Elections Committee had the task of handling all election matters and lived up to the task as hand. They facilitated the elections process in Murphy Hall and The Student Union Exhibit Hall. They also heard cases of candidates and their teams doing things against the rules set forth. The personnel of elections really need to be thanked for the long, tedious job they do every year.

This year, David Street edged out Curtis Walls in a close runoff election. His campaign was titled "The Streets are Watching" based off the Jay-Z song of the same title. He leads this upcoming E-Board with Marcus Boss, Condoe Johnson, and Aminia Clutte who ran unopposed for Attorney General and Desirée McNaire, who ran unopposed for Vice President of Internal Affairs. This Executive Board is now given the task of not only living up to the legacy of past Executive Boards, but going beyond what they were able to do. However, they proved to their students that they were capable of doing just that.

Top: Students who voted took it very seriously but also had class, so they were in a hurry.

Middle Right: A supporter for the David Street Campaign shows off a shirt with Street's campaign slogan, "Streets is Watching." Middle Left: The Elections Committee made sure the candidates ran good clean campaigns.

Lower Right: Supporters for the Candidates had to deal with the elements, as shown here.

Lower Left: Students know that election day is a day not to buy lunch because they know that a candidate will be passing out food.

Aggie

As a driving force in the Civil Rights Movement, Rosa Parks will always be remembered as a fighter and a defender for what is morally right. She will be missed.

Another valuable entity of the Civil Rights movement, Coretta Scott King passed in 2006. She spent her life spreading the legacy of her late husband and peace.

Crystal Williams maintains North Carolina A&T's tradition of placing in the top five in the Annual HBCU Queens Competition in Atlanta, GA.

Flava Flava stole Golden Delight and then stole the show during the Blue & Gold Marching Machine's Homecoming Halftime Show as an honorary drum major.

The Victory Club showed their dedication to sewing the seeds of success in Aggie Athletics by donating 151 thousand dollars to athletics.

Me & Yo-Unification was a conflict management seminar the Student Government Association to jump start the 2007 Campus Safety Conference. The event was designed to educate people about appropriate ways of dealing with conflicts in different environments. SGA Parliamentarian Tibias Thorne quoted, "Only when conflict happens can there be any growth." Mrs. Bettye Young-Stewart, whom works in the Sebastian Health Center along with Mrs. Linda Wilson were the presenters.

At 7:30 p.m., students and faculty filled Stallings Ballroom with open ears to learn more about the university police department, parking information, and safety information in general. The university police department was extremely helpful and informative.

"The North Carolina A&T State University police department is the first HBCU police department to be accredited in the nation," which was stated by the speaker of the event, who also went on to say "Every police officer has to be trained." Ending the program, students asked many questions during the question and answer session." This seminar had given all in attendance a wider perspective of the university police department, and settled all of students' concerns.

Speaker Ricky Jones started the black haze program that took place in Stallings Ballroom on February 8th, 2007 at 7pm. Ricky Jones is author of the book "Violence, Sacrifice, and Manhood/Sisterhood in Greek Letter Organizations." He is also a member of Kappa Alpha Psi Fraternity Inc. Jones spoke about the many cases in which pledges were being killed unintentionally by fraternities or sororities. He spoke of specific cases in which pledges have been beat to death, left with brain damage, or have developed psychological problems "Not one more black life is worth Greek life," said Jones. He was very passionate about hazing. "If Greeks can't stop hazing they should be eradicated." No matter the price to pay, Jones was fixed on stopping hazing and the deaths of innocent pledges.

As the finale for the 2007 Health and Safety Conference, the SGA presented the play Sexpose delivered. The play that is proclaimed to be "the most graphic stage play in America" Came to Harrison Auditorim that friday night at 7p.m.

Sexpose, a creation of Minister Joy Cameron, sent the message of abstinence to the audience members in a way that left no stone unturned on the subject.

4US WALK JANUARY 31, 2007

AYAN TEE

"They
sat down
so we can
stand up."

- A. Tibias Thorne

on Student Life

February 1 is always an historic day on North Carolina Agricultural & Technical State University's campus. Since February 1, 1960 when four A&T freshman, Ezell Blair, Franklin McCain, Joseph McNeil and David Richmond decided to sit down at Woolworth's lunch counter A&T students have been annually celebrating the accomplishment and bravery of the A&T Four. In memory of the A&T Four many students marched to February One street, the Woolworth Lunch Counter, and the park. As students walked they were linked in pairs. Everyone kept silent to emphasize the importance of the march and the memory. "It was a humbling experience," said freshman Ashley Reid. Students of all classifications showed up to march. When the students reached February One street they all pointed at the street sign. Everything they did was in unison and made the moment more prominent. "The silence of the march

overpowered all the noise that was going on in the city," said freshman Charles Marrell. When the students reached the park, Student Government Association President Amita Moody, Dr. Judy Rashid and Dr. Sullivan Welbourne all spoke. Between the three speakers, all gave an overview of that time period and how important their freedom is to them. Dr. Welbourne spoke about how the A&T Four didn't tell their parents at first because they wanted to take a stand on their own. The Student Government Association executive board was also present. The students that embarked on the memorable march all wore A&T Four shirts. The memory of the A&T Four is a great memory that will forever be celebrated at North Carolina A&T.

Theater

"...A Star is Born" The Theatre Department

The Theatre Department at North Carolina A&T State University is filled with excitement. From the students to the Faculty, they all work day and night to make the program a success. What makes them so popular is their ability to reach out to their audiences through theater art.

This year the Department chooses a spectacular range of plays such as *Dreamgirls*, *Black Nativity*, *Flying West* and *Cuttings* from the Classics. Frankie Jay, Chairman of the Department, chose together her version of *Cuttings* from the *Classics* to show the Department invites the community to participate in the program. Together with the talented students in the Department, they come together for nightly rehearsals and practice for opening night.

The Faculty and a group of skilled and talented teachers, professors who motivate students daily. They are the ones who prepare students for the professional world. They guide them through their college years to graduation. The Department of Visual and Performing Arts also encompasses of Music, Theater, Visual Arts, and other related fields. They monitor the artistic/cultural mission of A&T State University and strives to prepare their students as leaders and actively for leadership roles in diverse society.

Century of African American
The Paul Robeson Collection
January 20, 2007

Four men, Franklin McCain, Joseph McNeil, Jibreel Khazan (Ezell Blair, Jr.), and the late David Richmond were honored on a show day on February 1, 2007. Every year, North Carolina Agricultural & Technical State University honors these distinguished alumni for sitting down at a lunch counter at Woolworth's in Downtown Greensboro. These Aggie Men started the sit-in movement nationally in 1960 in the Greensboro area.

Williams Cafeteria prepared a breakfast and other events to kick off the Black History Month celebration.

Students, faculty, alumni and friends packed the cafeteria at 6 a.m.

Khazan, a native of Greensboro, NC. He earned a B.S. degree in sociology from A&T in 1963. He is known for his storytelling and uncle skills. He shares his knowledge of history with the world.

McGinn was born in Union County, NC. He received a B.S. in chemistry and biology in 1964. As a retiree, he worked as a chemist for the Celanese Corp. in Charlotte, NC.

McNeil is a native of Wilmington, NC. He earned a degree in physics in 1963. While serving in the U.S. Air Force, he was honored with the rank of captain and became a major general in the Air Force Reserve.

Richmond died in 1990. He was born in Greensboro and majored in business administration and accounting. He became a coordinator for the CETA (Comprehensive Employment and Training Act) jobs program. He is dearly missed by Aggies nationwide.

A&T awarded all four men with honorary doctorates at the 1994 commencement.

MARTIN LUTHER KING JR. PROGRAM/ RONALD MCNAIR SYMPOSIUM

AYANTEE

I HAVE
A DREAM

Jan.
1986

The North Carolina Agricultural & Technical State University's Ronald E. McNair Program hosted the Sixth Annual Ronald E. McNair Symposium and Twenty-First Commemorative Celebration on January 25-28, 2007. The theme for this year's event was "Twenty-One Years Later: Launching the Next Generation of Excellence" in honor of the life and accomplishments of the late astronaut, an alumnus of North Carolina A&T State University.

The 2007 Symposium and Celebration featured speakers nationally known speakers Dr. Johnnetta Cole, Former President of Bennett College for Women; Dr. Glenn

F. Long, Executive Director, Educational Opportunity Fund, State of New Jersey; Commission of Higher Education and Carl S. McNair, A&T Alumnus, founder and president of the Dr. Ronald E. McNair Foundation, Atlanta, and author of *In the Spirit of Ronald E. McNair - Patronous An American Hero*.

The Planning Committee worked very hard to put on a fantastic symposium that brought many different institutions together. This year, workshops included Mr. Michael Hessler's *OKlahoma State: Preparing for Graduate School* and Mrs. A. Wynona Boyd-Williams (NC A&T) *Navigating through Graduate Programs from Registration to Graduation*. These sessions gave scholars and faculty a chance to expand their horizons and provided open dialogue about the complexities of graduate school and how to navigate them.

The symposium truly remembered the great legacy of Dr. Ronald E. McNair and represented him well. This year with a wide range of schools represented including Wayne State University, Stanford University, Massachusetts Institute of Technology, Virginia Tech, Oklahoma State University, the Adler School of Psychology, Hawaii University, Ohio State University, the sixth annual Symposium

and Celebration were indeed a great success. It was a great celebration and the winners of the presentations truly represented their institutions well.

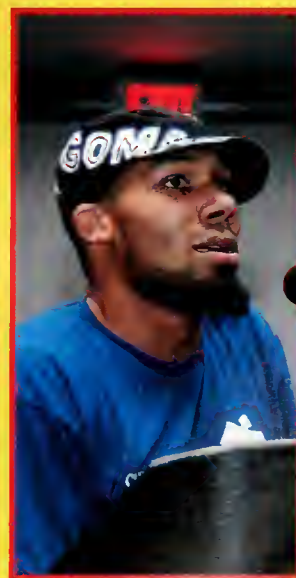

There was an overwhelming feeling of pride when one stepped into the MLK Jr. Commemorative service. As Miss A&T introduced Wesley Morris to start off the program everyone was attentive as to what was next.

"I didn't know what to expect at the program," said freshman Jareca Giles. Wesley Morris gave a short but very passionate speech. "Our commitments have run out in the past," said Morris. His speech was very powerful and set the tone for the evening. The big moment of the night finally arrived when SGA president, Amto Moody, announced the guest speaker, Dr. Haki R. Madhubuti. Dr. Madhubuti has a long list of achievements such as starting four

charter schools in Chicago, being a foot soldier for Dr. Martin Luther King Jr., writing all types of literature, and starting the third world press company. Surprisingly, Dr. Madhubuti made a huge contribution to the school. He has chosen to donate two copies of every book published by Third World Press to the NCA&T Bluford library.

Some of the issues he addressed were African Americans lack of wealth, bismal ignorance, and our legacy. He also spoke about the importance of art. Lastly he closed with five strategies to help African Americans get back on track.

Young, Gifted & Black

Young, Gifted and Black: The Sweet Inspiration

To be young, gifted and black
Oh what a lovely precious dream
To be young, gifted and black
Open your heart to what I mean

In the whole world you know
There are billion boys and girls
Who are young, gifted and black
And that's a fact!

Young, gifted and black
We must begin to tell our young
There's a world waiting for you
This is a quest that's just begun

When you feel really low
Yeah, there's a great truth you should
know
When you're young, gifted and black
Your soul's intact

Young, gifted and black
How I long to know the truth
There are times when I look back
And I am haunted by my youth

Oh but my joy of today
Is that we can all be proud to say
To be young, gifted and black
Is where it's at

written 1969 by Nina Simone &
Weldon Irvine, Jr.

The origin of the song "Young, Gifted and Black" is from the gifted performers' soul music. It was written by Nina Simone and Weldon Irvine, Jr.

PRIDE

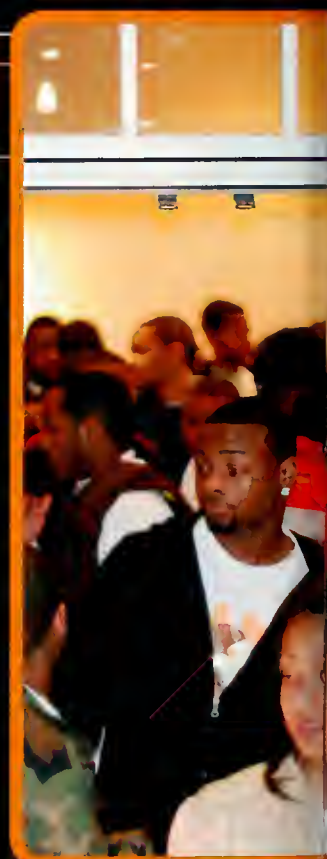

The Premiere of Pride

On March 23rd, North Carolina A&T, led by the Student Union Advisory Board, rolled out the red carpet for students. Students were treated to the premiere of *Pride* starring Terrance Howard.

Pride is a movie based on the life of Jim Ellis as a swim team in the inner city of Philadelphia during the 1970's. The tone of the movie impressed many of the movie goers. The students engaged in the movie, reacted to every turning point in the movie as well as the light hearted moments. The audience "oohed" and "ahhed" as the swimmers, led by actor Nate Parker, sported the swim suits of that time period.

A Highlight for the film was the underwater cameras used to showcase the highlights of the movie; the swim meets. The cameras gave a point of view that is rarely ever seen.

Students, enjoyed the film and was given another feel story to become inspired to accomplish whatever goals they may have. Raquel McMullins said "The movie was perfect...pride driven".

The A&T Gospel Choir sang with passion as they opened the event.

This high school step-dance team showed off their skills as they opened the audience.

Culture Productions displayed their sweet inspiration as they showcased models draped in proper and proper clothing of yesteryear.

The students were sitting on the edge of their seats all throughout the movie.

The students who attended the movie did not have to pay for their tickets. Yes, the tickets were free!

As part of the premiere, the movie grant was distributed to the students who were "Pride" winners.

The premiere would not have been possible without the effort and planning of the Student Body Assembly Board.

Students filled Harrison to capacity almost thirty minutes before showtime.

AND 1

SEX SIGNALS

The energy that filled Corbett Gymnasium on April 19th, 2007 was at its highest point during the Residence Hall Association Aggie Fest And 1 basketball game. The lines have never been that long outside of Corbett Gymnasium for any event. Baby Shaq dunked over and over again throughout the game. He also had White Chocolate and Welcome

Back to the Future to help him complete plays. Every time he dunked the crowd would gasp and make sounds. Some of the crowd turned their heads in astonishment of the play that just took place. "I just thought it was a really fun event. I thought it was good all around," said sophomore Wayne Campbell. The DJ kept the momentum of the game going with songs like "Pop, Lock, and Drop It," "Tatted Up," and Baltimore Club music. As the game progressed And 1 started to pull away from the A&T team making basket after basket. In the end the game ended with And 1 taking the win.

4984 ratings

Bottom: A player for the A&T team goes up for a lay-up against one of the And-1 players and makes the shot.

The Actors in "Sex Signals" were funny but conveyed a serious message about rape and sexual harassment.

"Sex Signals" explored how mixed messages, gender-role stereotypes and unrealistic fantasies contribute to misunderstandings between the sexes Monday, April 16 in Harrison Auditorium. The performers said, "although the message is a serious one, humor is used to engage the audience and explain the differences between men and women."

Certain everyday scenes were acted out and audience participation was requested. The audience members were called upon to give pick-up lines and express their thoughts about certain situations that were acted out. The actors explained the different ways a male and a female would interpret a situation.

At the end of the show the audience was asked for ways people can communicate with the opposite sex and the performers distributed information about the University Counseling Services.

Audience members were given an opportunity to share their own pick-up lines and experiences with the performers.

AGGIE FEST 2007

SEARCH

STEP SHOW

As neo's took their spot on stage for the very first time with their fraternity or sorority the crowd anxiously awaited for the Aggie Fest Pan-Hellenic Step Show to start. Neo of the Evil Eta chapter of Phi Beta Sigma fraternity Inc, Jelani Elom felt "we did pretty good but we have a lot of work ahead in the future." On April 20th, 2007 students started to pour into Corbett Gymnasium as early as 5:00 to get a good seat. At the end of the competition the seven judges scores were tallied to come to the conclusion that the Alpha Mu Chapter of Delta Sigma Theta and the Evil Eta chapter of Phi Beta Sigma had won the step off. Unsurprisingly, the step show was a repeat of the homecoming step show.

Above: The costumes worn in this step show by all teams showed the creativity and effort that goes into each step performance.

COMEDY SHOW

On Saturday, April 21, 2007, at approximately 7:45 p.m., the 2007 Aggie Fest Comedy Show was held in Corbett Sports Arena, and was hosted by the student government association. The host of the show was Special K, a comedian from Atlanta, Georgia. He joked about LL Cool J and ghetto fast-food restaurants. He also talked about the Virginia Tech incident and the Rutgers incident. Special K had the audience cracking up. The comedian to come out after Special K was Kevin Hart. He started his show by dancing to "Icebox" and saying how much he would love to be an R&B singer. The comedian to come to the stage after Kevin Hart was the main comedian of the night, Ricky Smiley, a native of Birmingham, Alabama. The show ended in party mode. Several songs from the 70s, 80s, and 90s were played, as the entire audience song along and danced to the music.

RESIDENTAL STEP OFF

On Wednesday, April 18, 2007 at exactly 7:00 p.m., the Residence Hall Association hosted the 2007 Aggie Fest Residence Hall Step Show. This event took place in Moore Gym and included a panel of judges to judge each group on their act. Each participating group, which consisted of seven dorms, had to have a TV show as their theme. Between each performance, the DJ played songs for the crowd to dance and sing along to. The entire show ended with a live performance from the group, Beautiful Experience. They sang five songs, which included, "Buddy", "Icebox", "Heaven Only Knows", "Killing Me Softly", and "Another Night." After their performance, the results of the dorm step off were announced, with Cooper Hall coming in third place, Aggie Village in second place, and Hayley Hall in first place.

Graduation: a Time of Celebration & a Time to Say Good-Bye

Graduation is a day that all Aggies strive for since their first day of class their freshman year. This long road was not without its shares of ups and downs, but the day of graduation proves those challenges worthwhile.

Graduation for the fall and spring semester occurred December 16th & May 12th, respectively, in the Greensboro Coliseum. This event was a celebration for all the graduates and the university as a whole. Many of the graduates invited family from all over the world to witness their crowning achievement. With commencement speeches from Board of Trustees Chair and Alumna Dr. Velma Speight-Bluford and US Congressman G. K. Butterfield speaking at the ceremonies, all who attended in December and May were treated to words of wisdom from successful citizens of society.

At the end of the ceremony, all graduates were issued the oath and ushered in as the newest members of the North Carolina A&T State University Alumni Association. They were given the charge to come back and contribute to the university so that it can survive for another 116 years.

Alas, graduation day became bittersweet at the end because the realization set in that their time on the paths as undergraduates ended and many would never cross paths again. But they will have memories of the best 4, 5 years of their lives to take with them as well as skills to benefit their own lives and lives of others. As one graduate put it, "it is time to show the world what Aggie Aride is all about"!

Class of '11

2007

04

Today, We're

The students of Virginia Tech did not need to suffer the way they did. Administrators of Virginia Tech did not need to answer countless phone calls from worried parents and questions about how their school emergency policies are. They did not have to be involved in the worst killings in collegiate history.

But they did. Now, the students, faculty, and staff are survivors because they did what the root word of survival implies: they made it out of that day with their lives.

Those students who are no longer with us are at peace. The ones still here have to deal with the aftermath left in wake.

2007

all Hokies.

What is amazing is that this tragic incident brought a nation together. To support the survivors in Blacksburg. From Portland, Maine to San Diego, California, Seattle, Washington to Miami, Florida, students came together to show support and send out their condolences to the survivors. With the help of the internet and social websites, this was made easier. Every student changed their profile pictures to a Virginia Tech logo with the phrase "Together we are all Hokies."

Every student around the world was there and is still there for them. So with this in mind, do not forget about that day and do not forget of the aftermath. No matter what school you go to, in the end, we are all in the same struggle: surviving and reaching potentials not yet imaginable.

SCHOOL OF Agricultural & Environmental SCIENCES

The University of Georgia has a long history of providing leadership in agricultural and environmental sciences. The School of Agricultural & Environmental Sciences is the primary academic center for these disciplines on campus. The school's focus is on providing a high quality education to students who are interested in careers in agriculture, environmental science, and related fields.

The school's programs are designed to provide students with a strong foundation in the basic sciences, as well as specialized knowledge in their chosen field. The school's faculty is composed of leading experts in their fields, and the school's facilities are state-of-the-art. The school's location on the University of Georgia campus provides students with access to a wide range of resources and opportunities.

SCHOOL OF **Agricultural & Environmental** SCIENCES

As a land-grant university, A&T has a historic mission to meet the needs of agriculture, and, through home economics, the people who devote their lives to it. Because of our interdependent economy, this mission has expanded into urban areas and to other nations. Modern agriculture is one of the most international of enterprises. In keeping with the University's commitment to high technology, the School's programs seek to integrate the latest technological advances in their instruction and research.

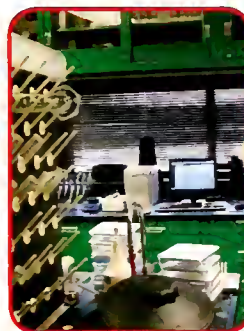

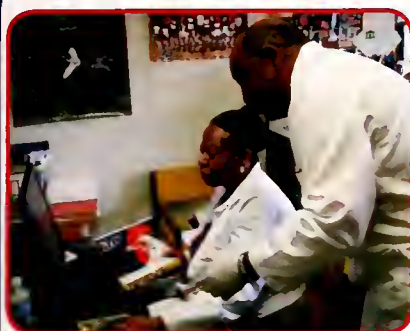

The educational mission of the School of Agriculture and Environmental Sciences is to provide students with understanding and skills to address the problems of the agricultural economy and to help those involved in it lead more productive and satisfying lives. From management sciences to diet and nutrition, the School of Agriculture provides opportunities for rewarding careers in teaching, extension, agricultural-related business, fashion, research, and government.

The modern discipline of agriculture has two major branches, technology and social science. Students pursuing the technological side, for example, will study the natural sciences and technology for their applications in the food and agricultural industries. On the social science side, concerns such as economics, community development, and sales and marketing are predominant. Preparation for admission to the School of Veterinary Medicine at North Carolina State University is offered through the program leading to the B.S. degree in Laboratory Animal Science.

college of arts & sciences

The College's core curriculum represents the heart of education—the building blocks for advanced study—covering the arts, cultural studies, sciences, and social sciences. The College of Arts and Sciences is the largest academic unit at A&T, encompassing twelve accredited departments (Biology, Chemistry, English, Foreign Languages, History, Journalism and Mass Communication, Mathematics, Physics, Political Science, Psychology, Sociology and Social Work, and Visual and Performing Arts), and a program in Liberal Studies.

The College continues steady growth—not only in its enrollment and graduation of students, but also through its increased building capacities and technological offerings. This kind of growth is made possible through actively investing in the development and achievement of our students and faculty. A&T students earning degrees in biology, chemistry, mathematics and physics are among the best-prepared and most successful scientists in the country, and many of our graduates continue their studies at some of the most prestigious graduate schools in the nation. Those who choose not to pursue further studies often start their careers with the many research institutions, businesses or government agencies that recruit and hire a significant number of our students.

As pertains to scholarly productivity and research, our professors are committed to excellence. In the last two years, our faculty members have reported more than 500 works of scholarship and creative endeavors, and in addition, the College's grant productivity has increased dramatically as well. Also, as part of its ongoing commitment to faculty and student research and enrichment, the College hosts several major conferences each year, including the Life Sciences Symposium, which has featured guests such as former surgeon-general, Dr. David Satcher, as well as conferences focusing on black journalists and national political coverage.

It is the goal and expectation of the College's administration, faculty and staff that our students receive the education and skills necessary to their achieving similarly outstanding successes in their own respective fields. Therefore, as guardians of this legacy, the administration, faculty and staff of the College of Arts and Sciences are committed to continually "challenging the potential" of our students, and ensuring that they become—and remain—productive members of an increasingly dynamic technological and global society.

SCHOOL OF Business & Economics

The School of Business & Economics at Howard University has been awarded AACSB International's Accredited Status for its business programs. This is the highest accreditation for business schools, a recognition of the quality of the school's programs and the commitment of the faculty and staff to the highest standards of academic excellence. The school is also a member of the Association to Advance Collegiate Schools of Business International (AACSB).

The school's accreditation is a testament to the quality of its programs and the commitment of the faculty and staff to the highest standards of academic excellence. The school is also a member of the Association to Advance Collegiate Schools of Business International (AACSB).

The School of Business & Economics at Howard University is to provide a high quality business education in an environment of academic excellence. The school recognizes the importance of the business school in the community and the role of the business school in the development of the community.

The school is also a member of the Association to Advance Collegiate Schools of Business International (AACSB).

Degrees Offered

- Bachelor of Science in Business Administration
- Bachelor of Science in Economics
- Bachelor of Science in Finance
- Bachelor of Science in International Business
- Bachelor of Science in Management Information Systems
- Bachelor of Science in Marketing
- Bachelor of Science in Real Estate

school of business & economics

Welcome to the School of Business and Economics at North Carolina A&T State University! We appreciate your interest and invite you to fully explore the School's academic and related programs, facilities, and other resources that emphasize the focus on excellence.

The undergraduate business and accounting programs are accredited by AACSB International - The Association to Advance Collegiate Schools of Business - the premier accrediting agency for academic programs in management education. As a result, a firm commitment exists for continuous program assessment and improvements to meet global expectations for competitive graduates. The School currently occupies a new facility with technological enhancements in a learner-centered environment that provides students with many opportunities for relevant, interdisciplinary, and team-based learning.

Faculty members are qualified and productive and demonstrate their commitment to the quality of learning and overall student development by their preparation, accessibility, and encouragement. The importance of ethical decision-making is emphasized throughout the program of study in every discipline. Curriculum requirements and small to medium class sizes afford students the opportunity to build communication, technological, and problem-solving competencies. In addition, students receive invaluable experiences in planning, team-building, and leadership from very active student organizations.

We are very proud of our graduates who are recruited by top regional, national, and international organizations, and prestigious graduate and professional schools. Alumni hold significant positions of leadership in business, industry, and the government; serve as role models and mentors to students in the School; and provide financial and other support for the success of the School.

Again, you are invited and encouraged to explore the website and discover why the School of Business and Economics at North Carolina A&T State University is an outstanding choice for you. Come visit us and experience our "Aggie Pride."

Sincerely,

Dr. Qulester Craig, Dean

**Dr. Joseph
Monroe,
Dean**

The Engineering Advisory Board (EAB) of the College of Engineering at North Carolina Agricultural and Technical State University is composed of thirty-five (35) senior officers of corporate, government, and industry partners.

These partners support the College of Engineering in its mission and vision. The EAB normally meets twice a year, during established fall and spring meeting dates. The fall meeting is typically a strategic planning meeting and the spring meeting focuses on reporting and review.

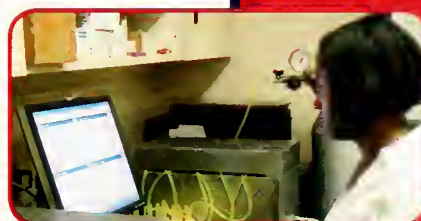

The EAB helps the College of Engineering maintain a vision that is based on the beliefs, mission and environment of the university. The EAB helps the college to see the future and inspires the college to be responsive, change, and realize its goals. The EAB assists the College in continuing to adapt to its competitive environment and provides steady guidance to the learning, discovery and engagement endeavors of the College. The core values and purpose of the college is linked to the activities of the EAB.

Specific activities of the EAB include:

1. To assist the college in strategic planning and visionary goal setting.
2. To assist the Dean in maintaining effective liaison with the university and external community.
3. To assist the Dean in achieving and maintaining a national reputation in scholarships, research, academics, and outreach.

The EAB works in tandem with the administration of the College of Engineering to identify action steps and assists the administrative team in realizing its targets. In order to be effective, the EAB assigns different visionary goals to subcommittees.

school of technology

The School offers many exciting and challenging degree programs to prepare students for careers in industry, government, and education. Several of the degree programs are offered totally on-line providing flexibility for traditional and the nontraditional student. All degree programs are accredited by their national professional organization accrediting boards. The professional accrediting boards for programs in the School of Technology are the American Council for Construction Education (ACCE), the National Association of Industrial Technology (NAIT), and the National Council for the Accreditation of Teacher Education (NCATE).

In addition to the formal degree programs, the School has many community outreach programs. The community outreach programs are established from industrial, federal, and state funding agencies. Other outreach initiatives are provided by special faculty projects. These outreach programs provide initial, custom, and continuous technological preparation for the triad and global communities.

Please visit the departmental web pages for more specific information. Again, thanks for your interest in the School of Technology programs where we are "preparing students who can make a difference."

school of nursing

All of us in the School of Nursing believe that a focus on providing you the personalized experience necessary to become a professional nurse is a critical element in our responsibility to you, our student.

As we celebrate our role in the education of professional nurses, we learn from each other. You will bring to our school a different level of experience. We will expand on that experience and assist you to achieve a balance in the pursuit of excellence in academics and life as a nursing student.

The academic trajectory for each nursing student is to achieve a goal of being prepared

to practice in the global world of nursing. North Carolina A&T State University is prepared and plans to provide you with the skills necessary to do that. Together we can achieve your professional goals in nursing.

FERDINAND D. BLUFORD LIBRARY

MISSION STATEMENT

The mission of F D Bluford Library is to support discovery, engagement, and use of knowledge by providing timely access to quality information and learner-centered services that enhance the interdisciplinary mission of the University

VISION

F D Bluford Library is the intellectual heart of the campus that provides a place for interaction, collaboration, study and reflection. The library seeks to be a responsive, flexible, and effective organization, delivering learner-centered services to users anywhere, at anytime

CORE VALUES

Equal Access, Freedom of Information, Life Long Learning
Resource Sharing and Service

GOALS

Learning/ Teaching Library

The Library, in partnership with academic faculty will empower clients to utilize information resources and services to achieve the highest standard of excellence in individual, collaborative, and interdisciplinary research

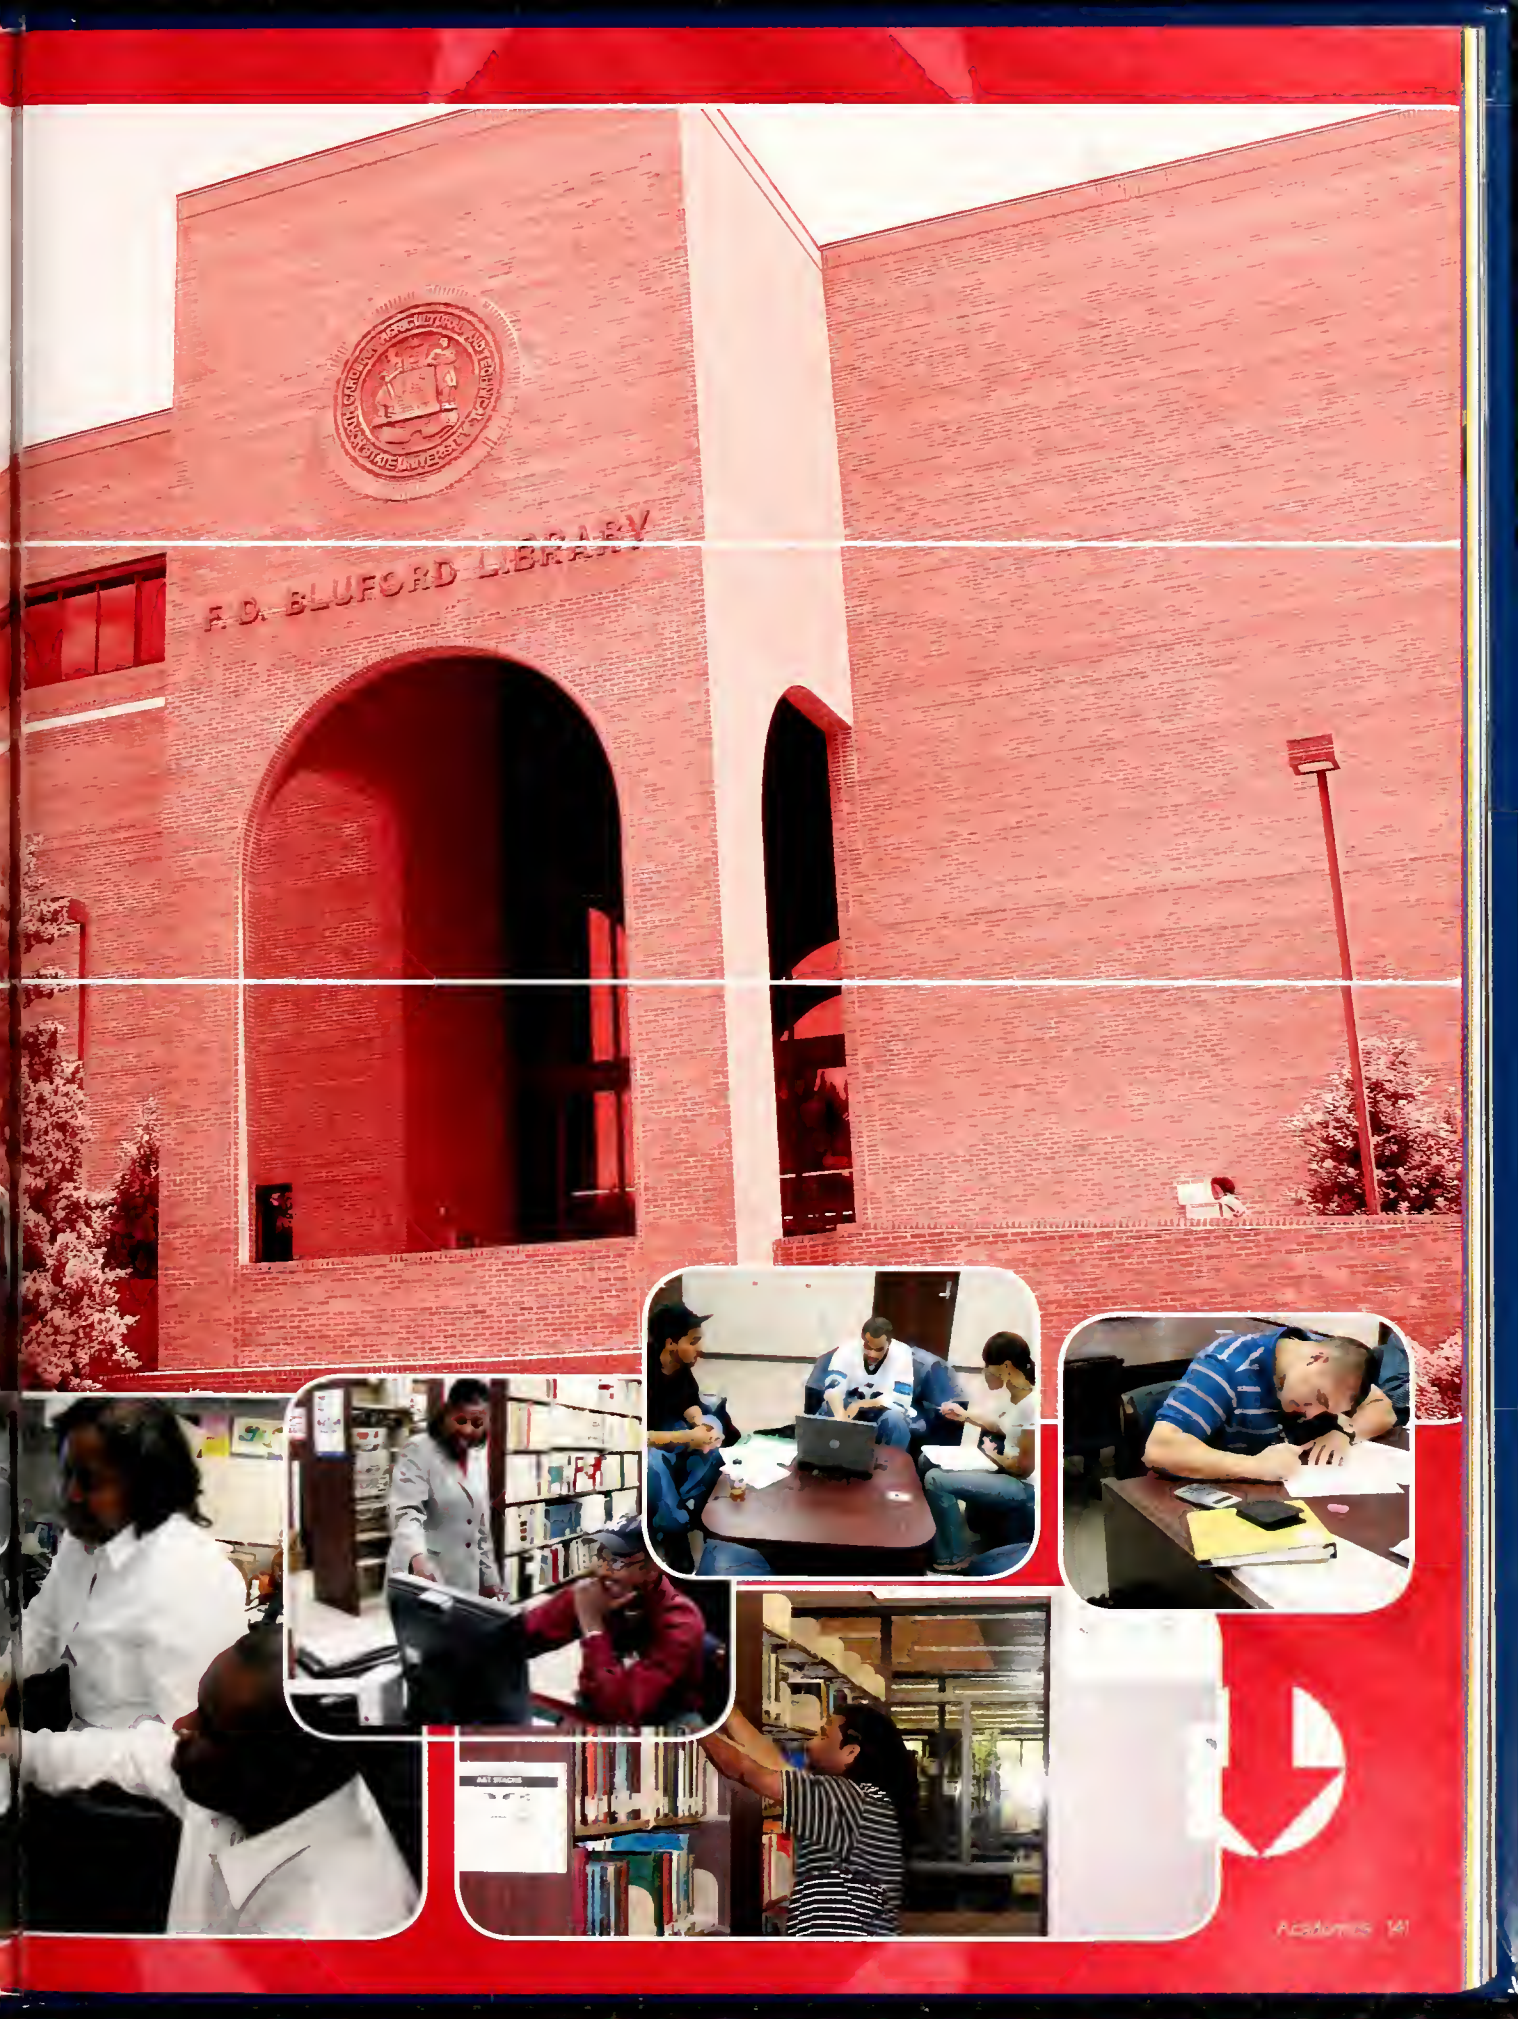

Access

The Library will organize, present, and deliver client-centered information services that are easily accessible and can be utilized independently

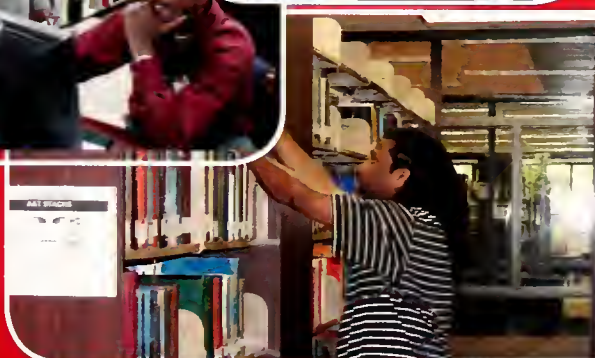

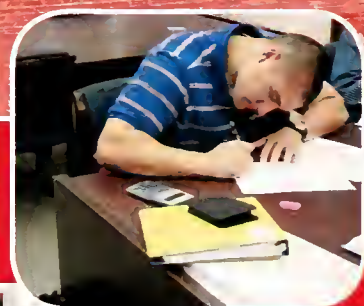

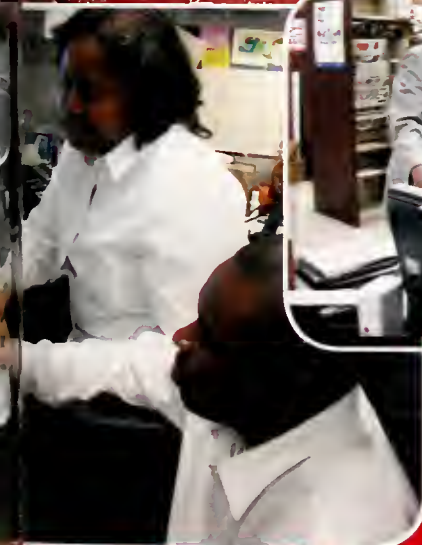

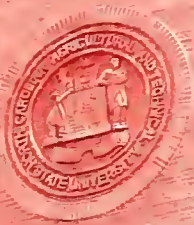

Staffing

The Library will provide a diverse staff appropriate in number and skills to insure that the client is the center of library planning and service delivery

The Mission of the School of Graduate Studies is to foster excellence in all facets of the graduate enterprise at North Carolina A&T State University, including the admission of highly qualified students, maintenance and development of graduate programs, enhancement of graduate faculty and development of the graduate enterprise.

In more than 50 years of service to date, the school of Graduate Studies has offered the M.S. degree in most fields of study. However, the M.A. degree is offered in the specialized field of English - African- American Literature, and the University now offers the MSW degree in Social Work. A&T also has the only accredited agricultural and biosystems engineering program of its kind among the nation's historically black colleges and universities. The University's masters programs offer the Master's Degree in Agriculture, Arts and Sciences, Business and Economic, Education, Engineering, and Technology. The University's doctoral programs offer the Ph.D. Degree in Electrical Engineering, Mechanical Engineering, Industrial & Systems Engineering, Energy & Environmental Studies, and Leadership Studies.

Since the inception of the University's graduate programs, more than 6,500 students have completed advanced degrees at A&T, and significant numbers of those students have moved on to pursue more advanced degrees at the most prestigious universities in the state, nation, and world.

North Carolina A&T's membership in the Council of Graduate Schools - the largest national association organized specifically to advance graduate education in the United States and abroad - places it in the company of the finest institution of higher education in the world.

Dr. Thomas Hassell, Dean

A new General Education structure and curriculum - University Studies - was implemented in fall, 2006 and the first University Studies Dean, Dr. Joseph Graves, Jr., was hired in August, 2005 to lead and manage the University Studies program. The University Studies curriculum is the heart and soul of the university's academic mission to prepare undergraduate students for careers in a dynamic, global, knowledge-based economy that demands life-long learning.

From the start the aim of the University Studies Committee was to make the review/revision/implementation process as transparent as possible, with ongoing feedback from faculty members and administrators campus-wide helping to inform program design and policies. The resources available here are intended to inform, educate, and provide a historical record of the review, revision, and implementation process.

Through our years of serving higher education, Who's Who Among Students has become one of the most highly regarded and long-standing honors programs in the nation, having earned the overwhelming respect of college faculties and administrations. And for the students – the outstanding campus leaders of the year – national recognition by the Who's Who program marks a pinnacle of scholastic achievement.

Being a part of Who's Who will allow you to be included in the prestigious Who's Who Among Students biographical volume that provides lasting tribute to the leaders of today's college generation. And, you will have the exclusive right to wear the Who's Who commemorative key engraved with your initials and date of selection.

As a recipient of the Who's Who Among Students Award, you are entitled to the following special privileges and benefits of membership: Local and national publicity regarding your selection to the Who's Who program, coordinated by the school's news media.

Selections to Who's Who Among Students are made each fall by individual schools. Campus nominating committees, created to nominate the upper-classmen and graduate students eligible for the program, are composed of representatives from the faculty, administration and student body.

This procedure of nomination succeeds in highlighting the individual and diverse service to community and school. These are the young adults who enhance the positive image of American youth through their contributions to community and school. Because curricular and extracurricular programs at schools vary greatly, each college is assigned a quota of nominees. This quota is carefully calculated to ensure a well-rounded representation of the student body. All nominations must be endorsed by a college's faculty or administration.

It should always be remembered that college students are the reservoir from which our nation draws its leadership strength. This feeling about American students is the guiding principle behind the Who's Who Among Students program and our efforts to proudly continue to aid campuses in honoring students who demonstrate consistent excellence.

WHO'S WHO

AMONG STUDENTS IN AMERICAN UNIVERSITIES & COLLEGES

teachers OF the year

North Carolina A&T State University honored seven professors as Teachers of the Year in their respective colleges and schools during the annual Honors' Day Convocation held March 22, 2007.

Ankamah

Dobie

Kabadi

McIntosh

Smith

Samah

Worku

School of Agricultural and Environmental Sciences

Mulmebet "Millie" Worku is an Associate Professor in the Department of Animal Sciences. He is committed to student-centered teaching approaches and as a result, his students regularly excel in further studies and the workforce.

College of Arts and Sciences

Mary A. Smith is an Associate Professor in the Department of Biology. Colleagues and students praise her commitment to reaching out to her students and cultivating their talents to help them succeed.

School of Business and Economics

Kathryn E. Dobbie is a Professor in the Department of Business Administration. Her primary mission is to provide students with the chance to increase their potential and ability.

School of Education

Paul K. Ankamah is an Associate in the Department of Human Performance and Leisure Studies. He believes that teaching should move students beyond the world of textbooks to encourage critical thinking skills in the field.

College of Engineering

Vinayak N. Kabadi is a professor in the Department of Mechanical and Chemical Engineering. He is committed to bring out the best in his students. Kabadi began organizing rotation session outside scheduled class hours.

School of Nursing

Brda C. Macintosh is a Clinical Assistant Professor. She is committed to respecting the students she works with as unique learners who are able to learn and produce more effectively when they are challenged and listened to.

School of Technology

Sybilwa L. Samah is an Associate in the Construction Management and Occupational Safety and Health Department. He believes that the true education involves preparing students for the duties and responsibilities of life.

employee OF the year

Sylvester Davis A&T's Employee of the Year

2006

2007

Sylvester Davis, a Housekeeper in the Physical Plant Department at North Carolina Agricultural and Technical State University, has been named North Carolina A&T State University's 2006 Employee of the Year. He also received the 2006 State Employees Award for Excellence, where he was honored in the category of safety and heroism for his courage in dealing with emergencies.

"Davis is very diligent in his work and takes great pain to ensure that his work is of the highest quality," said Dr. Sanjiv Sanni, associate dean of the College of Engineering. However, what sets him apart is his vigilant observation of the daily activities in the building, keeping a watchful eye on the people in the building. He has demonstrated his willingness to go beyond the call of duty to take ownership of the safety and security of the people and property in the building. Most other cultures, if it's not my job, it's like, 'let me look the other way.' He's not like that. He wants to make a difference. It's that serious courage in which you can look someone in the eyes or see someone struched, and you go over and say, 'Is there any way I can help you?'"

That happened one late Friday afternoon in April. Davis was taking out the trash when he saw a student trying to climb out of a second-floor window at Cherry Hall, the building beside McNair. Davis took off. When he got to the classroom, he found the student shaking uncontrollably. Davis pulled him from the window and asked, "Are you all right? You're having a seizure." Davis calmed him down by dropping a washcloth on the student's forehead and asking another student to sit with him. Then Davis ran out and called on an ambulance. The student, who was taken to the hospital, turned out to be fine. He hadn't taken his medication. But after that episode, everytime he saw Davis on campus, he'd hug him, shake his hand and say, "You know, you saved my life."

Retirement?

Retirement is the end of work, That's what some seem to say,
But I have talked to many more, Who say it's not that way.

It only means you've left one place, An now must find another,
For all that money you should get, Is feeding someones brother.

So now that you are finished here, We would like to say,
We're going to miss your smiling face, And all those special ways.

You've taught us how you did so well, And made it fun to learn,
But don't forget to call some times, One day you might return.

SWIMMING SOFTBALL BASEBALL TRACK & FIELD CHEERLEADERS HALL OF FAME

The North Carolina A&T Lady Aggie Volleyball season came to an end Friday, November 17, 2006 in Hampton, Va. as the Lady Aggies were defeated by Morgan State, 0-3.

The Ladies, however, had an outstanding season. It began with a home game on August 29, 2006 as they defeated WSSU, 3-0. Unfortunately, the following home game for the Lady Aggies was unsuccessful as they played High Point, with an ending score of 0-3. The following game against Norfolk State in Norfolk, Va. the Lady Aggies were again come up short with an overall score of 0-3. Amazingly, they defeated their opponents four games in a row with scores of 3-1 against Kennesaw State, 3-1 against Loyola College, 3-0 against the NAVY, and 3-2 against North Carolina Central University, A&T rival school, which was a home game played on Tuesday, September 12, 2006. Of the successful games were played in October as the Lady Aggies three consecutive wins including two home games against Elon and Hampton. The scores from these games were 3-1, consecutively. The opponents for October and November were all defeated by the Lady Aggies. Only one game was a home game.

The Volleyball team is coached by Millicent Sylvan (A&T Staff 1971), an assistant coach, Lyndsey Schmiedel (Wkron, 1991) a graduate assistant, Shea Shuck, and manager, Kathleen Lynch. The composition of the team included three freshmen, three sophomores, five juniors, and three seniors. Seniors include the Arlene and Darlene Mitchell, who helped the team win 77.5 percent of its conference matches while winning 66 overall matches in four years and Lauren Walker, who won team MVP 2005-2006 and was the team's top defensive player since her arrival as a sophomore.

The Lady Aggies had an overall season of fourteen losses and seventeen wins from all matches, seven wins and three losses from the conference, and ten wins and eleven losses from the non-conference.

WINSTON-SALEM, N.C., October 24, 2006 – The North Carolina A&T volleyball team showed the rust a nine-day layoff produces, but the Aggies were still able to defeat Winston-Salem State University Lady Rams 3-1 (30-22, 28-30, 30-13, 30-16) on Tuesday evening at the CE Gaines Center in Winston-Salem, N.C. in non-conference volleyball action.

GREENSBORO, November 13, 2006 – Arlene Mitchell became the first Aggies volleyball player to record 1,000 kills and 1,000 digs in a career on Friday night in a 3-0 (30-23, 30-21, 31-29) loss to Gardner-Webb on the road.

GREENSBORO, November 17, 2006 – An era in Aggies volleyball that will be marked by two sisters who helped the team win 77.5 percent of its conference matches while winning 66 overall matches in four years came to an end on Friday. Sports 155

SPOTLIGHT ON you

Arlene Mitchell

Arlene Mitchell returned for her final season in the Aggie Blue and Gold uniform. A three-time Second Team All-MEAC selection led the Aggies to the MEAC Championship Game twice in school history. Mitchell is considered one of the top defensive players and a versatile player that can play any position on the floor.

Arlene ended her career with the Lady Aggies with a grand total of 1,645 kills and 1,010 digs.

v o l l e y b a l l S T A T S

- Arlene and Darlene Mitchell led the team in kills with 113 and 110 respectively.
- The Aggies finished in the MEAC with a 7-3 record and reached the semi-finals of the MEAC Volleyball Tournament.

Games of Grace

SWIMMING SOFTBALL BASEBALL TRACK & FIELD CHEERLEADERS HALL OF FAME

The North Carolina A&T State University Women's Tennis Team season came to an end on March 27, 2007 as they lost to Campbell 7-0 at Butler Creek. The Aggies finished their regular season 3-16 overall and qualified for the MEAC Tennis Tournament in Raleigh from April 20-22. The team has seven players, and is coached by head coach Andy Smith UNC-Greensboro '85L and Volunteer Assistant Coach, Damon Martin NC A&T '04L. This season was Andy Smith's first time coaching at A&T. The team ranges from upperclassmen to freshmen, having one freshman, four sophomores, and two juniors.

The season began on January 13, 2007 with an away game in Elin, NC. The ladies played Elin University, and lost 0-7. Two games after that, on February 4, 2007, the women had an outstanding comeback, and won against WSSU 7-0. Unfortunately, the following three games played by the Lady Aggies were unsuccessful. But, on Friday, February 24, 2007 in Altamonte, Florida, the women played UMES and won 7-0. The regular season of the Aggies ended with their single star player, Christina Ruffin, who was voted in the team's most improved player, in 2005, and the ever improving freshman Jamye Jones assisting their team to its victories and qualification for the MEAC Tennis Tournament.

The overall record for the team this season includes overall record 3-16, Conference 2-7, Region 0-1, Home 1-2, Away 0-3, Neutral 2-1, vs. National ranked 0-0, and vs. Regional ranked 0-1.

Looking back to 2006 - NC A&T Men's Tennis coach James Dunwoody was given five reviews on three letters that have given the program some stability over the last two seasons. At day one of the annual MEAC Round-Up, Damon Jeremy and Jared Martin lost NC&TSU to a sweep of Delaware State (4-0) and Coppin State (4-2).

SPOTLIGHT ON

you

Christina Ruffin was voted as the team's most improved player in 2005 team MVP in 2004 and Rookie of the Year in 2003. She won 1st place in the Gamma Sigma Delta Showcase of Excellence this past fall after finishing in 3rd place in 2005.

Jamie Brungard returns for a final season as an Aggie bowler and is one of two members remaining from the 2003 championship team. As a potential All-MEAC Bowler, she consistently led her team in pin average during the 2005-2006 season with a 201.25 average.

As a three-time member of the MEAC All-Academic Team, Ruffin lists winning the deciding match against Hampton University at the 2005 MEAC Round-Up as his personal favorite athletic moment.

She is also an outstanding student who is on the Dean's List and a two-time MEAC All-Academic Team Selection. She is also a member of the University's Student Athlete Advisory Committee.

Christina Ruffin

Jamie Brungard

The North Carolina A&T State University's Women's Bowling Team completed a season filled with additional wins than last season but more heartaches. Each teammate contributed their dedication and efforts to make this season one that will never be forgotten, especially for the seniors. The team won sought after titles such as the MEAC Divisional Meet for the sixth time and finishing second in the Lady Indian Classic.

"They've done an outstanding job," said bowling coach Courtney Stith. "I'm proud of what we have been able to do considering our numbers. It says a lot about the kind of people we have on this team."

Seniors like Jamie Brungard was an outstanding bowler and leader who helped lead the Aggies through this 2006-2007 season. The Lady Aggies as a team were at their best in and NC&TSU in having an impressive showing at all MEAC competitions. With the addition of former Aggies volleyball player Shae Stark, who firmly established herself as a two-sport standout during her North Carolina A&T athletic career, she earned All-Tournament team honors at the 2007 MEAC Bowling Championships.

The team was not able to bring home any team awards as the Aggies lost in the third round to end their season. The Aggies finished the season 5-12 overall and 2-4-12 in the MEAC. Brungard finished her career strong with an average 174.67 to lead the team this season. Stark ended the season with a 171.11 average.

Looking back to 2006 - The NC A&T Women's Tennis Team established itself as a MEAC title contender, finishing 4-2 in the three-day MEAC Round-Up. The Aggies split a pair of dual matches, defeating Maryland Eastern Shore 6-0, and falling to Hampton 6-0.

Looking back to 2006 - North Carolina A&T Athletics Director, Dave Todd has announced today, the hiring of Andy Smith to be the new NC A&T Women's Tennis coach. Smith becomes the first full-time tennis coach of NC A&T.

AGGIES A Season of Change

SWIMMING SOFTBALL BASEBALL TRACK & FIELD CHEERLEADERS HALL OF FAME

"Our team goal is to be as aggressive as we can. I want them to play hard and play fast. That will be our focus as we move forward and continue to improve. As a coach, I would love to win right now, but I'm aware that it may take a little time. We will take every win as it comes, but the overall focus is for the long haul. It will be a challenge, but the team on the field is a reflection of us as a coaching staff, so we will work hard and practice hard. In coaching, you put pressure on yourself to win, but if you believe in what you're doing and teaching, and if the kids are with you, they will play hard and execute."

Curtis Fobbs Jr. on his goals for his NCAA/TSU Football Team.

The 2006 football season for North Carolina Agricultural & Technical State University became a period of nurturing and growth. The Aggies dealt with adversity throughout the whole season, but they improved with every game. The Aggie fans also displayed vibrant loyalty to the team despite the O-II record. Many of them felt that there will be a few surprises for the opponents of the Aggies, especially if they have the task of coming in to Aggie Stadium. Fans will be ready to cheer and remain behind their team.

This season also marked the emergence of team leaders Curtis Walls, Michael Ferguson and Wayne Campbell. This nucleus of players will provide the leadership and determination to face that await them during the 2007 season. Curtis Fobbs is truly laying down the foundation for success at North Carolina A&T State University.

Lee Fobbs Jr. became the 10th head coach in Aggie football history when he was announced before media representatives, Aggie boosters, staff and players for the first time on December 2, 2006 during a press conference at the Bryan Fitness & Wellness Center.

To Wayne Cook, becoming an integral factor in the Ladies' success during the season. Even at the Treadmill, he was directing.

The Lady Aggies played with heart and spirit this year. Their passion and talent for Basketball is hard to find.

The Lady Aggies iron circles around their competition on their way to an 11-2 record at home this past season.

No one had an answer for winning the rebounding battle against A&T. The Lady Aggies ruled the point.

Laying the Foundation

SWIMMING SOFTBALL BASEBALL TRACK & FIELD CHEERLEADERS HALL OF FAME

When the season began for Coach Bibbs and her Lady Aggies, many critics believed that they did not anticipate the success they would earn. With a team of all but one underclassman, Junior, Jasmine Gordon, growing pains for the team were rampant because Coach Bibbs only returned two players from last year's team. But where they lacked in experience, they had in talent.

The Lady Aggies set the tone for the season by winning their home opener over Stetson, 61-42. The Lady Aggies learned early that Sophomore transfer student Amber Bland and Freshman To'Wana Cook were key assets to their team's success for the season. Bland and Cook averaged almost 34 points a game. These two players, along with Brittanie Taylondjames, led the Lady Aggies to an 11-2 Home record and second seed in the MEAC Tournament. Every home game, the ladies played became a hostile environment for visiting teams.

After their inexperience in postseason play came to a head in their first round loss to Florida A&M, 21-21, giving them a 17-13 record for the season. Amber Bland and To'Wana Cook received postseason honors including To'Wana named as MEAC Rookie of the Year, the first ever title for any Lady Aggie. Amber Bland received All MEAC Freshman honors as well.

Many people will be expecting the Lady Aggies to build upon their success of the past season and compete for a MEAC regular season title as well as a berth in the NCAA Tournament. The Lady Aggies are indeed laying the Foundation for success in NCAA Basketball.

SPOTLIGHT ON you

To'Wana "Twee" Cook was named the MEAC Women's Basketball Rookie of the Year becoming the first Aggie rookie in the history of the program to win the honor. Cook, 15-8, Fayetteville, NC, recorded five or more assists 13 times this season. She scored 20 or more points five times and reached double figures percent 23 times.

Cook was also named to the MEAC all-conference second team. Cook helped the Aggies to their best season in 11 years. She also helped them to a second-place tie in the MEAC, the school's highest finish in 12 years.

To'Wana "Twee" Cook

WOMEN'S basketball STATISTICS

Three Aggies averaged over 14 points a game during the 2006-2007 season. Amber Bland led this group averaging 22.5 points a game. Brittanie Taylondjames averaged 14.3 points and To'Wana Cook averaged 14.1 points.

Amber Bland is a first-team All-MEAC selection who led the conference in scoring and ranked 21st in the nation in scoring. Cook led the conference in assists and was fourth in the conference in scoring and was a second-team All-MEAC selection. Taylondjames is also a second-team All-MEAC selection for the 2006-2007 season.

GREENSBORO

November 10, 2006

— So, what's the big deal about playing Division I women's college basketball? North Carolina A&T's three freshmen starters — Lumina Smalley, Lamea Coulter and To'Wana "Twee" Cook — combined for 43 points, 25 rebounds and eight assists to lead the Aggies to a 61-42 win over Stetson at Corbett Sports Center Friday night.

GREENSBORO

January 29, 2007

— All the numbers sound impressive. With North Carolina A&T's 91-69 win over Hampton Monday, the Aggies are 12-1 overall and 7-2 in the MEAC. To'Wana "Twee" Cook led the way with 23 points, eight rebounds and four assists. While Amber Bland finished with 21 points, seven rebounds and seven assists.

RACE 3A

March 8, 2007

— Patricia Cage-Bibbs didn't seem too disappointed, distraught or angry on Thursday afternoon despite the North Carolina A&T women's basketball team bowing its season come to an end with a heartbreaking 21-42 loss to Florida A&M in the 2007 MEAC Tournament from the JBC Center.

Return to Glory

SWIMMING SOFTBALL BASEBALL TRACK & FIELD CHEERLEADERS HALL OF FAME

Corbett Sports Center became the place to be during the Basketball season. With three games on ESPN, North Carolina A&T State's Men's basketball team, led by Coach Ervies, had the best home court in the MEAC, as said by fans, alumni, and the Media: Excitement and energy from the first Home game, against Longwood that the Aggies won 17-52. This game was the first home appearance for transfers Steven Rush and Glenn Nelson. Both players proved to be valuable commodities for the Aggies this season.

This game also marked the presence of the Aggie Marchers. These students, with the Blue and Gold Marching Machine, brought energy to the Center that has been missing for years.

The season had its shares of humps in the road, but the Aggies kept their eyes on the prize. This commitment to learning and improving led to a victory over Southern Methodist University, in Dallas, Texas by a score of 60-76. This was the first victory over a major Division I opponent since a victory over a Big XII team, Texas A&M in 1992. The Aggies also inked out victories against Ohio University, Arizona State University, and New Mexico University. These losses were by an average of seven points. With the entire team gaining experience each game and a home record of 2-3, the Aggies secured a number 3 seed for the annual MEAC Basketball Tournament. The MEAC Tournament featured the Aggies' high-powered offense in a home-type atmosphere. Their tournament included a 15 point victory over Norfolk State, who took the Aggies through a tough, but low-scoring game during the season. Then the Aggies ran out of gas against the eventual MEAC tournament winners Florida A&M.

With all but three seniors returning next season, many expect the Aggies to be favorites in the MEAC. Some are even expecting them to surprise many teams during the 2007 season, but all of this could not be possible without the return to excellence during the 06-07 season.

GREENSBORO

January 27, 2007

Greg Roberts said he remembers the not-so-good old days and enjoys these kinds of days much better. The North Carolina A&T Men's basketball team improved to 24-1 at Corbett Sports Center this season with an 80-60 win over Norfolk State.

GREENSBORO

February 19, 2007

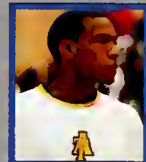

The North Carolina A&T Men's basketball team are on their best when Steven Rush is getting good looks, when Jason Wills is sinking to the basket and grabbing rebounds and when Greg Roberts is playing tenacious defense.

RALEIGH

March 8, 2007

In preseason workouts, North Carolina A&T head Men's basketball coach Jerry Ervies made his team run five miles for days like Thursday. The Aggies were down Norfolk State with consistent substitutions and on up and down style advances to the semifinals of the 2007 MEAC Basketball Tournament for the first time in six seasons with an 80-60 win over Norfolk State.

SPOTLIGHT ON you

Stephen Rush, Guard

Steven Rush made history this season when he became the first North Carolina A&T Men's Basketball player in seven years to win MEAC Player of the Week honors. Rush became the first Aggie to earn All-MEAC first-team honors since the 2000-2001 season. Rush, who graduated from Greensboro Day School, came in with the reputation of being an outstanding shooter.

He lived up to those expectations. Rush led the MEAC in 3-pointers made per game for the entire season and ranked among the nation's best in the same category for most of the season.

BASKETBALL

- Stephen Rush broke the Aggies single-season record for 3-pointers made in the season and in doing so became the first Aggie in history to hit more than 100 3-pointers in a season.
- The Aggies had 5 players average over 20 minutes per game including Seniors Walter Booth and Greg Roberts.

- Attendance average of A&T's home basketball games increased by over 140% this season to an average of 4040 each game.
- The Aggies finished the season 15-17 overall and 10-4 in the MEAC. NC A&T's win total equaled their win total from the previous three seasons combined. It was the most wins the Aggies have produced in 17 seasons when they went 15-13 in 1996-97.

This swimmer is using excellent body control and showcases her stamina in the Butterfly Swim.

To Swim With Pride

SWIMMING SOFTBALL BASEBALL TRACK & FIELD CHEERLEADERS HALL OF FAME

To the swim team, there is more to life than swimming. Many of the students are on the Dean's List and are apart of many on campus organizations. These ladies are the ultimate time managers and dedication and discipline helped the team succeed throughout their swim season.

Five of the seven returning swimmers maintain a grade-point average of 3.0 and above.

"Our academic goal each year is to have 70 percent of our team to have a grade-point average of 3.25 and above." Head coach Shawn Hendrix remarked. "I want our team to regain (the academic trophy). It's an honor when we win, because it shows the other students/athletes and the student body that academic success is possible. Each class is competing within the team for the highest grade-point average and that helps the team attain that goal."

The swim season began with the ladies splitting their opening meets with Howard and FAMU. They also competed strongly in their meets against Gardner-Webb and Campbell Universities and the Kuchind Invitational. The team finished the season with strong finishes in the HBCU and the Northeast Conference championships.

Overall, the swim team feels to improve in the pool, the classroom and in life. No matter how the team may perform in the future, they will always swim with pride.

GREENSBORO,
September 12, 2006

Doing the Unexpected

SWIMMING SOFTBALL BASEBALL TRACK & FIELD CHEERLEADERS HALL OF FAME

No one expected the Aggie's softball team to compete for the MEAC Title, let alone reach the championship team. But the Aggies did just that and direct brought home their first ever MEAC softball title. This year, the team's leadership came from the class of 2010. The team had only five juniors and seniors and is full of fresh, new stars ready to take softball to new heights never seen at A&T.

Sasha Philpot, a freshman from Stone Mountain, Georgia, led the Aggies pitching staff, winning an amazing 18 games, 3.47 ERA, Earned Run Average, and struck out an amazing 115 batters.

During the season, the Aggies' youth showed and they lost many heart-breaking games. This, however, did not deter the Aggies from looking forward to the MEAC Softball tournament.

The Aggies ride for the tournament championship was not without its bumps in the road. They lost their first game to Howard [H], sending them to the tournament loser's bracket. This is where they finally pulled together and went on a storybook run to the championship game. This included a game-ending Grand Slam by senior, Tabitha Venev, against Florida A&M. They also eliminated Hampton University, the top seeded team for this year's tournament.

Sadly, this would be the highlight of the tournament for the Aggies as they were knocked off by Howard University in the championship game. The Aggies did leave a lasting memory on the minds of their fans, however, by simply doing the unexpected.

BURLING O
February 25, 2007

— NCAATSU's softball team took down two Big East schools during the Elm Tournament over the weekend. The Aggies went 2-3 overall to move their record to 4-7 on the season. The Aggies defeated Rutgers 7-5 and took down Georgetown 8-6. They lost to Campbell, Elm, and the University of Connecticut.

GREENSBORO
March 3, 2007

— For the second straight games, the NCAATSU softball bats wouldn't allow for a seven-inning game. Yohanna White went 2-for-4 with three RBI and Tabitha Venev hit her third home run in two days to lead the Aggies to an 11-1 win over West in Salem State in the NCAATSU Invitational played at the Lady Aggies Softball Complex.

SPOTLIGHT ON you

Tabitha Venev as played catcher, second base and shortstop in her stint at N.C. A&T. She has recorded more than 100 career hits, more than 50 RBI and has career fielding percentage of .952 and has started more game than any other Aggie with 153 starts out of 54 opportunities.

She is a career .259 hitter with 2 career doubles and only 51 strikeouts in 417 career at-bats. She also stolen 23 bases in 24 steal attempts. Earned team MVP honors in 2005 after winning rookie of the year in 2004 and is a three-time MEAC All-Academic Selection.

Tabitha Venev
Catcher/Infielder

SOFTBALL

• Sasha Philpot anchored the Lady Aggies pitching staff ending the season with an 18-11 record, a 3.47 ERA, an opponent batting average of .271 and 115 strikeouts.

• Yohanna White lived up to expectations this season leading the Aggies with a .432 batting average, a slugging percentage of .704, a .555 on-base percentage, 9 home runs and 33 RBIs.

• NCAATSU competed strongly in the season finishing with the third highest batting average of .323 and the sixth highest ERA of 5.17.

• Yohanna White, Tabitha Venev, and Lillian Pullen were named to the 2007 All-Tournament Team.

OPA SPRING C
March 25, 2007

— Tongolo Cravner missed two weeks with an injury. She returned on Friday and it appears she is making up for lost time. On Sunday, she was a combined 4-for-9 with three unearned and four RBI to lead the Aggies to a doubleheader sweep of S.C. State, 13-4 and 12-2.

The Aggies, coached by Keith Shumate, fields a team that has experience to win another MEAC title.

This player is reliving his childhood dream of hitting a grand slam in the bottom of the 9th to win the game.

A Tale of 2 Seasons

SWIMMING SOFTBALL BASEBALL TRACK & FIELD CHEERLEADERS HALL OF FAME

The 2007 baseball season for NCATSU became a tale of two seasons. The Aggies hit their stride before the MEAC Tournament with a 7 game winning streak including a sweep of Jackson State. Before this regular season streak, many have taken the Aggies off the MEAC Championship radar. This gave the just the motivation they needed for the end. The 7 game streak gave the Aggies a 23-31 record with a 14-16 home stand.

The Aggies continued the streak all the way to the MEAC Championship Game. Norfolk State tried to deflate their dreams, but were defeated in the second game between them. The MEAC Tournament Championship featured a powerhouse battle between the Aggies and Bethune-Cookman University. This is where the amazing run for the Aggies ended with a 6-4 victory for the Wildcats.

However, Charlie Gamble did bring home the 2007 MEAC Player of the Year honors. Gamble hit .407, 51 RBIs with a .493 average against his MEAC opponents. Freshman outfielder C.J. Beatty was named MEAC rookie of the Year as he and Gamble earned first-team All-MEAC honors. Redshirt Junior Jeremy Jones and Junior Joe McIntyre earned second-team accolades. Gamble became the second Aggie to earn the conference's Player of the Year award in three years. Jones took home the trophy in 2005.

These leaders, along with their excellent pitching staff, took their team over the top, with wins over Virginia Tech, Cincinnati, Cornell, Elon. They also recorded a sweep during their home and home series with Duke University during the regular season.

The Aggies are looking forward to the MEAC tournament next weekend where they will complete on their magical story.

GREENSBORO
March 22, 2007

As a freshman, Ryan Sellers got his first career start against the red and white of NC State. Sellers was so thrilled about the start against the Wolfpack, he lists it as his favorite athletic moment of NCATSU. But after his pitching performance on Thursday against another team wearing red and white, Sellers may have to change that favorite moment.

NORFOLK Va
March 25, 2007

After a slow start to the season, Junior Zach Primus returned to the form on Sunday in helping the Aggies defeat conference foe Norfolk State 7-2 at Marty L. Miller Field on the campus of Norfolk State University.

GREENSBORO
April 4, 2007

The late innings were again linked to the North Carolina A&T baseball team. Campbell's Robb Meng's two out single in the bottom of the ninth inning gave Campbell an 11-10, come-from-behind victory over North Carolina A&T Wednesday evening at Taylor Field. C.J. Beatty went 2-for-4 with three RBI and his fifth home run of the season. Charlie Gamble also went deep for the second time in his many nights. Gamble was 2-for-5 with three RBI. Nick Mayo and Kyle Kimear had three hits in place.

Sprints 167

SPOTLIGHT ON you

One of the best contact hitters in the MEAC, Joe McIntyre was named first-team All-MEAC as a Sophomore and earned the MEAC Tournament Most Valuable Player Award by going 9-for-16 in the tournament with six RBIs as Freshman. In his career he has a .350 batting average and a .495 slugging percentage. He has struck out only 46 times in 420 career at-bats. He has been especially tough on left-handers with a .388 average and is also a .347 hitter with runners in scoring position.

As a pitcher for the Aggies he made 9 starts, 15 appearances and pitched 52 innings and was solid in the field with a career .969 fielding percentage.

Joe McIntyre

B A S E B A L L S T A T S

• The team ERA was 4.42 and opposing batters only achieved a .295 batting average.

• Ronald Phelps led the Aggies with a 5.02 ERA, 441 recent allowing batters a mediocre .252 batting average.

• The Aggies batted their way to a .362 average, a .553 slugging percentage, a .415 on base percentage, and a grand total of 130 RBIs.

• Charlie Gamble and Joe McIntyre helped the Aggies slug the ball this season. Gamble ended the season with .407 batting average, .453 slugging percentage, 51 RBIs and 10 home runs. McIntyre was not far behind with a .342 batting average, .545 slugging percentage, 45 RBIs and 7 home runs.

David Philat, sophomore, who wears superior focus and turn the wing the deers. Many believe that he can bring back many titles during his tenure at HST.

The women sprinters finished strong in many competitions throughout this year's track and field season.

Thomas Fundamurke, freshman, forces the pace against his challenger. He is another young student-athlete that is looking forward to capturing first place in many races.

The long jump continues to be a strong point for the Aggie Track and Field team, year in and year out.

Leaving Failure Behind

SWIMMING SOFTBALL BASEBALL TRACK & FIELD CHEERLEADERS HALL OF FAME

Track and Field is a sport that requires serious mental and physical dedication of the runner. North Carolina A&T State University track student-athletes exhibit these requirements all year. They participate that demands year-round conditioning and training.

Their 2006-2007 track season began in September with the cross-country portion. The season was marked by Sophomore Keith Burnett leading his team to a fifth place finish at the MEAC Championships in Cary, NC. The women finished 11th in the MEAC as well. Burnett finished the season with 3 top ten finishes out of 5 races, announcing the team about next fall.

The winter brought upon the indoor track season, which the Aggies were very prepared. This season began with the Women winning the 4x200 relay at the Liberty Kick-Off Invitational. The team of Christina Gray, Jennifer Jackson, Camerita Mitchell and Coryle Leasure took the women's 4x200 with a time of 3:57.67. Alexandria Spruiel also ran the sixth fastest time in the MEAC this season and won the 400 meters with a time of 56.69 at the UNC Indoor Invitational. Spruiel also finished fourth in the 60 meter dash with a time of 25.55.

The outdoor portion came with the Aggies motivated to remain disciplined and focused on the remaining meets. With strong finishes at Wake Forest, The Aggie Relays, The International Friendship and Freedom Games and MEAC Championships, the Aggies did very well this track season. They are showing that failure is not an option and are leaving failure behind.

LANDOVER, Md.
February 17, 2006

— NCA&TSU Junior sprinter Justin Bryon broke the Mid-Eastern Athletic Conference Men's Indoor record in the 200 meters with a time of 21.41 to break Hampton's Jerome Mothes' (currently with the NFL's Houston Texans) record of 21.48 set in 2003 on the first day of the 2006 MEAC Men's and Women's Indoor Track and Field Championships at Prince George's Sports & Learning Complex.

GREENSBORO
September 30, 2006

— Rashad Burnett is quickly making NCA&TSU a factor in cross country. The Sophomore out of Henderson, N.C., finished second at the Greensboro Cross Country Invitational on Saturday at Hagan Stone Park with a time of 27:06.1, his best time of the season.

SPOTLIGHT ON you

Justin Bryon returns for his senior season as one of the leading sprinters. The two-time defending MEAC champion in the outdoor 400 meters has added the outdoor 200, the indoor 200 and the 400 meters to his resume in 2005. He looks to become the fastest man in the country as he competes in the 60 meter dash this season. He will continue his duties as anchor leg on the Aggie Relay teams.

The three time NCAA qualifier has won seven MEAC championships in his career and is a two-time MEAC All-Academic Team member.

Justin Bryon

T R A C K & F I E L D S T A T S

• Alexandria Spruiel advanced to the 2007 NCAA Track Championships on Saturday with a fifth place finish in the 400 meters at the 2007 East Track and Field Regionals of the University of Florida.

• Kimone Smith jumped 21 Feet, 2 inches in the long jump to win the MEAC title in the long jump at the 2007 MEAC Outdoor Track and Field Championships at Morgan State.

CHAPEL HILL
February 5, 2007

— Alexandria Spruiel ran the sixth fastest time in the MEAC this season and won the 400 meters with a time of 56.69 at the UNC Indoor Invitational. Spruiel also finished fourth in the 60 meter dash with a time of 25.55.

These cheerleaders demonstrate what "AGGIE PRIDE" means to them by dedicating hard work and commitment to all games.

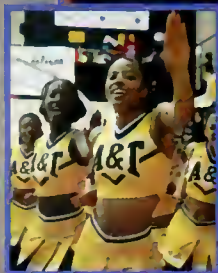

During the games the cheerleaders put up a effort to motivate and encourage the team to give it their all

Many consider NCA&TSU cheerleaders to be the best in the land with aggressiveness and competitiveness they will compete for a MEAC Title year in and year out.

The A&T cheerleaders always bring down the house at every game with their fabulous skill and techniques.

The Dynasty Continues...

SWIMMING SOFTBALL BASEBALL TRACK & FIELD **CHEERLEADERS** HALL OF FAME

Someone had to ship Morgan State. Who better to do it than the North Carolina Agricultural & Technical State University's Cheerleading Squad? The Aggies ended the Bears' 10-year hold on the University All-Girl Division Championship by winning the division championship on Saturday.

The Aggies also won the Overall Championship, coming one division shy of sweeping all four competitions. Norfolk State won the Grand Division. The overall competition included every MEAC school other than Coppin State, Howard and Hampton.

Individually, senior Arlynn Williams took firstplace in the All-Star competition, while senior teammate Kellie Fletcher took third. The young ladies were judged on stunting, jumps, dances, crowd response, creativity and gymnastics. It was a special moment for Williams as she won the competition in her hometown of Raleigh. Fletcher is a native of Fayetteville, NC.

"Each team gets to choose two young ladies to compete in the individual portion," said co-cheerleading coach Arloa Britwe-Rankin. "This year we wanted to put it to a vote amongst our cheer squad. I think they did an excellent job of choosing two deserving young ladies to represent the squad and the University."

In the University All-Girl Division, which means a squad has less than three male members, Mirra Walker choreographed the Aggie routine. The owner of Cheer Carolina in Hillsborough, NC, had the Aggies proficient in gymnastics, stunts, jumps and dances.

Saturday's championships were the Aggies fourth in three years. Two years ago, they won the overall competition, which includes teams with more than three males.

VOLLEYBALL TENNIS BOWLING FOOTBALL WOMEN'S B-BALL MEN'S B-BALL

Arthur Brown

football

Brown came to North Carolina A & T as a defensive player, but was switched to the offense as a freshman in 1970. Playing on the offensive line, he was the first lineman in the history of the MEAC Conference to be named Offensive Lineman of the Week. He went on to become the Aggies most valuable offensive lineman and was named second team ALL- MEAC. Arthur was chosen as a team captain in 1972 and was a member of the Letterman's Club and an Outstanding College Athlete Selection in 1973.

After earning his degree in Business Administration in 1973, he played professional in the Midwest Semi-Pro League for two seasons. He went on to earn his MBA from Atlanta University (now Clark Atlanta) in 1977.

Brown has over thirty years of experience in the automotive, industrial and educational industries working with General Motors, Georgia State University, Georgia Institute of Technology (Georgia Tech), and LeScot Enterprises where he is currently employed. His industry experience includes automotive andasket manufacturing, chemical, construction and recreation.

Arthur is a loyal support of Aggies everywhere and is currently serving his second term as president of the Metro Atlanta Aggie Club.

Ruth Morris

track & field

Ruth Morris carries a major distinction among Aggie athletes and Hall of Fame members. She was the first athlete from North Carolina A & T State University to participate in the Olympic Games. Additionally, she represented the Virgin Islands in the Seoul Games of 1988 and again at the Barcelona Games in 1992. Morris, an outstanding athlete, has excelled at track and field, basketball, power weightlifting and body building. She has also been filmed on television as part of the "American Gladiators" show.

Morris had a superb track and field career at North Carolina A & T. She won numerous events and brought much attention to the track program for her Alma Mater. In her final collegiate event, the MEAC Conference Championship, she pulled off a double- victory with a time of 11.8 seconds in the 100 meter dash and 23.9 seconds in the 200 meters. During her senior year, Morris was awarded Female Athlete of the Year, National Aggie Club Award and Senior Award at the Annual Athletic Awards Banquet.

After completing her Political Science degree with a minor in English in 1993, Morris served four years in the United States Army. While serving our country, she appeared in various Army publications and continued to compete in international competitions. She was awarded the Achievement Award by Army Chief of Staff Dick Cheney. She also appeared in the September 1992 issue of Muscle Magazine and the March 1993 issue of Fitness Magazine.

Presently, Ruth leads an active life as a civilian, including her membership in Habitat for Humanity, where she assists in the renovation and maintenance of homes of deployed soldiers.

Leslie Wright

football

Leslie Wright was considered to be one fo the best finds at A & T College many years ago. A Journal and Guide All CIAA selection for football following his senior season, he was known for his athleticism and his toughness on the field. Wright played on both ends of the field without ever complaining.

His playing prowess can be summed up by a former teammate and Hall of Famer (recently deceased) Milas Kelly who said, "I can think of one athlete that I played with for one year in 1946 that I personally thought was the greatest end that ever played football. Wright was noted as excelling on offense and defense, a true sixty- minute man. Coach Bell never had to tell him to do his job because he always did his job and some of the other teammates as well."

Wright has served loyally the citizens of North Carolina for the past 15 years as the Assistant Sergeant of Arms in the North Carolina State Senate.

"The band who presented
to the Pep Rally and the
race for Homecoming
Concert tickets was
great too!"

Victor Davidson,
Junior

Plus Ralph, featured below, had to show off their
newest members to the crowd.

Middle: When music plays at an A&T event everybody
dances.

Bottom: Darren Brand, Vice President of External
Affairs, hosted the final Pep Rally of his college
career.

On Monday, October 16, 2006, at 5:00 p.m. in Holland Bowl, students gathered to celebrate the spirit of homecoming. There was music, entertainment, dancing, modeling, comedy, music by the marching band, contests, and much more. As more students began to fill Holland Bowl, the Pop Rally became much more exciting because of the crowd involvement. The audience participation within the Pop Rally involved the audience in dancing competitions, razing, and comedy.

but alumni, faculty, and staff ready and anxious for homecoming festivities and the homecoming football game.

Sonetra Bailey, a freshman engineering major, says that, "That pop rally really got me ready for this homecoming week and the game!"

Francis Niles

Sophomore Journalism and Mass Communication major, Enon Walker says that, "The most enjoyable part of the Pop Rally was the dancing competitions."

The Homecoming Pop Rally served its purpose and got not only students,

Left: Students part like the Koolhaas in set up for a race for concert tickets.

Right: "Say Cheese!" Freshman enjoyed their first homecoming in college.

The A&T Cheerleaders helped energize the crowd and let them know that homecoming started.

Even though they represent Atlanta, GA, they are all Aggies.

The fashion show has always been a homecoming favorite among most students. The fashion trunks on campus practiced long and hard to give students the show that they came to see, and they knew that the show would have to be creative enough to grab and hold the attention of the curious students who were already excited from the hype of homecoming.

"We practiced very long hours," Senior Verve model and marketing major Marcus Williams said. "With the creativity of both themes, it is not hard to see that long practice hours were necessary to pull these shows off."

Verve and Couture Productions add a very strong sense of creativity into all of their shows. Unlike the traditional fashion shows in the modeling industry, the two campus organizations have their own way of picking the latest trends in fashion.

Both organizations are known for creating fashion shows that are entertaining just as well as original.

Verve began their part with an airplane scene. The models walked the runway as if they were walking down the aisle of the plane.

Although the intro was breathtaking, the show only got better. Verve changed the scene with a plane crash into the jungle. This gave the models a chance to change their style of clothing from sophisticated to exotic and wild like.

Couture did not fail to deliver a creative dose of fashion either, also beginning with a memorable intro. They began their segment of the show by introducing their theme with the use of angels. The angels used spoken word to introduce the concept of the fashion show. Their theme was "Trapped in Urban Jungle." The show focused on the goodness and darkness of life. It began with an angelic intro and shifted into a darker side of the theme. Couture kept transitioning the focus of their theme. The show included dark angels with black wings and lingerie. Hard core music was also used to demonstrate the transition from one part of life to the other.

"One of the things I liked most about Couture's show was their statues. They had statues on the stage. I thought that was great. At the end of the show, the statues got up and modeled too. It was cool," said Edwards.

The fashion show did not fail to keep students entertained and enthusiastic about homecoming, and students were even more excited to be in the newly rebuilt Harrison Auditorium.

"Harrison looks so classy now. It definitely added more hype to the fashion show," said Senior Industrial Engineering major Kenneth Florence.

At three o'clock in the afternoon on October 19, 2006, all classes were cancelled in response to the 2006 Founder's Day. Students, faculty, and staff filled Harrison Auditorium to receive the 2006 convocation address by Justice Henry E. Frye.

Chancellor Lloyd V. Hackley presided over and the University Band, led by Dr. Kenneth Kuff, initiated the festivities.

The band performed as the platform guests marched in. The Army/Air Force ROTC Cadets posted the colors and led the Marge of Allegiance following the procession of the platform guests. Chancellor Lloyd V. Hackley welcomed the audience, who then joined together and sang "Lift Every Voice and Sing."

Amrita Moody, SGA President; Crystal Williams, Miss A&T; Jim W. Phillips, Chair of the Board of Trustees; and Teresa Davis, National President of the Alumni Association followed "Lift Every Voice and Sing" by greeting the audience to the convocation.

The University Choir, conducted by Sonya Bennett-Brown, enlightened the audience with a musical selection. Next, Dr. Peter Meyers, Director of the University Honors Program, recognized the honor students in the audience, followed by Delores Todd, Athletics Director, who recognized the student athletes in the audience.

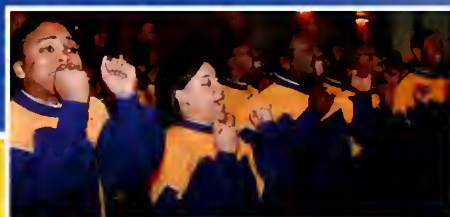

The A&T Fellowship Gospel Choir, directed by Ronald Jones, serenaded the audience with a selection. After a distinguished and astonishing program.

Dr. Janice G. Drewington, Provost and Vice-Chancellor for Academic Affairs, presented the guest speaker.

The 2006 Convocation Address by Justice Henry E. Frye, distinguished professor, left the audience speechless with a phenomenal speech.

The conclusion of the program was first done by Chancellor Lloyd V. Hackley with some closing remarks, the A&T song by the audience, the retrieval of colors by the Army/Air Force ROTC Cadets, and finally, the procession of the platform guests accompanied by the university band.

-Whitney Dickens

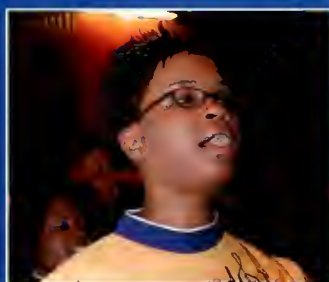

The North Carolina A&T Fellowship Gospel Choir uplifts the Lord to bring God's presence into the auditorium.

Founder's Day

The University Choir entertains the audience through one of their many genres of music: gospel.

The North Carolina A&T Fellowship Gospel Choir soloist, Phyllis Larkhart, gracefully leads the award-winning choir.

The Essence of Praise, Lorraine Wilson and Amber Brown danced to "Amazing Grace" sung by the North Carolina A&T State University Fellowship Gospel Choir.

Left: With Chancellor Hankley's support, the College of Arts & Sciences, Don Michael Hater read a proclamation for Chief Justice Harry Frye.

Right: Student Government Association President, Anita Moody, has shown outstanding leadership to A&T.

"Judge Frye inspired all who attended to be better Aggies."

Brandon L. Fullum, Junior

Dr. Sullivan Welbourne, Vice-Chancellor of Student Affairs, has supported the students of A&T for over thirty years.

Lawrence Wiggins, Darren Brand, and Marvin Jones attended the Founder's Day celebration to recognize the significance of the day.

coronation 2006

As Mr. Aggie for the 2006-2007 school year, Walter Taylor lived up to expectations. While matriculating through North Carolina A&T State University, he "realized the importance of knowing the importance of success and preparation."

Walter obtained the position through the Annual Mr. Aggie Pageant, hosted by the Student Union Advisory Board. "I decided to run for Mr. Aggie because I saw a great opportunity to represent this university in a manner that I feel was needed," said Taylor. Mr. Aggie felt the support of his fellow student body throughout the pageant. Taylor, a Junior Business Administration from Kinston, NC, is also involved in many other extracurricular activities that represent the school such as Aggie Monarchs, the Miss A&T competition in Atlanta, hosting the Homecoming Fashion Show, as well as hosting several S.U.A.B. events.

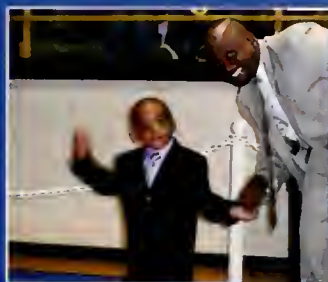

Throughout the Mr. Aggie pageant Taylor showed self-confidence resulting from the preparation he had gone through to win the title of Mr. Aggie for the 2006-2007 school year.

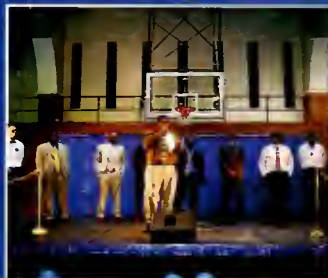

The Student Union Advisory Board prepares the Mr. Aggie Pageant every year.

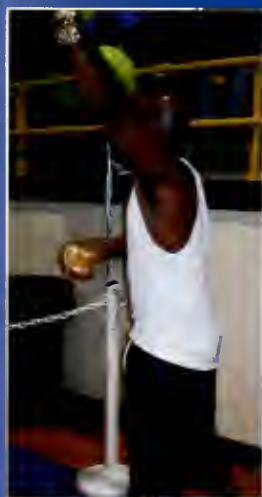

Walter Taylor showed much "Aggie Pride" to appeal to the judges and student body.

Candidates were interactive with their talents.

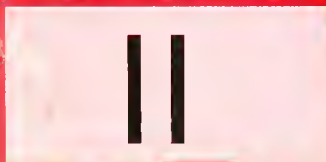

These men came prepared to serve as "Mr. Aggie."

As a contestant for Mr. Aggie, the participants in the pageant had to model formal wear to show the students how professional they would be.

2006 Coronation

Crystal R. Williams

presents

"A Legacy of Aggie Elegance and Excellence... A Celebration of Community Empowerment"

On Thursday, October 12th, the Corbett Sports Center transformed into a place fit for a queen. Those who witnessed Crystal Runai Williams' Coronation stepped off campus and entered "Aggie Wood." But She did not want to just celebrate her crowning as Miss AST, but instead celebrate the legacy of "Community Empowerment" that her University looks in.

The event began with the invocation by Reverend Candis Brown of New Light Baptist Church Pastor. Christopher Tate delivered a song of joy and compassion.

All organizations kings and queens were invited to literally feel as if they were walking down the red carpet for the Academy Awards, even with the paparazzi taking glamorous photos. Hosts Jerhud Gunn and Courtney Mason kept the Aggie Wood flow smooth and seamless as each king, queen and escorts gracefully walked the red carpet. Then Crystal's fellow class queens, with their escorts, walked down the the red carpet to their seats next to her.

The highlights of the evening was Crystal Williams' recognition of every previous queen. She lived out the dream of millions of girls on her special as she her grand entrance.

The night ended when Anisah Rasheed embarked upon her final walk and later crowned Crystal Williams. Crystal then addressed the crowd and thanked everyone for attending the presentation of "Aggie Elegance."

The Alpha Mu Chapter of Delta Sigma Theta Sorority, Inc. were as sharp performers, earning first place and bragging rights.

To help bring home a win the Alpha Mu Chapter of Delta Sigma Theta Sorority, Inc. invited "Tina Turner" to star at the homecoming show.

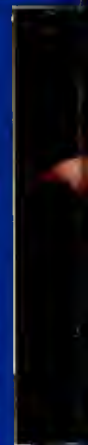

The Beta Epsilon Chapter of Alpha Phi Alpha Fraternity, Inc. relived their gridiron lives as they acted as football players at the step show.

The Zeta Alpha Chapter of Zeta Phi Beta Sorority, Inc. shows A&T what "Z's" mean to them.

The Zeta Chapter of Iota Phi Theta Fraternity, Inc. held down their *Idol* theme.

The Alpha Phi Chapter of Alpha

Step Show

On Friday, October 20, 2006, A&T held its annual Homecoming Step Show hosted by the well-known alumnus Terrence Jenkins from 106 & Park with co-host Travis Bond. The show opened up with entertainers like DJ UNK, followed by comedian Tone X. Tone X who had the crowd laughing and Freeway from Kocafella, who threw down with four of his best hits that got the crowd hyped.

Zeta Phi Beta was the first greek organization to show their act, with *America's Next Top Model*. Alpha Phi Alpha impersonated the Aggie football team, and the Delta Sigma Theta's imitated "Ike" and "Tina Turner", which won them first place. Omega Psi Phi took the crowd back to the days of slavery and the Iota's showed their talent with singing and rapping.

Alpha Kappa Alpha performed *Tomb Raider*, climbing a rack to seek out the precious pearl. Phi Beta Sigma won their third straight step show competition using the classic show, *Fresh Prince of Bel Air* for inspiration.

"I was very excited that we won," said alumna and Delta Sigma Theta member Dorenda Jackson. "The show was hot and a classic and the Iotas and Sigmas were really good. I just wanted to see more from the other Greeks."

Phi Beta Sigma Fraternity Incorporated and Delta Sigma Theta Sorority Incorporated won yet another trophy and a check. But, all the participants worked hard and put on yet another great show for the homecoming crowd.

The member of the Eta Chapter of Phi Beta Sigma Fraternity, Inc. got into character as *The Fresh Prince of Bel Air* at the step show and took home the title.

The Mu Psi Chapter of Omega Psi Phi Fraternity, Inc. looked it up, and even did a bit to top it all off.

The Alpha Phi Chapter of Alpha Kappa Alpha Sorority, Inc. held their hands high.

"The Homecoming Show is something I really enjoyed because it brought thousands of people together for one thing: Aggie Pride"

Crystal Williams, Miss North Carolina A&T State University, greets the crowd with praise and beauty, bringing her smile and warm personality to the hearts of Aggies.

A&T invites the finest schools to cheer in the Homecoming Parade, allowing them to get a feel for the home Aggies live by.

Four child, the parade must start too early for him. Too bad he missed out on all the floats and bands.

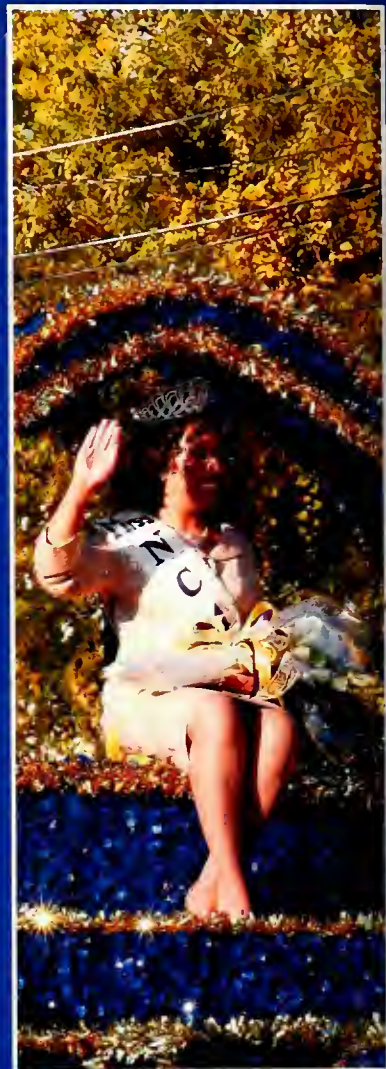

Homecoming has not only brought excitement to A&T students, but it has embraced the Greensboro community.

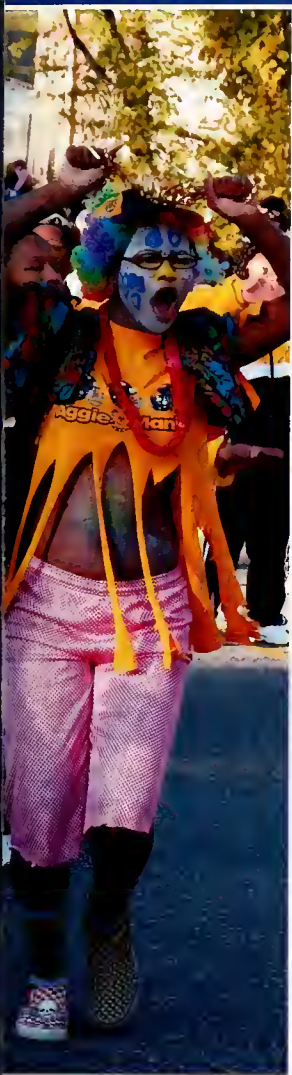

This high school band serenades the onlookers they march down the street and the band's drum major shows off some good dance moves.

"The different bands and the cute dance troops made the parade great"

Natilie Gwishiri, Sophomore

To celebrate the 80th Anniversary of the Greatest Homecoming on Earth, on Oct. 21, 2006 North Carolina A&T alumni and students, as well as the surrounding Greensboro community participated in the annual Homecoming Parade. Starting at 7:00 a.m., the parade featured representatives from various colleges and community organizations, including the usual highlights of Miss North Carolina A&T State University, the Student Government Association, and members of the PAL's program.

Interim Chancellor Lloyd V. Hackley led the parade, waving at the Greensboro community as tourists and alumni lined the streets to get a glimpse of the University's leaders and prominent figures.

This year, students dressed up as clowns and passed out candy to the children as the various floats and cars passed by local homes.

Residents were awoken by the sounds of the Blue and Gold Marching Machine and the Color Guard as they walked the streets. The lovely ladies of Golden Delight broke it down at the various performance sites, much to the surprise and enjoyment of the crowd.

The parade was a great "wake up" for the community, preparing everyone for the highly anticipated game against Howard University later on that afternoon.

-Dexter Mullins

The Blue and Gold Marching Machine, along with the Kappa Kappa Gamma, marched down the street with their grand old Aggie Spirit.

Sigma Kappa Omega Graduate Chapter of Alpha Kappa Alpha Sorority, Inc. waves to the crowd and shows off elegant business wear.

Right The Aggie captains prepare for the game, with their game faces on. Along with the band and the Aggie cheerleaders, the crowd and the football players are hype and ready for a victory.

The Victory demonstrated their dedication to Aggie Athletics by constantly donating.

Mike Caldwell, Wide Receiver, warms up and anxiously awaits the game to begin.

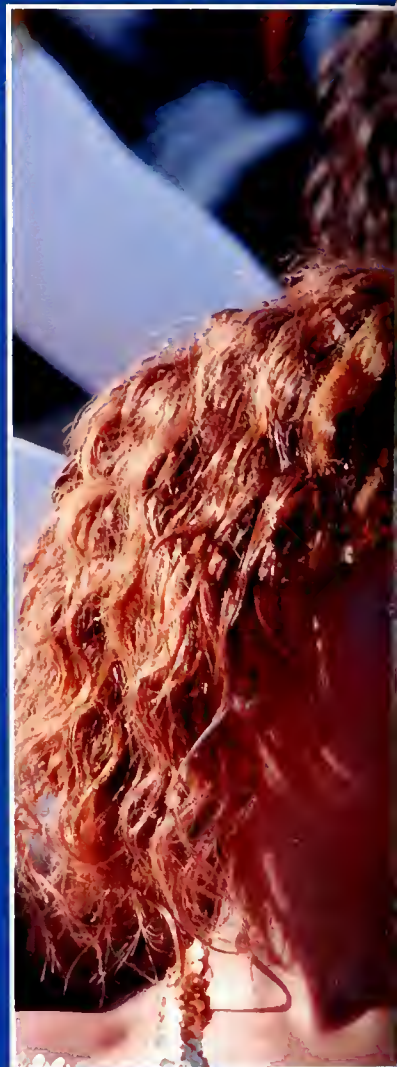

Two Aggie players make a great play and tackle number thirteen at Howard University.

Linebacker, Wilbert Johnson is alert and ready for the next play.

"The halftime show with Flava Flav marching with the band was incredible"

Erika Bazemore, Freshman

Game Day

Over 21,000 Aggies, alumni and now students, embarked upon the annual pilgrimage to Aggie Stadium to watch the Bison of Howard University take on the football team. By the kickoff time on October 21, 2006 the stadium was a sea of blue and gold. Alumni tailgaters fired up their grills as early as 6 a.m. and reminisced over the good old days that they had in places like Scott Hall.

Before the game, the smell of hot dogs, burgers, ribs, and potato salad filled the air surrounding the stadium. Vendors lined every part of the stadium, transforming the walk ways of Aggie Stadium into what some call the Blue and Gold Mall.

The Blue and Gold Marching Machine played their famed fanfare while the football team, led by Michael Ferguson and Curtis Walls, flew out of the field house with energy and intensity that equally matched that of their fans. Everyone was ready to see an easy victory that was heard over and over again on WNAA 90.1 FM. That easy victory occurred but unfortunately, the Bison of Howard University left with the win.

By halftime, with the Aggies scoring 0 points, the energy and fanfare that filled the stadium before the game began had disappeared. The fans really needed something to bring them back into the festivities. So the Blue and Gold Marching Machine came to the rescue but they couldn't do it alone. But out of nowhere, as the biggest surprise of the entire homecoming week, Flava Flow stormed out onto the field with his A&T clock around his neck. He led the Blue and Gold Marching Machine as a honorary drum major.

This was not enough to keep the spirits high as we lost 26-0. But, every fan and player, old and new, held their heads high because this was more than a game, but it's an experience. An experience for many that brings Aggies together from near and far to embrace in the spirit of Aggie Pride.

Francis Niles

Aggie players work hard to keep Howard from scoring any points.

Defensive Lineman, Jermaine Brantley and two other Aggie players, fight to tackle Howard Quarterback, Brandon Johnson.

Center: One of the lead singers of North Carolina A&T State University Fellowship Gospel Choir leads the crowd in a spiritually uplifting experience.

Right: Rap Artist Bushy Rhymes gets the crowd pumped up as he makes his entrance in the Greenbloom Coliseum for his performance.

Above: Essence of House dance team of the Gospel Choir help to bring the spirit into Horizon Auditorium by dancing in tune with the music.

Rapper Lil Wayne continues to perform after throwing his 300 shirt into the audience below.

Members of the band for the Fellowship Gospel Choir play their instruments to help the choir perform to their fullest.

"My favorite part was Lil Wayne singing 'Ima Ride that Bike'."

Latisha Hinton,
Sophomore

To prepare the crowd for the finale of the Gospel Concert, the host introduces gospel artist Tonex.

Kesha Cole gets into her flow as she sings her hit single "Love" acapella. Her voice silenced critics in the audience as she blew away the crowd.

Gospel/ Concert

Starting off the homecoming festivities, the North Carolina A&T Gospel Choir performed on Sunday, October 14 and brought the house down with their very own songs. The Concert also featured special guest Tonex, who was thought to have left the gospel scene. In a special performance, Tonex performed songs from his new album, which was set to drop the next day.

Not to be outdone, the A&T Gospel Choir brought their unique blend of song, dance and praise to the concert that amazed all in their presence. The Essence of Praise dance team also impressed those in attendance with their complicated yet elegant dance moves.

This Gospel Concert allowed Aggies to worship while celebrating their Homecoming Week.

For the fans of hip-hop and rap, the concert that was to follow would be the finale of an amazing week.

The 2006 homecoming concert was the place to be Saturday night, October 21st 2007. The show had all-star performers such as Lil Wayne, Kiesha Cole, Busta Rhymes, and Young Dro.

The show was also hosted by Funk Master Flex. From the day the ticket office opened to the day it closed people were buying tickets.

Flavor Flav started the concert with the North Carolina A&T drumline letting all who didn't know this was an Aggie production under way.

The crowd was in an uproar when Lil Wayne performed and the ladies went wild when he threw his shirt into the crowd. Guys were rapping his songs like they wrote them themselves. Kiesha Cole followed and touched everyone, male and female. The females admired her voice while the males admired other things.

She hit every note and held them as long as she possibly could. Finally, everyone had to get ready for "Busta Bust," aka Busta Rhymes. He had energy from the beginning to the end.

Young Dro proved that he deserved his spot among all the other established artists.

"I thought Young Dro's performance was good, he had a lot of energy," said Vernon Bowers.

The 2006 Homecoming Concert was worth every penny spent on it.

- Elisa Summers Thomas

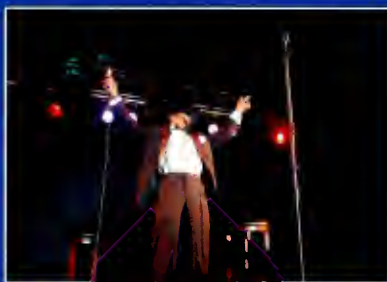

The Fellowship Gospel Choir shows the audience that they can still "break it down" while singing for the Lord.

Katt Williams, AKA "Money Mike" showcased his signature material for fans to enjoy.

Katt Williams and AST Wide Receiver Curtis Walls discussing what it will take for a victory.

Katt Williams proclaims himself to be the funniest comedian of the night.

"That bustin' song by Rick Ross gets you drunk on mottin' when you are over in the library," says Katt Williams.

The AYANTEE Yearbook strongly believes that Red Grant smiles all of the time when he is performing. Don't you agree?

Kicking off the second event of the week on Tuesday for the homecoming activities, the comedy show set the tone of excitement for A&T's 80th year of celebrating homecoming, packing Corbett Sports Center. Students, friends, family and members of the Greensboro community constantly flowed into the gymnasium putting the estimated attendance up to about 8,000 people by 6:45. To entertain the early crowd, they watched the taping of 106 & Park on the jumbo projector. The episode showed Aggies taking over the 106 audience in New York on Monday. The SGA and about 40 other Aggies took the 12-hour bus drive to N.Y. to kick off the homecoming on a more national level. Joining A&T alumni, former SGA president and host of 106 & Park, Terrence Jenkins.

Following the taping, Vice President of External Affairs, Darren Brand, introduced another A&T alumnus, Tonya Staten. Staten warmed the audience up before introducing the actual host of the show, which was Ned Grant. The lineup included comedians Lunelle, Melanie Camacho and Katt Williams as the headliner. Each comedian came to the stage with jokes that kept the audience wanting more. Each also gave good perspectives to college students. Topics discussed were voting, safe sex and living life to the fullest. Although each comedian offered inspiring advice, the jokes that were told that night could only be relived if you attended the show. Lunelle represented for the ladies most of the night and gave men perspective on what women seem to think of their egos.

After getting the audience hype and ready to hear what they paid their money to see, Katt Williams came to the stage escorted by the A&T women's basketball team. Dressed for the occasion, Williams wore a black suit with Jordan's, a fitted and his platinum Lipset chain. Williams, with many punch lines, kept the gymnasium laughing uncontrollably. Williams acknowledged what a great school A&T is and also found out that our football team was not living up to its expectations. Williams called out a member from the football team, inviting him to the stage. Wide Receiver and member of the Beta Epsilon chapter of the Alpha Phi Alpha Fraternity Inc., Curtis Walls, walked to the stage to answer Katt's request. As Williams flaunted hundreds of dollars, he then challenged Curtis and the rest of the team to beat Howard University. He said that he was going to give to the school regardless of the win to support the growth of the school.

The comedy entertained the homecoming crowd and set the tone for the rest of the events. Katt Williams put his mark on the A&T faithful.

VF seating allowed the SGA E-board front row seats and to be subjects of some of the jokes dished out.

"Katt Williams captured what was going on in the world and made it funny."

Lauren Ettson, Senior

Melanie Camacho did a wonderful job keeping the anxious crowd entertained as they anticipated Katt Williams' entrance.

Lunelle gave a absolute fabulous lesson on how to show your girlfriend a good time.

"What made this year the Homecoming on Earth?"

TUESDAY FEBRUARY 20 2007 5:00 PM

Submitted by Dasher Mullins

Your first year of college. Your first midterm. Your first homecoming. Wow! As a freshman at North Carolina A&T, I have had to adjust to a lot of different things, but nothing could have prepared me for the amount of fun I would have during the 10 day extravaganza known as "The Greatest Homecoming on Earth." It wasn't that I got to meet celebrities, (Yes, that was me sitting next to Flava Flav), and it wasn't that I had more fun with my friends than we ever had. It was the simple fact that knowing all these people I was having a blast with were all educated and still knew how to have a good time while they furthered their education. That's what college should be about. I feel bad for everyone who doesn't get a chance to experience that same sense of pride that A&T students get. Homecoming truly is like nothing else on this earth. I will forever remember it.

<http://www.marchingmachine.com>

The Marching Machine is one of the largest organizations on the campus of North Carolina Agricultural & Technical State University. The students serve as ambassadors for the school and represent the best of our student body. As a member, you will have opportunities to travel and experience growth

and development in the areas of teamwork, commitment, organization, discipline, loyalty, unity and Aggie Pride. The Marching Machine strives for excellence and is constantly looking for talented musicians and performers that may assist in the continuation and advancement of the organization. A&T has an

exceptional band program that's been around for almost a century. The Blue & Gold Marching Machine will continue to entertain the masses of North Carolina A&T and be a mainstay of rich tradition and excellence.

The Blue & Gold Marching Machine

The University Pep Band performs for the Men's and Women's Basketball teams for home games and for tournament play. The unit is open to all students of the university and is a high energy group who help to create "Aggie Pride" through performing exciting and arousing music. The group also participates in cheers with the crowds and cheerleaders to help create

the atmosphere for Aggie victories on the court. The Pep Band is not offered as a class so the students of the ensemble volunteer to participate. Mr. Aaron Campbell serves as the director of the group.

NABJ

The National Association of Black Journalists

We, the members of the National Association of Black Journalists, believing that Black journalists nationwide should bind themselves together in an effort to increase Black employment in the media, to increase the number of Blacks in management positions, to encourage and educate young Blacks interested in pursuing a journalism career, and to monitor and sensitize all media to racism, do enact and establish this Constitution for the governance of our members.

Linda Wilson

Do you know Mrs. Linda Wilson?

1. What is her hometown?
A. Greenville, North Carolina
B. Castalia, North Carolina
2. What college did she attend?
A. North Carolina Agricultural and Technical State University
B. Winston Salem State University
3. What did she major in?
A. B.S. in Biology & M.S. in Guidance and Counseling
B. B.S. in Nursing & M.S. in Guidance and Counseling
4. What are her future goals?
A. To travel and have her own Interior Decorating Business
B. To open up a hospital
5. What are her hobbies?
A. Cooking and watching classic movies
B. Exercise, dancing, reading, and spending time with family
6. What is her favorite food?
A. Macaroni and Cheese
B. Talapia
7. What is her favorite music?
A. Jazz, R&B, and Contemporary Gospel
B. Classical, Light Jazz, and Gospel

Linda Wilson

What is a typical day like for you?

A typical day starts out with an early morning walk with my husband, Otis, then off to work where I manage the day-to-day operations of the Sebastian Health Center, working side by side with such a fine supportive staff.

What was your most memorable Aggie moment?

When I first come to college, my experience in coming to college and understood how college life differs from high school, and met so many life long friends

What is Aggie Pride for you?

Aggie Pride is so many things to me, first becoming a student at North Carolina Agricultural and Technical State University and receiving two degrees from A&T, homecoming, my youngest daughter graduating from A&T, and being employed for 22 years at the finest University in the country, "Aggie Pride"

How have you impacted the student body?

It is so rewarding to work with the students you don't think of it that way you just hope that you will "do the right thing for them". Their health care is always number one to me and my staff, so I do look at this as an impact. Students just get in your heart and you find the time to help them. I feel so blessed. I have had so many wonderful opportunities to work side by side with students on different committees/organizations. When they say to me "Mrs. Wilson thank you, we couldn't have done this without your guidance" I know then I did the right thing and they have learned an invaluable skill that will last a life time.

How did your time in college prepare you for your

career and/or future endeavors?

I had the best instructors in the world who always went that extra mile to insure you could compete with anyone on any level, and that's what I took with me. Preparation! It was a global education.

Where do you see A&T in the future?

I see North Carolina A&T State University doing what it does best, Educating and preparing students to go out into the world and become leaders and productive citizens.

How do you feel about the role of Historically Black Colleges and Universities?

I feel the role of Historically Black Colleges and Universities is critical to the development of African American students. Historically Black Colleges and Universities are the cornerstone of the educational system.

What strengths and skills have you developed since you have been an A&T employee?

The skills I developed are: leadership & organizational skills. My strengths are: patience, management, growth and listening.

Did you participate in the civil rights movement?

If so, what did you do and how did you impact your community?

The civil rights movement began several years prior to my coming to A&T, but I was very aware of it, in fact, it helped influenced my decision to come to North Carolina Agricultural and Technical State University

What is your motto?

My Motto has always been one that I adopted from my Mother "Do the Right Thing"

Frankie Day

Do you know Mrs. Frankie Day?

1. What is her hometown?

A. Charleston, South Carolina

B. Fort Lawn, South Carolina

2. What college did she attend?

A. University of South Carolina and New York University

B. South Carolina State College (University) and Southern Illinois University

3. What did she major in?

A. B.A. in Theater & Minor in Speech (1978)

MFA in Theater (Acting/Directing) (1980)

B. B.A. in Acting & Minor in History (1978)

MFA in Film Criticism (1980)

4. What are her future goals?

A. To enroll in a Doctoral Program and adopt a child

B. To direct Broadway and travel the world

5. What are her hobbies?

A. Reading, Curling up on the couch and watching old movies, shopping, and hanging out with mom.

B. Dancing, singing, teaching and shopping at the mall

6. What is her favorite food?

A. Fruit

B. Vegetables

7. What is her favorite music?

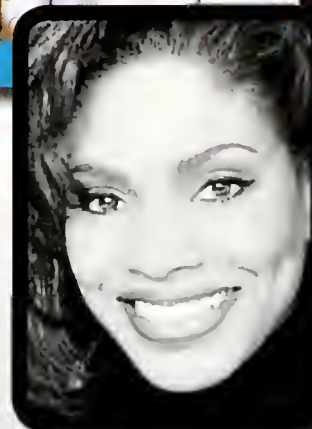

A. Gospel

B. R&B

8. What is her favorite theater show?

A. Antigone by Sophocles

B. Philoctetes by Sophocles

Frankie Day

What is a typical day like for you?

A typical day for me starts very earlier. I have my morning devotion and prayer, call my mother (we share what's going on in our lives and back home in South Carolina, exchange our "I Love You's" shower and dress, eat a breakfast that consist of a veggie sausage on a half of wheat bread or maybe a whole-wheat pancake, a cup of juice or soy milk. I try to catch-up on class administrative or personal work that I didn't finish the day before, occasionally pack my lunch along with a few snacks because I know my day will be long. I leave for work and arrive on campus to a nonstop day. (When my baby was still alive [GeGe, my toy coodle, she died last August] I would feed her and administer her medicines [she was 14 years old], spend a little quality time with her and get her comfortable before I left home to go to work.) I usually have several students already waiting to see me, most of them have not scheduled an appointment but I address their issues, which usually takes time away from something else I had in mind to do that day. I teach my classes and usually some of the students follow me from class with questions others just want to sit in my office and discuss their future in the arts. I've tried over the last 2 to 3 years to get them to understand that my role has changed. I have a lot more administrative responsibilities but they still all want their time with me. Somewhere in all of this I try to find a bite to eat. I rarely leave campus for lunch. But I'm working on changing that! I address the day-to-day program concerns, attend a meeting here and there, right reports etc. (all the things that go with running an academic program) and solicit a student to get me a salad from the cafeteria before going to rehearsal. If I'm directing at that time (When GeGe was alive I would go home before rehearsal to check on her.) Rehearsal usually ends at 10:00am and later if technical rehearsals are going on. If I'm not in rehearsal, I'm usually working in my office completing unfinished tasks from that day. At other times my evenings are spent coaching students that are preparing for theatre scholarship competitions and graduate school admission. By the time I get home, I'm exhausted. I thank the Lord for my day, the good and the bad and I welcome a good night's sleep. So, a typical workday for me is 3 to 14 hours.

What was your most memorable Aggie moment?

I have several memorable Aggie moments but the most recent one was when a student Natasha Williams came back to A&T to perform for the Visual and Performing Arts Department Dance and Theatre Gala. She is currently starring on Broadway in the *Color Purple* at the New Amsterdam Theatre. She was so generous and giving of her time and talents to our theatre students. I just want to thank the University, the Department and Theatre Arts program, for the opportunity to have her back. I was proud that I had participated in fostering her development. It was a testament to the training and hard work of our students and faculty in the Theatre Arts Program.

What is Aggie Pride for you?

Aggie Pride for me is an attitude of appreciation and gratitude for our rich history and rich heritage of producing excellence in their faculty and students. It's the pride in utilizing the knowledge, education, talents and gifts that one possesses. It's the pride in being full of integrity. It's being the best that you can be in all areas of your life.

How have you impacted the student body?

It is my hope that my efforts as Theatre Arts Program Director and Executive Director of the Robeson Theatre along with the support of talented theatre students, faculty and staff that we produce on campus "Theatre at A&T" has provided enlightenment, education and entertainment to a new generation of theatre goers who will continue to support and experience "live" theatre long after they leave HBCU.

How did your time in college prepare you for your career and/or future endeavors?

I had a wonderful college and graduate school experience. I had great teachers that mentored and encouraged me in my love for the theatre. I had supportive and loving friends that shared my enthusiasm for the arts, soaked up all the knowledge that I could in the classroom, in rehearsals and in performance. I embraced the opportunity to learn not only from my teachers but other talented students in the program. I learned the art of sacrifice, hard work and focus. I spent long hours toward developing my craft. I was very mindful of the relationships that I established. I wouldn't allow anyone or anything to keep me from reaching the goals I set for myself. I stayed clear of negative situations and people. I affiliated myself with positive individuals that demonstrated the kind of qualities that would add to my development as a productive citizen and artist. My mother instilled in me to pick my friends carefully. She is a disciplinarian that taught me to love and respect myself and my God-given gifts.

How do you feel about the role of Historically Black Colleges and Universities?

The role of HBCU is vital in the nurturing and development of our African American students. I attended an HBCU (South Carolina State) and wouldn't take anything for that experience. The training, support and genuine concern provided to me by the teachers at SCSC served to impact my life in profound ways. So many HBCU have rich legacies to draw on for African American students. The history, knowledge and pride gained in knowing whom I was by attending an HBCU served me well when I entered graduate school in Illinois in 1978. Especially having been trained in theatre at an HBCU, I was more knowledgeable about Black playwrights and plays. African American history than the majority of my professors. I not only knew the works of Chekov and Ibsen but also the works of Ed Bullins and Alice Childress. Aggie theatre students graduating from our program will know the theatre contributions from both perspectives: Afrocentric and Eurocentric.

What strengths and skills have you developed since you have been an A&T employee?

I came to A&T in 1987 as a teacher of theatre and since that time I've grown into an administrator. A&T has provided the opportunity for me to develop and strengthen my leadership skills as an administrator.

What are your memories of the civil rights movement?

I was born in 1956 and the civil rights movement started in the 1960's and flourished in the mid sixties. I was too young. But I do remember as a little girl the riots that took place in DC after Rev. Dr. King was assassinated. We were riding in the car and I recall seeing stores burning and people running out of stores with TVs and all sorts of items.

Dr. Judy Rashid

Do you know Dr. Judy Rashid?

1. What is her hometown?

- A. Greensboro, NC
- B. Hometown Wilson, NC

2. What College did she attend?

- A. NCA&T (BS and MS), NC State (EdD)
- B. UNCG

3. What is her Major?

- A. BS (Psychology); MS (Educational Media); EdD (Higher Education Administra.)
- B. Chancellor Studies

4. What are your future goals?

- A. To help more South African youth thru my CARE AND SHARE FOUNDATION
- B. To be the Chancellor of A&T

5. What are some of your hobbies?

- A. Combing the beach, African travel
- B. Reading

6. Favorite Food

- A. luscious salads
- B. Italian

7. What is your favorite type of music

- A. Ballads and Freedom Songs
- B. R&B

Answers:

1. A, 2. A, 3. A, 4. A, 5. A, 6. A, 7. A

Dr. Judy Rashid

What is a typical day like for you?

- Go through my in-house mail tray and sign related business for any of the six (6) departments that I supervise and consult with the directors of those areas (SGA, Multicultural Student Center, International Students, Veteran and Disability Support Services, Greek Life, and Student Judicial Affairs)
 - Read e-mails and do the following: correspond to, forward to, note meeting dates, or download and print out relative information
 - Return/receive phone calls
 - Serve over student judicial hearings (cases of misconduct)
 - Attend university wide meetings
 - Meet with the Vice Chancellor for Student Affairs
 - Meet with students that I mentor on special projects (i.e. Pon McNair Scholars, UNC in Washington Program Scholars) SGA or other student leaders students who may just want to see me for various reasons
 - Initiate various documentation: reports, correspondences, policy
 - Attend student events
- NOTE: All of the above happens everyday, and I still love what I do (smile)

What was your most memorable Aggie moment?

When I received my doctorate and was able to continue to work at my alma mater

What is Aggie Pride for you?

The spirit of knowing that you are a student or proud graduate of a wonderful institution that expects you to excel in all that you endeavor

How have you impacted the student body?

I would hope that students are able to say that over the years I "cared enough to share"

How did your time in college prepare you for your career and/or future endeavors?

As a child, and particularly while in college, I was blessed to have a long attention span to details, documenting, and organizational skills. I've always loved studying and finding out more about whatever peaked my curiosity (researching a particular topic more, traveling or just going down a hill to get closer to a creek). These interpersonal skills have served me well while pursuing graduate degrees and certainly in my career.

Where do you see A&T in the future?

I trust that I will be able to continue to serve my alma mater in a progressive manner until retirement

How do you feel about the role of Historically Black Colleges and Universities?

HBCUs are part of the landscape of higher education in America and have served in a significant role in the education of the people of America, particularly for the African American, just as PWIs (Predominantly White Institutions) or PTIs (Predominately Tribal Institutions) as they are often referred to

What strengths and skills have you developed since you have been an A&T employee?

Team membership, team building, and team leadership

Did you participate in the civil rights movement? If so, what did you do and how did you impact your community?

Having been born in 1952 and growing up in Wilson, NC, I witnessed the "white only and colored only" signs in public facilities such as restaurants, water fountains, bathrooms, and the bus and train station. Thus, at the age of 15, I sought through religion and civic involvement to understand why this was so. I never accepted the fact that I nor any people should be subjected to wrong doing because of the color of their skin. I realized early on that I must get an education so that I could choose a better quality of life for myself and my family. Since then I have also used my influence to foster understanding among all and better conditions for others.

What is your motto?

Care enough to share.

Anthony Welborne

Do you know Mr. Anthony Welborne?

1. What is his hometown?

- A. Salisbury, NC
- B. Charlotte, NC

2. What college did he attend?

- A. Fayetteville State University
- B. North Carolina Agricultural and Technical State University

3. What did he major in?

- A. BS. Industrial Education (Electronic), MS: Educational Electronic Media
- B. Broadcast Productions

4. What are his future goals?

- A. Manage a major radio station
- B. Retirement

5. What are his hobbies?

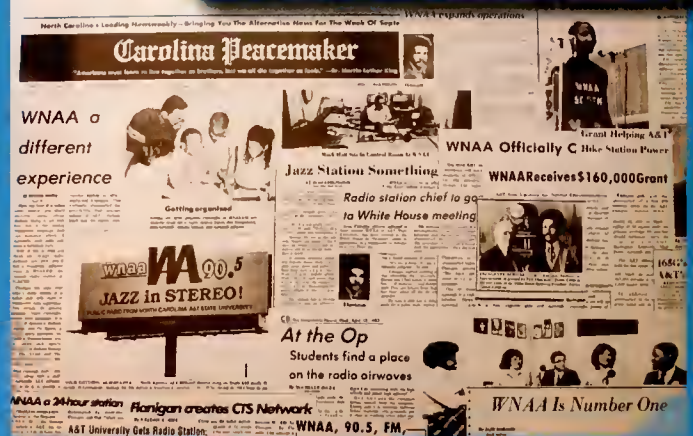

- A. Reading
- B. Photography

6. What is his favorite food?

- A. Seafood
- B. Spaghetti

7. What is his favorite type of Music?

- A. R&B from the 50's and 60's
- B. Jazz

Anthony Welborne

What is a typical day like for you?

Insure there were no major problems with the radio station during the night.

Check and respond to emails and phone messages.

Prepare for and teach my classes.

Advise students.

Prepare program logs for the next broadcast day.

Meet with the radio station staff.

What was your most memorable Aggie moment?

In 1983 when we signed WNAA on as a full power FM station.

What is Aggie Pride for you?

Being a good person and productive citizen.

How have you impacted the student body?

By teaching working with A&T students for over 35 years.

How did your time in college prepare you for your career and/or future endeavors?

College prepared me and inspired me to learn more and do more.

Where do you see A&T in the future?

Continuing to be an open door and conduit for anyone pursuing an education.

How do you feel about the role of Historically Black Colleges and Universities?

Unless society changes. I feel there will continue to be a need for HBCU's.

What strengths and skills have you developed since you have been an A&T employee?

Patience and perseverance

Did you participate in the civil rights movement? If so, what did you do and how did you impact your community?

I came to A&T in 1964, so I had an opportunity to march with and meet many of the civil rights leaders of the day. I know the lessons I learned from people like Dr. King, James Farmer, and others helped to make me a better person and a more productive citizen.

What is your motto?

There is something to be learned in everything.

Arnita Moody

Do you know Ms. Arnita Floyd Moody?

1. What is her hometown?
 - A. Greensboro, North Carolina
 - B. Philadelphia, Pennsylvania
2. What college did she attend?
 - A. North Carolina Agricultural and Technical State University
 - B. The State College of Pennsylvania
3. What did she major in?
 - A. B.S. in Management
 - B. B.S. in Student Government Association
4. What are her future goals?
 - A. Serving on the Board of Trustees again for NCA&TSU
 - B. To run for President of the United States
5. What are her hobbies?
 - A. She doesn't really have any
 - B. Exercise, dancing, reading and spending time with family
6. What is her favorite food?
 - A. Macaroni and Cheese
 - B. Lasagna
7. What is her favorite music?
 - A. Jazz, R&B, and Contemporary Gospel
 - B. Gospel

feat

Arnita Moody

What is a typical day like for you?

Wake up early, exercise, pray, finish homework, check e-mail, go to class, go to ALOT of meetings, fix and address student concerns, go to SGA office, go to group meeting, and eat whenever I get a moment.

What was your most memorable Aggie moment?

My most memorable moment is when I spoke at the freshman orientation opening session and got a standing ovation. The Class of 2010 is truly the future. Also every moment that we all were together as one on my E-Board.

What is Aggie Pride for you?

Aggie Pride is giving unselfishly of one without expecting anything in return. It is your absolute best performance getting up early community service sharing your flex dollars tutoring much more than the games and just wearing gold it's a lifestyle!!

How have you impacted the student body?

The Student Government Association along with COP, Pan-Hell, SUAB and RHA worked tireless

together to have purposeful programming. My administration believes that we achieved giving the students a voice and also aided in opening SGA to every Aggie. I have not made a impact alone but through my E-board SGA, the student body.

Aggie Maniacs- Brought a Revival of Aggie Pride

Senate- Closed up a lot of loose legislation

E-Board- We stayed true to our character, whether we were in the Board of Trustees or in the Holland Bowl we were tasteful, respectful, loving and effective, concurrently.

How did your time in college prepare you for your career and/or future endeavors?

Becoming an Aggie has propelled me into the strong Black woman I am, because God and A&T were used as a vehicle to mold me.

Where do you see A&T in the future?

Visible and active in the community, representing African American views, reaching the vote, demanding our rights, educating African-Americans by giving them an education better than any university by nurturing, growing and challenging students.

How do you feel about the role of Historically Black Colleges and Universities?

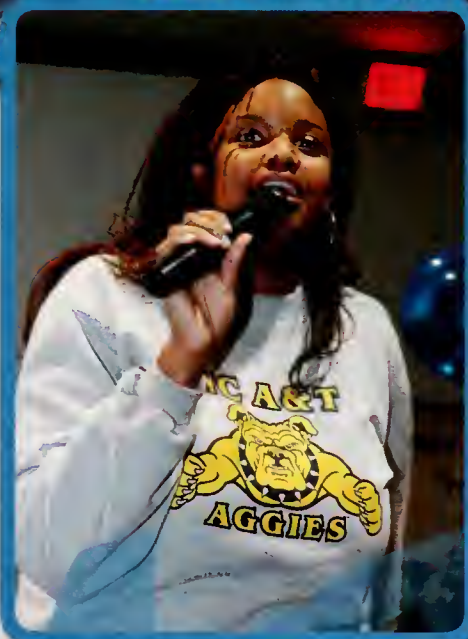

That only HBCU's can educate, nurture, and grow African-Americans in a special way because of our history. However students must optimize their experience, alumni must give back, and leadership teams must be good stewards of our institutions. We must care for our plants, or else they will wither and die.

What strengths and skills have you developed since you have been an A&T student?

Tolerance, Charisma, Patience, Discernment, Delegation, Responsiveness, Assertiveness, Proactivity

What is your motto?

This to shall pass.

In the rising of the sun and its going down,
We Remember Them.

In the bowing of the wind and in the chill of winter,
We Remember Them.

In the opening of the buds and in the rebirth of spring,
We Remember Them.

In the blueness of the skies and in the warmth of summer,
We Remember Them.

In the rustling of the leaves and in the beauty of autumn,
We Remember Them.

In the beginning of the year and when it ends,
We Remember Them.

When we are weary and in need of strength,
We Remember Them.

When we are lost and sick of heart,
We Remember Them.

When we have joys and special celebrations we yearn to share,
We Remember Them.

So long as we live, they too shall live,
for they are part of us,
We Remember Them.

do you remember...

2000 Flashback on

The Aggie Solid Gold Campaign reached new heights with the help of this student organization. These students led the charge in North Carolina A&T State University becoming recognized by espn.com as one of the most exciting basketball atmospheres in the NCAA.

Harrison Auditorium hosted the sneak preview of "Pride" starring Terrence Howard. The movie touched many hearts of the viewers and they sat on their edge of the seats the whole night.

Flava Flav became an honorary Aggie Saturday, October 21, 2006 when he led the Blue and Gold Marching Machine as a Drum Major. He also led the Cold Steel Drumline as an opening act during the Homecoming Concert.

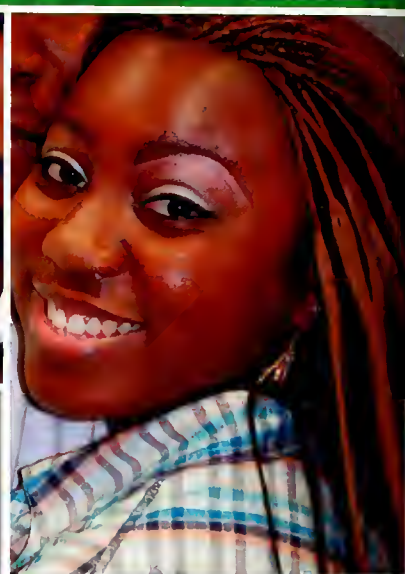

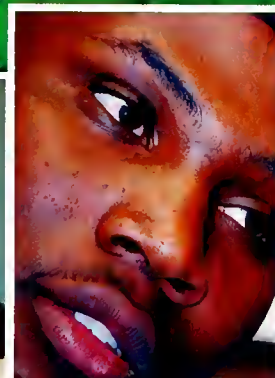

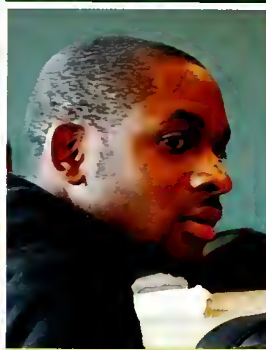

2007

For the first time, freshmen were not allowed to bring their cars to campus. As a result, North Carolina A&T State University and the Greensboro Transit Authority brought HEAT busses to campus. The busses are designed for students in the Greensboro area to get around without cars. All students are allowed to ride the busses for free, not just freshman.

On Jan 31st, the SGA held a celebratory march in honor of the A&T Four Sit-In Movement. Over 100 students marched in silence from the A&T Four statue to the Woolworth's store, which is now a Civil Rights Museum.

ayantee Staff

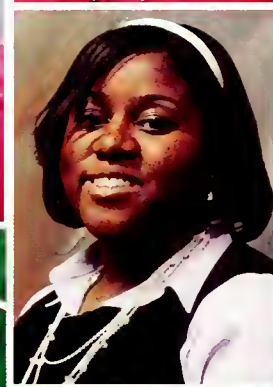

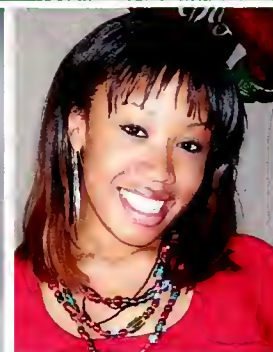

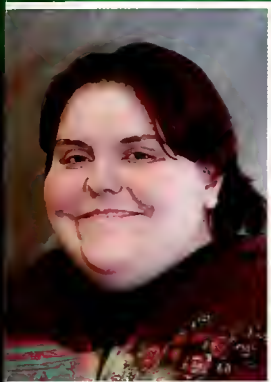

What a yearbook staff we've had this year. These students stayed dedicated from the time they signed on, until the time the school year ended. They've took quality photos, wrote detailed copy, and designed the most creative pages in this world. These people that you see on this page are excellent workers to one cause.

You guys, thanks for being supportive of the vision. Thanks for not being lazy and working at your hardest even when you didn't feel like it. Thanks for bearing with me in the beginning. I wanted to make sure everything was ready for your arrival as new members of the AYANTEE Yearbook Staff. I'm proud to serve as your Editor-in-Chief. You guys are really one of a kind.

Elesia, thanks for coming through for AJ so many times. I remember the day he asked to let you on the staff. All I knew was you were well qualified. Prepare to be a leader in the future. With your skills and creativity, you will go far. Writing

is very important and I think you already knew that. Justin, you wanted to be on the staff for a very long time now. Finally, this year, you got your opportunity. Thanks for the time you devoted on Adobe InDesign. You worked hard to master the program. Keep at it because you will learn more. Novelle, your pictures were wonderful. You should have already been on this staff. Thanks for stepping up as a leader when Brenlyn your Editor needed you. Nenko, you have many skills other than taking photos. Next time, we're gonna have you writing! LOL! Just kidding. Thanks for everything.

Jean, what would yearbook be without you! Thanks for stepping up to the plate. Thanks for all the hugs. Your excitement in the beginning kept you motivated all along. Whitney, you're so quiet in person but on paper, you write amazing words. I was very confident that your writing skills would benefit AYANTEE. Next year, you're gonna have to design too so get ready. Mariko, you did all your work on time. Everytime I gave you something to do, it never took two weeks to get it in. I like your drive. Keep up the good work.

2006-2007

can see you working in PR in the future. Leroy, I'm glad you applied for yearbook. Your pictures were phenomenal. I don't wait to see your work next year. You will make a good writer. If you need any tips, you know where to find me. Aarika, thanks for doing your duties in a timely manner. You surprised me a lot. You have so much potential. Hold on to our personality. Thanks for your dedication. Marsalla, thanks for being humble. I can tell your mamma brought you up right. Thanks for being on the Layout Staff. Thanks for learning iDesign also. I promise it will come in handy again. Last but certainly not least, Michaela. Honestly, if I had to give an award to the staff person of the year, I would give it to you. You are a true example of who should be on the yearbook staff. You took the events that no one wanted to cover. Readers love to see people like you. That's one way you move on in the job world. Your pictures were great too. From the day you helped me cover the march, I could tell you knew how to accept leadership. You listened to every word and that's why you are the Staffer of the Year. Thanks for being

outstanding and giving your time to AYANTEE!

Guys thanks for attending the meetings and going to events to get coverage. I never mind buying pizzas and everything else for you. It was a sacrifice that I wanted to make. If I can help any of you in the future, you know you can call on me. Thanks for listening to your Editors and Dexter when I couldn't be there. We've had good times and bad ones. Just know that we are more than conquerors through him who loved us.

Love Always,
Amanda M. Bazemore
Editor-in-Chief

HOLLYWOOD

presents

Francis Niles as COPY Editor

FRANCIS NILES is:

1. A Junior Majoring in Journalism & Mass Communications
2. Copy Editor for the Ayntee Yearbook
3. Production Engineer at WHA 90.1 FM. (We're on the One)
4. From Los Angeles, California and a graduate of Westchester High School
5. Born September 15, 1986

To My Staff:

This has been a wonderful experience, as the Ayntee Copy Editor. I have not only grown professionally I have grown and learned how to be a better person while serving on this team.

I first would like to thank my staff. Thank you for the help you have given me and the AYNTTEE. You all were dependable and I hope to see you guys around, blossoming into the future leaders of the AYNTTEE, the GOMC department and the school.

Secondly my co-editors Amanda L. Dexter and Brianlyn. It has truly been an experience working with you all and I hope to see all of you back in the fall.

Tish, the wonderful Layout Editor, is someone I would call the MVP of this staff. Without her, to put it plain and simple, this book would have never happened.

Amanda Bozmore is one of the strongest women I know. She is really the leader this staff needed. I sincerely respect her.

Well readers, I will see you all around next year to do this one more time. This will be the closing chapter in my AYNT life therefore. I will put 110 percent into the 2007 - 2008 yearbook.

Branlyn's Message

It has been a full year and I have come to the conclusion that it is a bitter-sweet ending. To all of those who may be in the dark, your yearbook staff has worked exceedingly hard for your 2006-2007 annual. It has been my greatest pleasure to have the opportunity to work with such amazing people.

To my Editor-in-Chief Amanda Baremore, you are nothing short of magnificent. I know I have given you a hard time every now and again, but I also know there would not be a yearbook without your pain, sweat, tears, determination and resilience! To all of my co-editors, it's been a bumpy ride but now that we have had our driver's education lesson, I am looking forward to smooth sailing in 2007-2008! Frances, L.A., Calli, whatever! You are simply wonderful and hilarious! Dex, you are the nature sweetie and for that I will continually treat you like my little brother that gets on my nerves every now and then. Amanda (Mandy) A., you are a child of God and I am going to miss your advice and your insight. Tish, you are the BEST designer on this side of the Mississippi!

To my photography staff, this year would not have been possible for me without you. You all did a job well done and I know you can't wait to see some of your shots in this yearbook. To Ms. Denise Iverson Payne, I thank you for giving us the opportunity to produce something so memorable in the lives of the students here at A&T. It is more than an honor to be a part of a memory that will never fade.

And last but not least, to the student body of North Carolina Agricultural and Technical State University and its graduating class, thank you for creating and being a part of the moments and memories that fill these pages. I hope you enjoy this annual and never forget... "What's that school you represent???? AY-ANN-TEE!"

Logging off...

Branlyn D. Mosby
Photography Editor 2006-2007

Dear Ayantee,

Wow, it's over already. All the gossip, work, and stress, have all become memories. I would like for you all to know that you all have impacted my life dearly- all in your special different ways!

~~Id~~ your off the wall thoughts and moments "Dexter your the fast moving river and Im like the slow moving stream!"

Dexter- your tasteful sense of humor and energetic personality. Amanda ★ I dare anybody to step to her.

Branlyn- "be informed," with your 2 pointing fingers.

Amanda B- O' Ayantee,

Ayantee, Ayantee is my life! "continue to be an inspiration."

Marsalla- I have watched you blossom. continue to grow, because the sky is the limit!

Staff continue to let your light shine through all the madness in the world, shine so BRIGHT that others will want to follow your light! Peace out homies!"

I'M A DAUGHTER, A SISTER,
A SCHOLAR, AND A STRONG
WOMAN.

AMANDA ANDERSON

PUBLIC RELATIONS EDITOR

Amanda is

- A senior majoring in Journalism and Mass Communications with a concentration in Public Relations.
- From Decatur, Georgia
- Contributor to the A&T Register
- Member of the Golden Key Honor Society & Kappa Tau Alpha Honor Society
- Member of the Alpha Mu Chapter of Delta Sigma Theta Sorority Incorporated

Amanda's Interests:

Letting the Lord fight my battles because he will NEVER lose,
Treating people with respect because that's what a virtuous woman would do,
Keeping Jesus in my life, Loving my family and friends, learning,
and striving for an awesome future. And loving all 58 of my lovely line sisters and my incredible big sisters!

Amanda, AYANTEE thanks you for your support and work for this school year. We are very proud of your accomplishments thus far. We know you have a strong future ahead. Keep up the good work and let no one stop you. We wish you much success in your future. Let God guide you always. We are here for you. This page is for you!

~AYANTEE

Dexter Mullins

Assistant to the Editor-in-Chief

To the Ayantee,
I won't do individual names, that will just take the long, and as you guys
know I HATE to waste time with inefficiency. Let me just start by saying
that I am honored to have had the opportunity to work with you all in the
capacity that we did (I don't know how we got anything done) I know I
come in as the "know-it-all" of your group, but I just wanted you all to see me as being
able to handle it and not treat me like a kid. I think I got what I wanted. We went
through a lot together with me quitting every other day and other people picking
up desks and stuff. (you know what I mean) In the end I guess all that really matters
is that we loved each other and we acted like a big family. I don't think Monday night
from 3-4pm will ever be the same for me.

I know I said that I wouldn't name names, but I just thought about something. Remember this?

Tisi: "Can we go to Hanes?" - AJ: "What about Hanes Inn?" - Everybody: "NO!" - AJ:

"The OK I was just saying..." - Brantlyn: "No thing, what you were said was being extort!" - Dexter:

"REALLY EXTRA LIFE ON LIVES THAT PLEASE BUT YOU." Amanda B: "Well, you guys, we have to strategize for this meeting and win. So going to call
Amanda A." Dexter: "Well, I guess I can do it. After all, that's SUPPOSED to be my job. Not like I actually have a definite job ahead of me."

- AJ/Tisi/Brantlyn: "Oh lord, here he goes again. What is my purpose? I don't do anything. Blah blah blah..." Dexter: "Well, (Dexter calls
Amanda A. Amanda A. answers phone)." Amanda A: (whispering) "I'm at work. What's up?" Dexter: "We're going out to eat. Want to go?"

Amanda A: "Sure. Where?" Dexter: "We're going. And I'm AMANDA! WHERE ARE WE GOING? Amanda A: "But it's quarter in the hour."

Hashe: "I love you guys." Dexter: "Assistant to the Editor-in-Chief"

NO ONE!!! LOL

Editor-in-Chief

Father, I owe everything to you! Without you, I would not have made it through every battle stronger than I was before. Thanks for the challenges...I knew now

Liz, see...how do I put this...Yearbook abs look like an orphan baby to me. Since freshman year, I took it under my wings and fashioned it to what it was suppose to be. People helped with the production, but when it was getting no attention from some, I reached out to my baby. I have enjoyed every decent minute working on this book. Although I never got an opportunity to clear out the 2005/2006 Yearbook, I had to guide the new one.

Yeah, we started in the middle of the year. It could have been a lot worse. A great staff was working to help meet my goals that I set for the book. They did challenge me a lot...especially Dexter and Al. What would I do without those two? It didn't matter what I said, they had a question for everything in another class. You guys were the only ones who called me at the worst time of the day, but you guys were so concerned about what I was doing with the book. Dex, you are one of a kind. Thanks for stopping by the office every week before I found out for answers stuff. Keep pushing, learning, and listening because you are going to be the hope for the Class of 2012. You still owe AVANTEE plenty of quarters. Al, you're the best Copy Editor for the AVANTEE this far. You have done more than any other Copy Editor. Yes I can confirm that. Thanks for being you and thanks for listening to me when I tell you about yourself. You have so much potential and I see a good future for you. But don't let anything stop you.

Rah, I love you with all my heart. Your talents are unbelievable. You know I'm so proud of you. Like I said before, you are going to be something special for this generation. Your work is exceptional. Your smile is bright. Thanks for all the laughs. Once again, Jay was as trusted into the right hand. You really improve every year. I don't every stop using your gift of art. Call me when you make millions.

Amanda, congrats again. Thanks for everything. You are so strong. I don't need to give you a motivation speech because how ya carry yourself is a motivation to me. Your words make so much sense when I'm confused about something. I love you so much. You will definitely make it. You are a fighter and you are definitely going far. Don't stop pushing. Keep God always in your heart. I know you will.

Brandon, thanks for giving you team a good leader to follow. Thanks for making me feel that. Yeah, I remember every time. We know how to break down in the room. Thanks for your patience. You are definitely going far. Your photography has improved greatly. Thanks for telling me about the new cameras. Thanks for keeping them safe. I love you.

New Staff, I remember how quiet you guys were at the interest meeting that I conducted by myself. You guys are the best. Thanks for not complaining under the circumstances. There seems to always be some kind of a circumstance. Some of you stepped up to every challenge, others went into hiding. Well, it happens. Just know that I haven't forgotten about those who were 100% dedicated. I love you guys too. If there is anything that you need, call on Jesus!

De Sullivan Withers, I thank God that you are the Vice Chancellor for Student Affairs. Thank you for everything. You made things less complicated. You are the best friend to the AVANTEE Staff.

Arnita, when I was mistreated, you worked it out with De Withers so that I could travel with the SGA. I was fed! Otherwise at first but you knew that my duties were important and but you stepped up for me. Thank you Arnita for every single thing. Thank you for supporting AVANTEE. I'm going to make sure you get your Yearbook. You deserve it and more. I know you were doing your job, but when someone looks out for me, God bless them. I love you so much.

Brandon, thanks for keeping it real. You are so special to me. You're a great friend. You have changed a lot. I knew it and Aggie's will also see it. What would I have done without a friend like you? You knew so much about A&T than she probably knows. You will be the Chancellor. You always made yourself at home in the office. You are one of a kind. Keep God first always because he has something for you that you desire.

Darnita, girl...I'm about to cry now. You just don't know. You helped keep me going. Thanks for stepping by to get me food and everything else. You are the best. If I had one million tongues to say thank you, it would never be enough. I thank God for you. I still can't believe that you can just sit there, listen, and watch me vent to you about my troubles with yearbook. There were just too many. No one should ever go through what AVANTEE goes through. We are going to be friends forever. Thanks for helping me develop ideas and solutions. Thanks for giving me a place to sleep when I needed one. Thanks for being my friend. You know I will always love you and care. No matter how far we may go, in my heart you will always be there. May 2012 is almost here. Let's make the most of next year as Aggie's.

Erika, I remember when we didn't have a yearbook staff and you help me out so much. Thanks for your presence in the office. Thanks for being a listening ear when I was frustrated. Thanks for typing up everything you could. You're the best cousin! I love you so much. Although I encouraged you to pursue other organizations than yearbook, you are an Honorary Yearbook Staff member.

Thanks for learning so much from me. I told you it would help you out in the long run. Thanks hun!

Auntie, what would I do without you? You are the best auntie ever! I mean that. You stuck by me since freshman year and would not let me give this up. Thanks for helping me realize that being Editor was important. Not only so I know about the history of yearbook, but because of you, I knew more about James being on the yearbook staff when he was here. You let me know what important figures should go in the book. Thanks for being my second Mom. You held a big place in my heart. I love you always!

Mem, Dad, and Staci, you guys are my life. Thank you for dropping everything last summer to come up here to see about me. I was the most stressed ever. I knew I was tired of crying. It's not human not to cry. You don't know what I'm feeling. I love you guys with all my heart. I can't wait for you guys to see me walk across that stage. Thanks for supporting me in school and with this yearbook for three years now. We laugh all the time. Sometimes when I'm in this office all day, I think about you guys. We'll put the smiles on my face. Your teachings have guided me through another tough year. I will never forget what you all have done. You've pushed me, stepped me, and loved me. Thanks for raising me the way God told you. Staci, I knew you didn't raise me, but you taught me a lot. I thank God for you three.

Being the Editor-in-Chief of the AVANTEE Yearbook is the most challenging of all. It is also very enjoyable. This book is very special. I owe a lot of people for my success here at A&T. This university will make you learn all you can before you exit for graduation. Thank you Pastor and Senator Robert L. Holloman for inspiring me. It's hard to say goodbye. I will never forget you. I love you too. Nehr and New Holly Grub. No matter how far I may go, in my heart, you'll always be there.

Yearbook has been my heart. That's why you see a heart on this page. I love documenting A&T history. But the best part about it is leading my yearbook staff. Next year, I'll be ready to pass the torch!

My favorite celebrities:

- ▼ Fans mourn Steve Irwin, the Crocodile Hunter, who is killed by a stingray while snorkeling at Australia's Great Barrier Reef.

Crocodile hunter

- Due to the popularity of user-generated websites like MySpace and YouTube, *TIME* magazine's annual person of the year is "You."

- Jessica Simpson's divorce from Nick Lachey is finalized. Romantic rumors link her to skateboarder Bam Margera, NFL quarterback Tony Romo, singer John Mayer and comedian Dane Cook.

- Dynamic music legend James Brown, aka the Godfather of Soul, dies at the age of 73. He is remembered as one of the major musical influences of the past 50 years.

- Shortly after the birth of their second son makes headlines around the world, Britney Spears and Kevin Federline announce the end of their marriage.

- Brad Pitt and Angelina Jolie, also known as "Bradgelina," make headlines when Angelina gives birth to daughter Shiloh in the African nation of Namibia.
